

B. Self-Regulatory Organization's Statement on Burden on Competition

The MSRB does not believe the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change would make the information and documents collected by the SHORT System available to all persons on an equal and non-discriminatory basis. The information and documents provided through the subscription service would be available to all subscribers simultaneously with the availability of the information and documents through the EMMA Web portal. In addition to making the information and documents available for free on the EMMA Web portal to all members of the public, the MSRB would make the information and documents collected by the SHORT System available by subscription on an equal and non-discriminatory basis without imposing restrictions on subscribers from, or imposing additional charges on subscribers for, re-disseminating such information and documents or otherwise adding value-added services and products based on such information and documents on terms determined by each subscriber.⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63959; File No. SR-NASDAQ-2011-031]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding the NASDAQ Order Imbalance Snapshot

February 24, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on February 23, 2011, The NASDAQ Stock Market LLC (the "Exchange" or "NASDAQ") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing this proposed rule change regarding the NASDAQ Order Imbalance Snapshot, a data feed of electronic messages for newswire providers to monitor the NASDAQ Opening Cross, Closing Cross, IPO Cross and Halt Cross. The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com/>, at NASDAQ's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ facilitates participation in electronic auctions by disseminating the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

⁵ The MSRB notes that subscribers may be subject to proprietary rights of third parties in information provided by such third parties that is made available through the subscription.

Order Imbalance Indicator, a data feed containing information regarding the status of the NASDAQ book just prior to a crossing auction. The data contained in the Order Imbalance Indicator is set forth in NASDAQ Rules governing the crosses for the Opening Cross (Rule 4752), Halt/IPO Cross (Rule 4753), and Closing Cross (Rule 4754).

The NASDAQ Order Imbalance Snapshot ("NOIS") is a separate service that provides a snapshot version of the Order Imbalance Indicator that is streamlined and filtered for use by newswire services. Rather than providing continuous order imbalance data, NOIS provides the data for certain stocks at selected time intervals in a format designed to optimize systems used by newswire providers. In other words, NOIS contains a subset of information already approved to be disseminated via the Order Imbalance Indicator.

Specifically, for the NASDAQ Opening and Closing Crosses, NOIS disseminates messages only for exchange-listed securities that show an imbalance shares amount equal to or more than 50,000 shares. For those messages NOIS disseminates, the message includes all imbalance information set forth in the Order Imbalance Indicator set forth in NASDAQ Rule 4752(a), 4753(a), and 4754(a). NOIS disseminates messages for securities listed on any national securities exchange, not just those listed on NASDAQ.

For NASDAQ IPO Crosses, NOIS messages are disseminated approximately 3 minutes and 13 minutes after the "Trading Action—Quote Resumption" message, which signals imminent launch of trading, is disseminated for the issue. NOIS will also disseminate a message if the quotation window is extended for the IPO security. There is no share size filter for the IPO cross. NASDAQ currently disseminates IPO Cross messages only for NASDAQ-listed securities.

For the NASDAQ Halt Cross, which NASDAQ uses to release securities subject to a regulatory trading halt or single security trading pause, NOIS messages will be disseminated approximately 3 minutes after the "Trading Action—Quote resumption" message is transmitted for the issue. NOIS will also disseminate a message if the quotation window is extended for the halted or paused security. There is no share size filter for the Halt cross. For the Halt Cross, NOIS disseminates messages for NASDAQ-listed issues only.

NOIS data elements are disseminated to newswires for further dissemination

to newswire subscribers. Therefore, the NOIS feed is not directly actionable by investors for quoting, order entry or trade execution.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general and with Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

In adopting Regulation NMS, the Commission granted self-regulatory organizations and broker-dealers increased authority and flexibility to offer new and unique market data to the public. It was believed that this authority would expand the amount of data available to consumers, and also spur innovation and competition for the provision of market data. Nasdaq believes that this proposal is in keeping with those principles by promoting increased transparency through the dissemination of more useful proprietary data and also by clarifying its availability to market participants.

Additionally, NASDAQ is making a voluntary decision to make this data available. NASDAQ is not required by the Exchange Act in the first instance to make the data available, unlike the best bid and offer which must be made available under the Act. NASDAQ chooses to make the data available as proposed in order to improve market quality, to attract order flow, and to increase transparency. Once this filing becomes effective, NASDAQ will be required to continue making the data available until such time as NASDAQ changes its rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. NASDAQ provides routing services in a highly competitive market in which participants may avail themselves of a wide variety of routing options offered

by self-regulatory organizations, alternative trading systems, other broker-dealers, market participants' own proprietary routing systems, and service bureaus. In such an environment, system enhancements such as the changes proposed in this rule filing do not burden competition, because they can succeed in attracting order flow to NASDAQ only if they offer investors higher quality and better value than services offered by others. Encouraging competitors to provide higher quality and better value is the essence of a well-functioning competitive marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–63958; File No. SR–Phlx–2011–24]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX LLC Relating to Rebates and Fees for Adding and Removing Liquidity in Select Symbols

February 24, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on February 17, 2011, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the options in Section I of the Exchange's Fee Schedule titled “Rebates and Fees for Adding and Removing Liquidity in Select Symbols.”

While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on March 1, 2011.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the list of symbols³ applicable to the Exchange's Rebates and Fees for Adding and Removing Liquidity in Select Symbols in Section I of the Fee Schedule in order to attract additional order flow to the Exchange.

The Exchange displays a list of Select Symbols in its Fee Schedule at Section I, “Rebates and Fees for Adding and Removing Liquidity in Select Symbols,” that are subject to the rebates and fees in that section. Among those symbols is BP p.l.c. Common Stock (“BP”). The Exchange is proposing to remove BP from the list of Select Symbols in Section I. The Exchange is also proposing to add PowerShares DB US Dollar Index Bullish (“UUP”) to the list of Select Symbols in Section I.

While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on March 1, 2011.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities.

The Exchange believes that it is reasonable to remove BP from its list of Select Symbols and add UUP to its list of Select Symbols to attract additional order flow to the Exchange.

The Exchange believes that it is equitable to amend the list of Select Symbols by removing BP and adding UUP because the list of Select Symbols would apply uniformly to all categories of participants in the same manner. All market participants who trade the Select Symbols would be subject to the rebates and fees in Section I of the Fee Schedule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

³ The symbols (“Select Symbols”) are listed in Section I of the Fee Schedule.
