

disseminated to all market participants at the same time, it will halt trading in the Shares until such time as the NAV is available to all market participants. Further, the Exchange represents that it may halt trading during the day in which an interruption to the dissemination of the ITV or the value of the underlying futures contracts occurs. If the interruption to the dissemination of the ITV or the value of the underlying futures contracts persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption. In addition, the Web site disclosure of the portfolio composition of the Fund will occur at the same time as the disclosure by the Sponsor of the portfolio composition to Authorized Purchasers (as defined in the Registration Statement) so that all market participants are provided portfolio composition information at the same time. Therefore, the same portfolio information will be provided on the public Web site as well as in electronic files provided to Authorized Purchasers. Accordingly, each investor will have access to the current portfolio composition of the Fund through the Fund's Web site. Lastly, the trading of the Shares will be subject to NYSE Arca Equities Rule 8.200, Commentary .02(e), which sets forth certain restrictions on ETP Holders¹⁷ acting as registered Market Makers¹⁸ in Trust Issued Receipts to facilitate surveillance.

The Exchange has represented that the Shares are deemed equity securities subject to the Exchange's rules governing the trading of equity securities. In support of this proposal, the Exchange has made representations, including the following:

(1) The Fund will meet the initial and continued listing requirements applicable to Trust Issued Receipts in NYSE Arca Equities Rule 8.200 and Commentary .02 thereto.

(2) The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

(3) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable Federal securities laws.

(4) With respect to Fund assets traded on exchanges, not more than 10% of the weight of such assets in the aggregate shall consist of components whose principal trading market is not a

member of the Intermarket Surveillance Group or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement.

(5) Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Specifically, the Information Bulletin will discuss the following: (a) The risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated ITV will not be calculated or publicly disseminated; (b) the procedures for purchases and redemptions of Shares (and that Shares are not individually redeemable); (c) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (d) how information regarding the ITV is disseminated; (e) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (f) trading information.

(6) A minimum of 100,000 Shares will be outstanding as of the start of trading on the Exchange.

(7) With respect to the application of Rule 10A-3 under the Act, the Trust will rely on the exception contained in Rule 10A-3(c)(7).¹⁹

This approval order is based on the Exchange's representations.²⁰

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-NYSEArca-2010-119) be, and it hereby is, approved.

¹⁹ See *supra* notes 9 and 10 and accompanying text.

²⁰ The Commission notes that it does not regulate the market for the futures in which the Fund plans to take positions, which is the responsibility of the CFTC. The CFTC has the authority to set limits on the positions that any person may take in futures on commodities. These limits may be directly set by the CFTC, or by the markets on which the futures are traded. The Commission has no role in establishing position limits on futures in commodities, even though such limits could impact a commodity-based exchange-traded product that is under the jurisdiction of the Commission.

²¹ 15 U.S.C. 78f(b)(2).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²²

Cathy H. Ahn,

Deputy Secretary.
