

maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE., Washington, DC 20426.

d. *Applicant:* Goshen Powerhouse, LLC.

e. *Name of Project:* Goshen Powerhouse Hydroelectric Project.

f. *Location:* The proposed Goshen Powerhouse Hydroelectric Project will be located on the Millrace Canal, Elkhart River in Goshen, Elkhart County, Indiana.

g. *Filed Pursuant to:* Section 23(b)(1) of the Federal Power Act, 16 U.S.C. 817(b).

h. *Applicant Contact:* Timothy P. Braun, Registered Agent, Goshen Powerhouse, LLC, 118 East Washington Street, Suite 2, Goshen, IN 46528; Telephone: (574) 537-7300; Fax: (574) 537-7305; e-mail: <http://www.tim.braun@lucidenergy.com>.

i. *FERC Contact:* Any questions on this notice should be addressed to Henry Ecton, (202) 502-8768, or E-mail address: henry.ecton@ferc.gov.

j. *Deadline for filing comments, protests, and motions:* March 4, 2011.

All documents should be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov/docs-filing/efiling.asp>. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and seven copies should be filed with: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. Please include the docket number (DI11-2-000) on any comments, protests, and/or motions filed.

k. *Description of Project:* The proposed Goshen Powerhouse Hydroelectric Project will consist of: (1) An existing mill pond with

approximately 3,100-acre-feet of storage; (2) an existing 12.5 foot high concrete dam with a 200-foot-long ogee spillway; (3) an existing 2-mile-long, 4-to-6-foot-deep, 50-to-200-foot-wide headrace canal; (4) an existing 25-foot-long, 49-foot wide powerhouse, containing a prototype system in which an in-conduit power generating system in a 48-inch steel pipe will be rated at 50-kW, while a second in-conduit power generating system in a 36-inch steel pipe will be rated at 30-kW; (5) a 100-foot-long, 50-foot-wide tailrace discharging water back into the Elkhart River; and (6) appurtenant facilities. The power will be transmitted from the generators to a load base.

When a Declaration of Intention is filed with the Federal Energy Regulatory Commission, the Federal Power Act requires the Commission to investigate and determine if the interests of interstate or foreign commerce would be affected by the proposed project. The Commission also determines whether or not the project: (1) Would be located on a navigable waterway; (2) would occupy or affect public lands or reservations of the United States; (3) would utilize surplus water or water power from a government dam; or (4) if applicable, has involved or would involve any construction subsequent to 1935 that may have increased or would increase the project's head or generating capacity, or have otherwise significantly modified the project's pre-1935 design or operation.

l. *Locations of the Application:* Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or TTY, contact (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, and/or Motions to Intervene—Anyone may submit comments, a protest, and a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211,

.214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, and/or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title “COMMENTS”, “PROTESTS”, AND/OR “MOTIONS TO INTERVENE”, as applicable, and the Docket Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments—Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Dated: February 4, 2011.

n. Scoping Process.

The Commission intends to prepare an Environmental assessment (EA) on the project in accordance with the National Environmental Policy Act. The EA will consider both site-specific and cumulative environmental effects and reasonable alternatives to the proposed action.

Scoping Meetings

Commission staff will conduct one daytime scoping meeting, one evening meeting, and an Environmental Site Review. The daytime scoping meeting will focus on concerns of the resource agencies, non-governmental organizations, and Indian tribes, while the evening scoping meeting is primarily for public input. All interested individuals, organizations, and agencies are invited to attend one or both of the meetings and the environmental site review, and to assist the staff in identifying the scope of the environmental issues that should be analyzed in the EA. The times and locations of these meetings and the Environmental Site Review are as follows:

Daytime Scoping Meeting

Date and Time: Tuesday, March 8, 2011, 2 p.m. CST;

Location: City Council Chamber Room, Quincy City Hall, 720 Maine St., Quincy, IL 62301.

Evening Scoping Meeting

Date and Time: Tuesday, March 8, 2011, 6 p.m. CST;

Location: City Council Chamber Room, Quincy City Hall, 720 Maine St., Quincy, IL 62301.

Copies of the Scoping Document (SD1) outlining the subject areas to be addressed in the EA were distributed to the parties on the Commission's mailing
