SUPPLEMENTARY INFORMATION:

I. Background

The Advisory Panel on Medicare Education (APME) was established in January 1999 in accordance with section 9(a)(2) of the Federal Advisory Committee Act (FACA), which authorizes the Secretary of Health and Human Services (the Secretary) to establish an advisory panel if the Secretary determines that the panel is “in the public interest in connection with the performance of duties imposed * * * by law.” Such duties are specifically imposed by section 1804 of the Social Security Act (the Act), requiring the Secretary to provide informational materials to Medicare beneficiaries about the Medicare program, and section 1851(d) of the Act, requiring the Secretary to provide for “activities * * * to broadly disseminate information to [M]edicare beneficiaries * * * on the coverage options provided under [Medicare Advantage] in order to promote an active, informed selection among such options.”

The APME was also authorized by section 1114(f) of the Act (42 U.S.C. 1314(f)) and section 222 of the Public Health Service Act (PHSA) (42 U.S.C. 217a). The Secretary signed the charter establishing the APME on January 21, 1999 (64 FR 7899, February 17, 1999).

II. Provisions of This Notice

A. Renewal, Renaming, and Amendment of the APOE

Over the last decade, the role of the APME in advising the Secretary and CMS on Medicare education activities has contributed to the overall improved understanding by beneficiaries of original Medicare, Medicare Advantage (MA), and Medicare Prescription Drug plans. With enactment of the health care reform provisions of the Patient Protection and Affordable Care Act (Pub. L. 111–148) as amended by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) (these two public laws are collectively referred to as the Affordable Care Act), we realized that the usefulness of this FACA group could be expanded to assist the Secretary and CMS with responsibilities under the Medicaid and CHIP programs. Pursuant to the charter approved on January 21, 2011, the APME was renewed, expanded, and renamed to reflect this broader scope of responsibilities. The renamed Advisory Panel on Outreach and Education (APOE) will advise the Department of Health and Human Services and CMS on developing and implementing education programs that support individuals with or who are eligible for Medicare, Medicaid and the Children’s Health Insurance Program (CHIP) about options for selecting health care coverage under these and other programs envisioned under health care reform to ensure improved access to quality care, including prevention services. The expansion of this FACA group will also include advising on education of providers and stakeholders with respect to health care reform and certain provisions of the Health Information Technology for Economic and Clinical Health (HITECH) Act enacted as part of the American
