BILLING CODE 7710-12-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 60, 61, and 63

[EPA-R07-OAR-2010-0908; FRL-9271-6]

Delegation of Authority to the States of Iowa; Kansas; Missouri; Nebraska; Lincoln-Lancaster County, NE; and City of Omaha, NE, for New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP) Including Maximum Achievable Control Technology (MACT) Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Delegation of authority.

SUMMARY: The States of Iowa, Kansas, Missouri, and Nebraska and the local agencies of Lincoln-Lancaster County, Nebraska, and the city of Omaha, Nebraska, have submitted updated regulations for delegation of EPA authority for implementation and enforcement of NSPS, NESHAP, and MACT standards. The submissions cover new EPA standards and, in some instances, revisions to standards previously delegated. EPA's review of the pertinent regulations shows that they contain adequate and effective procedures for the implementation and enforcement of these Federal standards. This action informs the public of delegations to the above-mentioned agencies.

DATES: This delegation of authority is effective on February 28, 2011. The dates of delegation can be found in the **SUPPLEMENTARY INFORMATION** section of this document.

ADDRESSES: Copies of documents relative to this action are available for public inspection during normal

business hours at the Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101. The interested persons wanting to examine these documents should make an appointment with the office at least 24 hours in advance.

Effective immediately, all notifications, applications, reports, and other correspondence required pursuant to the newly delegated standards and revisions identified in this document must be submitted with respect to sources located in the jurisdictions identified in this document, to the following addresses:

Iowa Department of Natural Resources, Air Quality Bureau, 7900 Hickman Road, Suite 1, Windsor Heights, Iowa 50324.

Kansas Department of Health and the Environment, Bureau of Air, 1000 SW. Jackson St., Ste. 310, Topeka, Kansas 66612-1367.

Missouri Department of Natural Resources, Air Pollution Control Program, P.O. Box 176, Jefferson City, Missouri 65102-0176.

Nebraska Department of Environmental Quality, Air Quality Division, 1200 "N" Street, Suite 400, P.O. Box 98922, Lincoln, Nebraska 68509.

Lincoln-Lancaster County Health Department, Division of Environmental Public Health, Air Quality Section, 3140 "N" Street, Lincoln, Nebraska 68510.

City of Omaha, Public Works Department, Air Quality Control Division, 5600 South 10th Street, Omaha, Nebraska 68107.

Duplicates of required documents must also continue to be submitted to the EPA Regional Office at the above address.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth Kramer at (913) 551-7186, or by e-mail at kramer.elizabeth@epa.gov.

SUPPLEMENTARY INFORMATION: The supplementary information is organized in the following order:

What does this action do?
 What is the authority for delegation?
 What does delegation accomplish?
 What has been delegated?
 What has not been delegated?
 List of Delegation Tables
 Table I—NSPS, 40 CFR part 60
 Table II—NESHAP, 40 CFR part 61
 Table III—NESHAP, 40 CFR part 63

What does this action do?

The EPA is providing notice of an update to its delegable authority for implementation and enforcement of the Federal standards shown in the tables below to the States of Iowa, Kansas,

Missouri, and Nebraska. This action updates the delegation tables previously published at 72 FR 60561 (October 25, 2007). The EPA has established procedures by which these agencies are automatically delegated the authority to implement the standards when they adopt regulations which are identical to the Federal standards. We then periodically provide notice of the new and revised standards for which delegation has been given. This notice does not affect or alter the status of the listed standards under State or Federal law.

What is the authority for delegation?

1. Section 111(c)(1) of the Clean Air Act (CAA) authorizes EPA to delegate authority to any State agency which submits adequate regulatory procedures for implementation and enforcement of the NSPS program. The NSPS are codified at 40 CFR part 60.

2. Section 112(l) of the CAA and 40 CFR part 63, subpart E, authorizes the EPA to delegate authority to any State or local agency which submits adequate regulatory procedures for implementation and enforcement of emission standards for hazardous air pollutants. The hazardous air pollutant standards are codified at 40 CFR parts 61 and 63, respectively.

What does delegation accomplish?

Delegation confers primary responsibility for implementation and enforcement of the listed standards to the respective State and local air agencies. However, EPA also retains the concurrent authority to enforce the standards.

What has been delegated?

Tables I, II, and III below list the delegated standards. Each item listed in the Subpart column has two relevant dates listed in each column for each State. The first date in each block is the reference date to the CFR contained in the State rule. In general, the State or local agency has adopted the applicable standard through the date as noted in the table. The second date is the most recent effective date of the State agency rule for which the EPA has granted the delegation. This notice specifically addresses revisions to the columns for Iowa, Kansas, Missouri, and Nebraska and the local agencies of Lincoln-Lancaster County, Nebraska, and the city of Omaha, Nebraska.

What has not been delegated?

1. The EPA regulations effective after the first date specified in each block have not been delegated, and authority

for implementation of these regulations is retained solely by EPA.

2. In some cases, the standards themselves specify that specific provisions cannot be delegated. In such cases, a specific section of the standard details what authorities can and cannot be delegated. You should review the applicable standard in the CFR for this information.

3. In some cases, the State rules do not adopt the Federal standard in its

entirety. Each State rule (available from the respective agency) should be consulted for specific information.

4. In some cases, existing delegation agreements between the EPA and the agencies limit the scope of the delegated standards. Copies of delegation agreements are available from the State agencies, or from this office.

5. With respect to 40 CFR part 63, subpart A, General Provisions (see Table III), the EPA has determined that

sections 63.6(g), 63.6(h)(9), 63.7(e)(2)(ii) and (f), 63.8(f), and 63.10(f) cannot be delegated. Additional information is contained in an EPA memorandum titled "Delegation of 40 CFR Part 63 General Provisions Authorities to State and Local Air Pollution Control Agencies" from John Seitz, Director, Office of Air Quality Planning and Standards, dated July 10, 1998.

