Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Social Impacts of the Implementation of a Catch Shares Program in the Mid-Atlantic.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for approval of a new information collection).

Number of Respondents: 270.

Average Hours per Response: 25 minutes.

Burden Hours: 113.

Needs and Uses: This is a request for approval of a new information collection. Social Impact Assessment (SIA) is required in fisheries under both the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*).

The required information is used to evaluate the impacts of the proposed activity on fishermen still involved in fishing since catch shares were implemented. In promulgating and issuing regulations, National Marine Fisheries Service (NMFS) must determine the relative impacts of different management measures.

Amendment 16 to the Multispecies (groundfish) Fishery Management Plan, implemented on May 1, 2010, is the largest catch share program in number of permit holders that has ever been implemented in the U.S., and includes

17 group quota or 'sector' allocations. More catch share plans are in discussion for the Northeast within the next several years. NMFS is required to assess the impact of these plans as well as their impacts relative to other management measures in place in the Northeast.

This research aims to study the immediate post-implementation effects on fishermen in the groundfish fishery and those that have already exited the fishery in the Mid-Atlantic, as well as provide a baseline for other fisheries prior to any implementation of additional catch share programs.

Affected Public: Business or other for-profit organizations.

Frequency: One-time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2012 Economic Census General Classification Report.

OMB Control Number: 0607-0924.

Form Number(s): NC-99023.

Type of Request: Reinstatement, with change, of an expired collection.

Burden Hours: 16,667.

Number of Respondents: 100,000.

Average Hours Per Response: 10 minutes.

Needs and Uses: The Economic Census and current business surveys

represent the primary source of facts about the structure and function of the U.S. economy, providing essential information to government and the business community in making sound decisions. This information helps build the foundation for the calculation of Gross Domestic Product (GDP) and other economic indicators. Crucial to its success is the accuracy and reliability of the Business Register data, which provides the Economic Census and current business surveys with their establishment lists.

Critical to the quality of data in the Business Register is that establishments are assigned an accurate economic classification, based on the North American Industry Classification System (NAICS). The primary purpose of the "2012 Economic Census General Classification Report" or NC-99023, is to meet this need.

New businesses are assigned NAICS codes by the Social Security Administration (SSA); however, many of these businesses cannot be assigned detailed NAICS codes, because insufficient data are provided by respondents on the Internal Revenue Service (IRS) Form SS-4. This report, conducted in fiscal years 2012 and 2013, will mail approximately 100,000 businesses per year that are unclassified or have been partially classified. Businesses selected for the sample will be asked to provide data on primary business activity in order to assign proper industry classification, thus maintaining proper coverage of the business universe.

There are few changes to the NC-99023 form since the last request was submitted for an OMB clearance in 2006. Changes will be made to the wording and organization of existing economic activity descriptions. Also, for the first time, respondents will have the option to report electronically via the Internet.

The NC-99023 form will be used to update the classification codes contained in the Business Register, ensuring establishments will be tabulated in the correct detailed industry for the 2012 Economic Census and in succeeding economic surveys. Information obtained from these establishments will also be included in the Census Bureau's County Business Patterns (CBP) publications. CBP publications provide annual data on establishment counts, employment, and payroll for all sectors of the economy at national, State, and county levels. The failure to collect this information will have an adverse effect on the quality and usefulness of economic statistics provided by the Census Bureau.

Affected Public: Business or other for-profit organizations; Not-for-profit institutions.

Frequency: Every 5 years.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 131 and 224.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Dated: February 15, 2011.

SUPPLEMENTARY INFORMATION:

Amendment to the Final Results

In accordance with sections 751(a) and 777(i)(1) of the Tariff Act of 1930, as amended, (the Act), on January 5, 2011, the Department issued its final results in the administrative review of the antidumping duty order on stainless steel sheet and strip in coils (S4 in coils)

from Mexico, covering the period July 1, 2008, to June 30, 2009. The final results were subsequently released to all parties in the proceeding, and published in the **Federal Register** on January 13, 2011. *See Stainless Steel Sheet and Strip in Coils from Mexico; Final Results of Antidumping Duty Administrative Review*, 76 FR 2332 (January 13, 2011) (S4 from Mexico 2008-2009 Final Results). On January 14, 2011, and pursuant to 19 CFR 351.224(c)(2), we received a timely-filed allegation from the respondent in this administrative review, ThyssenKrupp Mexinox S.A. de C.V. (Mexinox SA) and Mexinox USA, Inc. (Mexinox USA) (collectively referred to as Mexinox), that the Department made ministerial errors with respect to several aspects of Mexinox's margin calculation. *See* Letter from Mexinox to the Department of Commerce, titled "Ministerial Error Comments," dated January 14, 2011 (Mexinox Ministerial Letter). On January 20, 2011, we received comments from Allegheny Ludlum Corporation, AK Steel Corporation, and North American Stainless (collectively referred to as petitioners) regarding the ministerial errors alleged by Mexinox. *See* Letter from petitioners to the Department of Commerce, regarding "Response to Mexinox's Ministerial Error Allegations," dated January 20, 2011 (Petitioners' Response Letter). For a discussion of the Department's analysis of the allegations in the Mexinox Ministerial Letter and rebuttal comments in the Petitioners' Response Letter, *see* Memorandum from Patrick Edwards and Brian Davis, Case Analysts, through Angelica Mendoza, Program Manager, to Richard Weible, Office Director, entitled, "Ministerial Errors Allegation in the Final Results of the Antidumping Duty Administrative Review of Stainless Steel Sheet and Strip in Coils from Mexico: ThyssenKrupp Mexinox S.A. de C.V.," dated February 14, 2011 (Ministerial Error Allegation Memo).

A ministerial error, as defined at section 751(h) of the Act, includes "errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which {the Department} considers ministerial." *See also* 19 CFR 351.224(f). In its Ministerial Letter, Mexinox alleges that the Department made five ministerial errors in calculating Mexinox's antidumping duty margin. First, Mexinox alleges that the Department made a ministerial error by incorrectly placing a parenthesis in its calculation of cost of goods sold to
