

**Transportation:** A net increase in vehicle trips and impacts on transportation could be mitigated by the developer through the planned expansion of and updates to existing roadways in the area.

**Storm Water Management:** Storm water mitigation will be outlined by the developer in a storm water management plan, as required by the Town of Brunswick.

**Sediment and Erosion Control:** Redevelopment of NAS Brunswick has the potential to cause soil erosion. The developer will be required to utilize mitigation measures in accordance with Maine's Erosion and Sediment Control Law and other applicable state laws.

**Wetland Impacts:** Implementation of the Preferred Alternative could potentially impact 51 acres of wetlands. In accordance with the Clean Water Act and MNRPA, wetland disturbance must be avoided by the developer where possible. If the developer cannot avoid wetland impacts, a wetland permit application will be required along with any necessary mitigation plan. Any potential impacts on significant vernal pools will require the developer to consult with the Maine Department of Environmental Protection (MDEP) and obtain a MNRPA permit.

**Wildlife Habitat:** Any redevelopment activities that may impact significant wildlife habitat will require the future developer to consult with the MNAP and MEDEP, as well as a permit from the NRPA. The consultation and permit processes will identify specific mitigation measures.

**Response to Comments Received Regarding the FEIS:** The Navy received comments from two agencies on the FEIS, the EPA and the state of Maine SHPO. The EPA recommended the Navy condition property transfer to address storm water management, Energy/LEED, and construction emissions requirements. The Navy expects that redevelopment will follow the Community Design Guidelines from the Reuse Master Plan, and applicable laws and regulations.

The Maine SHPO expressed concerns that the archaeological site at the East Brunswick Radio Transmitter Site was missing from the maps in the FEIS. The location of this site and other archaeological and culturally sensitive resources are identified in the Programmatic Agreement, Appendix O. In order to preserve the sensitivity of the specific site location, the figures and maps are not included; however, they are available to appropriate organizations and agencies.

**Conclusions:** In determining how to dispose of and reuse NAS Brunswick

and its outlying properties, the following factors were considered: the results of the analysis of environmental and socioeconomic effects within the FEIS, relevant federal and state statutes and regulations, Midcoast Regional Redevelopment Authority's design guidelines, compatibility with the Reuse Master Plan and Town of Brunswick Zoning, and the comments received during the EIS process. After carefully weighing all of these factors and analyzing the data presented in the FEIS, the Preferred Alternative best meets the needs of the Navy while minimizing potential environmental impacts. The preferred alternative reuses the existing airfield and existing infrastructure at NAS Brunswick and promotes smart growth redevelopment, including walkable communities in a mix of residential and commercial uses. The preferred alternative preserves open space and provides the community with recreation areas. It provides for the disposal of NAS Brunswick and its outlying properties by the Navy in a manner consistent with Reuse Master Plan and provides the local communities in the Brunswick Labor Market Area with the opportunity for economic development and job creation.

### Notice of Submission for OMB Review

**AGENCY:** Department of Education.

**ACTION:** Comment request.

**SUMMARY:** The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13).

**DATES:** Interested persons are invited to submit comments on or before March 17, 2011.

**ADDRESSES:** Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or e-mailed to [oir\\_submission@omb.eop.gov](mailto:oir_submission@omb.eop.gov) with a

cc: to [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov). Please note that written comments received in response to this notice will be considered public records.

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The OMB is particularly interested in comments which: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

### Office of the Secretary

*Type of Review:* Extension.

*Title of Collection:* U.S. Department of Education Grant Performance Report Form (ED 524B)

*OMB Control Number:* 1894-0003.

*Agency Form Number(s):* Department of Education Form 524 B.

*Frequency of Responses:* Annually.

*Affected Public:* State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

*Total Estimated Number of Annual Responses:* 5,900.

*Total Estimated Annual Burden Hours:* 132,300.

*Abstract:* The ED 524B form and instructions are used in order for grantees to meet Department of Education (ED) deadline dates for submission of performance reports for ED discretionary grant programs. Recipients of multi-year discretionary grants must submit an annual performance report for each year funding has been approved in order to receive a continuation award. The annual performance report should demonstrate whether substantial progress has been made toward meeting

the approved goals and objectives of the project. ED program offices may also require recipients of "forward funded" grants that are awarded funds for their entire multi-year project up-front in a single grant award to submit the ED 524B on an annual basis. In addition, ED program offices may also require recipients to use the ED 524B to submit their final performance reports to demonstrate project success, impact and outcomes. In both the annual and final performance reports, grantees are required to provide data on established performance measures for the grant program (e.g., Government Performance and Results Act measures) and on project performance measures that were included in the grantee's approved grant application. The ED 524B also contains a number of questions related to project financial data such as Federal and non-Federal expenditures and indirect cost information. Performance reporting requirements are found in 34 CFR 74.51, 75.118, 75.253, 75.590 and 80.40 of the Education Department General Administrative Regulations.

*Type of Review:* New.

*Title of Collection:* Evaluation of the Carol M. White Physical Education Program.

*OMB Control Number:* Pending.

*Agency Form Number(s):* N/A.

*Frequency of Responses:* Twice for each collection (raw data and survey).

*Affected Public:* Not-for-profit institutions; State, Local, or Tribal

Government, State Educational Agencies or Local Educational Agencies.

*Total Estimated Number of Annual Responses:* 77.

*Total Estimated Annual Burden Hours:* 154.

*Abstract:* To answer the evaluation questions put forth by U.S. Department of Education (ED) regarding program implementation, partnerships, data use, and student outcomes, the American Institutes for Research proposes a two-phase research design, drawing on survey data to be collected from administrators at Carol M. White Physical Education Program (PEP) projects and analyses of extant student outcome data pertinent to physical activity levels, fitness, and nutrition intake. Findings from this study will provide feedback to both ED and grantees with regard to the performance of the PEP, and will inform future improvements to the program.