* At this time, Missouri is temporarily not accepting delegation for area source NESHAP requirements (40 CFR Part 63, Subparts 5W–6Y) within the State of Missouri as described in an August 24, 2010 letter from MDNR to the U.S. EPA, Region 7.

Summary of This Action

All sources subject to the requirements of 40 CFR parts 60, 61, and 63 are also subject to the equivalent requirements of the above-mentioned State or local agencies.

This notice informs the public of delegations to the above-mentioned agencies of the above-referenced Federal regulations.

List of Subjects

40 CFR Part 60

Administrative practice and procedure, Air pollution control,

Reporting and recordkeeping requirements.

40 CFR Part 61

Air pollution control, Hazardous substances, Reporting and recordkeeping requirements.

40 CFR Part 63

Administrative practice and procedure, Air pollution control, Reporting and recordkeeping requirements.

Authority

This notice is issued under the authority of sections 101, 110, 112, and 301 of the CAA, as amended (42 U.S.C. 7401, 7410, 7412, and 7601).

Dated: February 16, 2011.

Karl Brooks,

Regional Administrator, Region 7.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

49 CFR Part 177

[Docket No. PHMSA-2010-0221 (HM-256)]

RIN 2137-AE63

Hazardous Materials: Limiting the Use of Electronic Devices by Highway

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Final rule.

SUMMARY: The Pipeline and Hazardous Materials Safety Administration (PHMSA) is prohibiting texting on electronic devices by drivers during the operation of a motor vehicle containing a quantity of hazardous materials requiring placarding or any quantity of a select agent or toxin listed in the Department of Health and Human Services "Select Agents and Toxins" regulations. Additionally, in accordance with requirements adopted on September 27, 2010 by the Federal Motor Carrier Safety Administration (FMCSA), motor carriers are prohibited from requiring or allowing drivers of covered motor vehicles to engage in texting while driving. This rulemaking improves the health and safety on the Nation's highways by reducing the prevalence of distracted driving-related crashes, fatalities, and injuries involving drivers of commercial motor vehicles.

DATES: This final rule is effective March 30, 2011.

ADDRESSES: For access to the docket to read background documents, including those referenced in this document, or to read comments received, go to <http://www.regulations.gov> at any time and insert PHMSA-2010-0221 in the "Keyword" box, and then click "Search." You may also view the docket online by visiting the Docket Management Facility in Room W12-140, DOT Building, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m. E.T., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Ben Supko, Office of Hazardous Materials Standards, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION:

I. Background

A. US DOT Strategy

The United States Department of Transportation (US DOT) is leading the effort to end the dangerous practice of distracted driving on our nation's roadways and in other modes of transportation. Driver distraction can be defined as the voluntary or involuntary diversion of attention from the primary driving tasks due to an object, event, or person that shifts the attention away from the fundamental driving task. The US DOT has identified three main types of distraction that occur while operating a motor vehicle:

1. Visual—taking your eyes off of the road;
2. Manual—taking your hands off of the wheel; and
3. Cognitive—taking your mind off of driving.

The US DOT is working across the spectrum with private and public entities to address distracted driving, and will lead by example. The individual agencies of the US DOT are working together to share knowledge, promote a greater understanding of the issue, and identify additional strategies to end distracted driving. Additionally, the majority of the 50 States have forbidden texting while driving any motor vehicle. See US DOT Distracted Driving Web site, <http://www.distraction.gov>; see also Insurance Institute for Highway Safety Web site, <http://www.iihs.org/>.

B. NPRM

On September 27, 2010, PHMSA proposed to limit the dangerous practice of texting on electronic devices by drivers during the operation of a motor

vehicle containing a quantity of hazardous materials requiring placarding under part 172 of the 49 CFR or any quantity of a select agent or toxin listed in 42 CFR part 73. PHMSA received one comment in response to the NPRM. Generally, the commenter expresses support for PHMSA's efforts, but requests expansion of the proposed texting limitation to include any person being paid to drive any type of vehicle. Additionally, the commenter suggests that PHMSA prohibit the use of any type of electronic device while driving. The comment is discussed in more detail in the Section-by-Section and Discussion of Comments sections of this final rule.

C. FMCSA Rules and Definitions

1. Final Rule

On September 27, 2010 the Federal Motor Carrier Safety Administration published a final rule to codify requirements to limit the use of wireless communication devices by commercial motor vehicle (CMV) drivers. FMCSA's final rule adopts a prohibition consistent with requirements originally proposed and considers comments submitted in response to the original NPRM issued on April 1, 2010 under Docket FMCSA-2009-0370 (75 FR 16391). The final rule prohibits texting by CMV drivers operating in interstate commerce and imposes sanctions for drivers that fail to comply. Most directly applicable to this final rule, the FMCSA final rule adopts requirements prohibiting texting on electronic devices by drivers transporting a quantity of hazardous materials requiring placarding under part 172 of the 49 CFR or any quantity of a select agent or toxin listed in 42 CFR part 73. In the rule FMCSA clearly indicates that its authority to regulate hazardous materials is limited to CMV drivers operating in interstate commerce. Additionally, the FMCSA final rule cites numerous studies evaluating the dangers of various forms of distracted driving.

2. Notice of Proposed Rulemaking

On April 1, 2010, FMCSA published a Notice of Proposed Rulemaking in the **Federal Register** (75 FR 16391). FMCSA reviewed the over 400 public comments submitted in response to the proposed rule. Changes resulting from FMCSA's comment evaluation are fully described in the preamble of the FMCSA final rule published in the **Federal Register** on September 27, 2010 (75 FR 59118; 59125).
