SUPPLEMENTARY INFORMATION: On February 17, 2011, the Postal Service filed notice with the Commission of changes in rates of general applicability and concomitant classification changes for a competitive product pursuant to 39

Regional Ground service targets higher-volume business-to-consumer Parcel Select packages delivered within the first three postal zones (300 miles) from origin. Origin Network Distribution Center and Sectional Center Facility prices are planned for packages up to 5 pounds and up to 0.35 cubic feet. To qualify for this service, a mailer must mail 10,000 Regional Ground pieces per year. The Postal Service includes five attachments with its Notice in support of Regional Ground service.

- Certification of Governors' Vote in the Governors' Decision No. 11-2;
- Proposed Mail Classification Schedule language; and
- Application of the United States Postal Service for Non-Public Treatment of Materials. An unredacted copy of certain materials also has been filed with the Commission.

The Commission establishes Docket No. CP2011-60 for consideration of matters related to the proposed Regional Ground price category identified in the Postal Service's Notice.
