For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851–2908.

#### SUPPLEMENTARY INFORMATION:

*Title:* National Animal Health Monitoring System; Feedlot 2011 Study.  
*OMB Number:* 0579–0079.

*Type of Request:* Reinstatement of an information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) is authorized, among other things, to protect the health of our Nation's livestock and poultry populations by preventing the introduction and interstate spread of serious diseases and pests of livestock and for eradicating such diseases from the United States when feasible.

In connection with this mission, APHIS would like to reinstate the 2011 Feedlot Study, which will be used to collect information to:

- Describe changes in management practices and animal health in feedlots;
- Describe the management practices in feedlots that impact product quality;
- Identify factors associated with shedding of potential foodborne pathogens or commensal organisms by feedlot cattle;
- Describe antimicrobial usage in feedlots; and
- Describe biosecurity practices and capabilities in feedlots.

The Feedlot 2011 study will consist of several on-farm questionnaires that will be administered by APHIS-designated data collectors. The information collected through the Feedlot 2011 study will be analyzed and used to:

- Direct producer education;
- Identify research gaps;
- Facilitate education of future producers and veterinarians;
- Assess quality assurance programs; and
- Help with policy formation.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for 2 years.

The purpose of this notice is to solicit comments from the public (as well as agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.5938775 hours per response.

*Respondents:* Feedlot managers, feedlot owners, feedlot operators.

*Estimated annual number of respondents:* 4,900.

*Estimated annual number of responses per respondent:* 1.

*Estimated annual number of response hours:* 4,900.

*Estimated total annual burden on respondents:* 2,910 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 14th day of February 2011.

#### Request for Comments on the Strategy for American Innovation

**AGENCY:** Office of the Secretary, Department of Commerce.

**ACTION:** Notice and Request for Information; Correction.

**SUMMARY:** On February 4, 2011, the Department of Commerce published a Request for Information (FRI) seeking input on a range of policy matters that can affect our innovativeness and competitiveness but particularly the Administration's Innovation Strategy (see <http://www.Commerce.gov/competes> for a link to the report). Due to an inadvertent error, that RFI contained an incorrect e-mail address where the public may submit comments and an incorrect phone number for the public contact. This notice provides the correct e-mail address and contact phone number. The public may submit e-mail comments to [competitiveness@doc.gov](mailto:competitiveness@doc.gov) and may contact Sabrina L. Montes at 202-482-6495 for any questions on the notice.

**DATES:** Comments must be postmarked or submitted by no later than April 1, 2011.

**ADDRESSES:** You may submit comments, identified by "Innovation Strategy RFI" by any of the following methods:

*E-mail:* [competitiveness@doc.gov](mailto:competitiveness@doc.gov). *Mail:* Office of the Chief Economist, U.S. Department of Commerce, 1401 Constitution Avenue, NW., HCHB Room 4852, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Sabrina L. Montes: e-mail [SMontes@doc.gov](mailto:SMontes@doc.gov); telephone 202-482-6495.

### Foreign-Trade Zones Board

[Docket 10-2011]

#### Foreign-Trade Zone 274—Butte-Silver Bow, MT; Application for Manufacturing Authority REC Silicon (Polysilicon and Silane Gas) Butte, MT

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City and County of Butte-Silver Bow, grantee of FTZ 274, requesting manufacturing authority on behalf of REC Silicon, located in Butte, Montana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 11, 2011.

The REC Silicon facility (300 employees, 3,450 metric ton capacity) is located within Site 1 of FTZ 274. The facility is used for the manufacturing of polysilicon and silane gas for the photovoltaic industry using domestic and imported silicon metal (duty rate 5.3-5.5%). Materials sourced from abroad represent 8% of the value of the finished polysilicon and 5% of the value of the finished silane gas. REC Silicon has indicated that they will not admit foreign status silicon metal subject to antidumping or countervailing duty orders into the facility and would accept a restriction on such admissions.

FTZ procedures could exempt REC Silicon from customs duty payments on the foreign components used in export production. The company anticipates that some 95% of the plant's shipments will be exported. On its domestic sales, REC Silicon would be able to choose the duty rates during customs entry procedures that apply to polysilicon and silane gas (duty rate ranges from duty-free to 3.7%) for the imported silicon metal noted above. FTZ designation would further allow REC Silicon to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 18, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 3, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Elizabeth Whiteman at [Elizabeth.Whiteman@trade.gov](mailto:Elizabeth.Whiteman@trade.gov) or (202) 482-0473.

Dated: February 11, 2011.

[Docket No. 100603239-0275-02]

RIN 0648-XW85

#### Endangered and Threatened Wildlife; 90-Day Finding on a Petition To List Alabama Shad as Threatened or Endangered Under the Endangered Species Act (ESA)

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

**ACTION:** Notice of 90-day petition finding.

**SUMMARY:** We (NMFS) announce a 90-day finding on a petition to list Alabama shad (*Alosa alabamae*) as threatened or endangered and designate critical habitat under the ESA. We find that the petition does not present substantial scientific or commercial information indicating that the petitioned actions may be warranted.

**ADDRESSES:** Copies of the petition and related materials are available upon request from the Assistant Regional Administrator, Protected Resources Division, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701, or on the NMFS Southeast Region's Web site at <http://>
