AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* February 24, 2011.

FOR FURTHER INFORMATION CONTACT:

Scott Lindsay, Lingjun Wang, or David Lindgren, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0780, (202) 482-2316, and (202) 482-3870, respectively.

Background

On December 23, 2009, the Department of Commerce (Department) published the initiation of the 2008-2009 administrative review of fresh garlic from the People's Republic of China. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 68229, 68230-68231 (December 23, 2009). On December 22, 2010, the Department published the preliminary results of this antidumping duty administrative review. *See Fresh Garlic from the People's Republic of China: Preliminary Results of, Partial Rescission of, and Intent to Rescind, in Part, the 15th Antidumping Duty Administrative Review*, 75 FR 80458 (December 22, 2010) (*Preliminary Results*). The period of review for this administrative review is November 1, 2008, through October 31, 2009. The final results are currently due on April 21, 2011.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), provides that the Department will issue the final results in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results are published. However, the Department may extend the deadline for completion of the final results of an administrative review to 180 days if it determines it is not practicable to complete the review within the foregoing time period. *See* section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

The Department determines that it is not practicable to complete the final results of this administrative review by the current deadline of April 21, 2011. Specifically, the Department requires additional time to conduct verification and analyze issues raised by interested parties. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department has decided to extend the time limit for the final results from 120 days to 180 days; the final results will now be due no later than June 20, 2011. This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 15, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUMMARY: Pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216 and 351.221(c)(3), the Department of Commerce (the Department) is initiating a changed-circumstances review of the antidumping duty order on ball bearings and parts thereof from Germany with respect to Schaeffler Technologies GmbH & Co. KG (Schaeffler Technologies).

DATES: *Effective Date:* February 24, 2011

FOR FURTHER INFORMATION: Thomas Schauer or Richard Rimlinger, AD/CVD

Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0410 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published an antidumping duty order on ball bearings and parts thereof from Germany on May 15, 1989. *See Antidumping Duty Orders: Ball Bearings, Cylindrical Roller Bearings, and Spherical Plain Bearings and Parts Thereof From the Federal Republic of Germany*, 54 FR 20900 (May 15, 1989). On June 30, 2010, we initiated an administrative review of the order on ball bearings and parts thereof from Germany covering the period May 1, 2009, through April 30, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 37759 (June 30, 2010). After analysis of the quantity and value of the sales of ball bearings and parts thereof from Germany during the 2009-10 period of review, we selected Schaeffler KG as a respondent for individual examination. *See* the Memorandum to Laurie Parkhill entitled "Ball Bearings and Parts Thereof from Germany—Selection of Respondents" dated August 18, 2010, on the record of the 2009-10 review. On January 14, 2011, Schaeffler Technologies requested that the Department conduct a changed-circumstance review to determine that Schaeffler Technologies is the successor-in-interest to Schaeffler KG.

Scope of the Order

The products covered by the order are ball bearings and parts thereof. These products include all antifriction bearings that employ balls as the rolling element. Imports of these products are classified under the following categories: Antifriction balls, ball bearings with integral shafts, ball bearings (including radial ball bearings) and parts thereof, and housed or mounted ball bearing units and parts thereof.

Although the HTSUS item numbers above are provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

The size or precision grade of a bearing does not influence whether the bearing is covered by the order. The order covers all the subject bearings and parts thereof (inner race, outer race, cage, rollers, balls, seals, shields, etc.) outlined above with certain limitations. With regard to finished parts, all such parts are included in the scope of the order. For unfinished parts, such parts are included if they have been heat-treated or if heat treatment is not required to be performed on the part. Thus, the only unfinished parts that are not covered by the order are those that will be subject to heat treatment after importation. The ultimate application of a bearing also does not influence whether the bearing is covered by the order. Bearings designed for highly specialized applications are not excluded. Any of the subject bearings, regardless of whether they may ultimately be utilized in aircraft, automobiles, or other equipment, are within the scope of the order.

For a list of scope determinations which pertain to the order, see the "Memorandum to Laurie Parkhill" regarding scope determinations for the 2008–09 reviews, dated April 21, 2010, which is on file in the Central Records Unit of the main Department of Commerce building, room 7046, in the General Issues record (A–100–001).

Initiation of Changed-Circumstances Review

Pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), the Department will conduct a changed-circumstances review upon receipt of information concerning, or a request from an interested party for a review of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. Based on the information Schaeffler Technologies submitted in its January 14, 2011, letter, we find that we have

received information which shows changed circumstances sufficient to warrant initiation of such a review in order to determine whether Schaeffler Technologies is the successor-in-interest to Schaeffler KG. See 19 CFR 351.216(d). Therefore, in accordance with the above-referenced statute and regulation, the Department is initiating a changed-circumstances review.

Because we are currently conducting the 2009–10 administrative review of this order and Schaeffler KG is subject to the review, we will conduct the changed-circumstances review in the context of the 2009–10 administrative review. We intend to issue the preliminary results of the changed-circumstances review when we issue the preliminary results of the 2009–10 administrative review; we intend to issue the final results of the changed-circumstances review when we issue the final results of the 2009–10 administrative review. During the course of this review, we will not change the cash-deposit requirements for the subject merchandise. The cash-deposit rate will be altered, if warranted, pursuant only to the final results of the changed-circumstances and/or administrative review.

This notice of initiation is in accordance with section 751(b)(1) of the Act and 19 CFR 351.221(b)(1).

Dated: February 16, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China: Extension of Time Limit for the Preliminary Results of the 2009–2010 Administrative Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Frances Veith or Demitrios Kalogeropoulos, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, *telephone:* (202) 482–4295 or (202) 482–2623, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 28, 2010, the Department of Commerce ("the Department") initiated the administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China ("PRC") for the period June 1, 2009, through May 31, 2010. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 75 FR 44224 (July 28, 2010). The preliminary results are currently due no later than March 2, 2011.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination in an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

Extension of Time Limit of Preliminary Results

The Department finds it is not practicable to complete the preliminary results of this review within the original time limit because we require additional time to analyze questionnaire and supplemental questionnaire responses, to issue additional supplemental questionnaires if necessary, and to evaluate the most appropriate surrogate values on the administrative record to use in this segment of the proceeding. Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review by the full 120 days allowed under section 751(a)(3)(A) of the Act. An extension of 120 days from this revised deadline would result in a new deadline of June 30, 2011, for the publication of the preliminary results. The final results continue to be due 120 days after the publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.
