

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Non-Commercial Permit and Reporting Requirements in the Main Hawaiian Islands Bottomfish Fishery**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 3, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Walter Ikebara, (808) 944-2275 or Walter.Ikehara@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for renewal of a currently approved information collection.

All non-commercial participants (including vessel owners, operators, and crew) in the boat-based bottomfish fishery in the main Hawaiian Islands are required to obtain a federal bottomfish permit, pursuant to 50 CFR 665. This collection of information is needed for permit issuance, to identify actual or potential participants in the fishery, determine qualifications for permits, and to help measure the impacts of management controls on the participants in the fishery. The permit program is also an effective tool in the enforcement of fishery regulations and serves as a link between the National Marine Fisheries Service (NMFS) and fishermen.

All vessel owners or operators in this fishery are required to submit a completed logbook form at the completion of each fishing trip. These logbook reporting sheets document the

species and amount of species caught during the trip. The reporting requirements are crucial to ensure that NMFS and the Western Pacific Fishery Management Council (Council) will be able to monitor the fishery and have fishery-dependent information to develop an estimate of an Annual Catch Limit (annual Total Allowable Catch) for the fishery, evaluate the effectiveness of management measures, determine whether changes in fishery management programs are necessary, and estimate the impacts and implications of alternative management measures.

II. Method of Collection

Permit information is collected via permit applications. Permits are valid for one calendar year and may be renewed annually. Completed logbook forms are required to be submitted to NMFS by vessel owners or operators within 72 hours of the end of each fishing trip.

III. Data

OMB Control Number: 0648-0577.
Form Number: None.

Type of Review: Regular submission (renewal of a currently approved information collection).

Affected Public: Vessel owners and non-commercial fishermen.

Estimated Number of Respondents: 100.

Estimated Time per Response: 15 minutes per permit application, 30 minutes per logsheet.

Estimated Total Annual Burden Hours: 375.

Estimated Total Annual Cost to Public: \$400.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 1, 2011.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Availability of Seats for the Cordell Bank National Marine Sanctuary Advisory Council**

AGENCY: Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The ONMS is seeking applications for the following vacant seats on the Cordell Bank National Marine Sanctuary Advisory Council: Fishing, Primary and Alternate seats; Research, Primary and Alternate seats; Community-at-Large Marin County, Primary and Alternate seats. Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the protection and management of marine resources; and possibly the length of residence in the area affected by the sanctuary.

Applicants who are chosen as members should expect to serve three-year terms, pursuant to the council's Charter.

DATES: Applications are due by April 1, 2011.

ADDRESSES: Application kits may be obtained from <http://cordellbank.noaa.gov/> or Kaitlin Graiff, kaitlin.graiff@noaa.gov, P.O. Box 159, Olema, CA 94950. Completed applications should be sent to the above postal or e-mail address, or faxed to 415-663-0315, attn. Kaitlin Graiff.

FOR FURTHER INFORMATION CONTACT: Kaitlin Graiff, Advisory Council Coordinator, 415-663-0314 x105, kaitlin.graiff@noaa.gov.

SUPPLEMENTARY INFORMATION: The Cordell Bank National Marine Sanctuary Advisory Council was established in 2001 to ensure continued public participation in the management of the sanctuary. Council seats are occupied by members representing research, conservation, maritime activity, fishing, education, Marin and Sonoma County community at large, as well as Federal agency partners. Individual council

members act as liaisons between the Sanctuary and their constituent groups. The council holds a minimum of four regular meetings per year, and an annual retreat in the summer.

Incidental Taking of Marine Mammals; Taking of Marine Mammals Incidental to the Explosive Removal of Offshore Structures in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of letters of authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA) and implementing regulations, notification is hereby given that NMFS has issued three one-year Letters of Authorization (LOA) to take marine mammals incidental to the explosive removal of offshore oil and gas structures (EROS) in the Gulf of Mexico.

DATES: These authorizations are effective from February 27, 2011, through February 26, 2012, and May 15, 2011, through May 14, 2012.

ADDRESSES: The application and LOAs are available for review by writing to P. Michael Payne, Chief, Permits, Conservation, and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3235 or by telephoning the contact listed here (see **FOR FURTHER INFORMATION CONTACT**), or online at:

<http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. Documents cited in this notice may be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT:

Howard Goldstein or Jolie Harrison, Office of Protected Resources, NMFS, 301-713-2289.

SUPPLEMENTARY INFORMATION: Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce (who has delegated the authority to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by United States citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region, if certain findings are made and regulations are issued. Under the MMPA, the term "take" means to harass, hunt, capture, or kill or to attempt to harass, hunt, capture, or kill any marine mammal.

Authorization for incidental taking, in the form of annual LOAs, may be granted by NMFS for periods up to five years if NMFS finds, after notice and opportunity for public comment, that the taking will have a negligible impact on the species or stock(s) of marine mammals, and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant). In addition, NMFS must prescribe regulations that include permissible methods of taking and other means of effecting the least practicable adverse impact on the species and its habitat (i.e., mitigation), and on the availability of the species for subsistence uses, paying particular attention to rookeries, mating rounds, and areas of similar significance. The regulations also must include requirements pertaining to the monitoring and reporting of such taking.

Regulations governing the taking of marine mammals incidental to EROS were published on June 19, 2008 (73 FR 34875), and remain in effect through July 19, 2013. For detailed information on this action, please refer to that **Federal Register** notice. The species that applicants may take in small numbers under LOAs during EROS activities are bottlenose dolphins (*Tursiops truncatus*), Atlantic spotted dolphins (*Stenella frontalis*), pantropical spotted dolphins (*Stenella attenuata*), Clymene dolphins (*Stenella clymene*), striped dolphins (*Stenella coeruleoalba*), spinner dolphins (*Stenella longirostris*), rough-toothed dolphins (*Steno bredanensis*), Risso's dolphins (*Grampus griseus*), melon-headed whales (*Peponocephala electra*), short-finned pilot whales (*Globicephala macrorhynchus*), and sperm whales (*Physeter macrocephalus*).
