I. Funding Opportunity

The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. The purpose of the Community Connect Grant Program is to provide financial assistance in the form of grants to eligible applicants that will provide currently unserved areas, on a "community-oriented connectivity" basis, with broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services. Rural Utilities Service will give priority to rural areas that it believes have the greatest need for broadband transmission services, based on the criteria contained herein.

Grant authority will be used for the deployment of broadband transmission service to extremely rural, lower-income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept will stimulate practical, everyday uses and applications of broadband facilities by cultivating the deployment of new broadband transmission services that improve economic development and provide enhanced educational and health care opportunities in rural areas. Such an approach will also give rural communities the opportunity to benefit from the advanced technologies that are necessary to achieve these goals. Please see 7 CFR part 1739, subpart A for specifics.

This notice has been formatted to conform to a policy directive issued by the Office of Federal Financial Management (OFFM) of the Office of Management and Budget (OMB), published in the **Federal Register** on June 23, 2003. This Notice does not change the Community Connect Grant Program regulation (7 CFR 1739, subpart A).

II. Award Information

A. Available Funds

1. *General.* The Administrator has determined that the following amounts are available for grants in FY 2011 under 7 CFR 1739.2(a).

2. *Grants*

a. \$25 million is available for grants from prior year appropriations. Under 7 CFR 1739.2, the Administrator has established a minimum grant amount of \$50,000 and a maximum grant amount of \$1,500,000 for FY 2011.

b. Assistance instrument: Rural Development will execute grant documents appropriate to the project prior to any advance of funds with successful applicants. B. Community Connect grants cannot be renewed. Award documents specify the term of each award. Applications to extend existing projects are welcomed (grant applications must be submitted during the application window) and will be evaluated as new applications.

III. Eligibility Information

A. *Who is eligible for grants?* (See 7 CFR 1739.10.)

1. Only entities legally organized as one of the following are eligible for Community Connect Grant Program financial assistance:

- a. An incorporated organization,
- b. An Indian tribe or tribal organization, as defined in 25 U.S.C. 450b(b) and (c),
- c. A State or local unit of government,
- d. A cooperative, private corporation or limited liability company organized on a for-profit or not-for-profit basis.

2. Individuals are not eligible for Community Connect Grant Program financial assistance directly.

3. Applicants must have the legal capacity and authority to own and operate the broadband facilities as proposed in its application, to enter into contracts and to otherwise comply with applicable federal statutes and regulations.

B. What are the basic eligibility requirements for a project?

1. Required matching contributions. Please see 7 CFR 1739.14 for the requirement. Grant applicants must

demonstrate a matching contribution, in cash or in kind (new, non-depreciated items), of at least fifteen (15) percent of the total amount of financial assistance requested. Matching contributions must be used for eligible purposes of Community Connect grant assistance (see 7 CFR 1739.12).

2. To be eligible for a grant, the Project must (see 7 CFR 1739.11):

a. Serve a Rural Area where Broadband Transmission Service does not currently exist, to be verified by Rural Development prior to the award of the grant;

b. Serve one Community recognized in the latest U.S. Census or the most recent edition of the Rand McNally Atlas containing population data;

c. Deploy Basic Broadband Transmission Service, free of all charges for at least 2 years, to all Critical Community Facilities located within the proposed Service Area;

d. Offer Basic Broadband Transmission Service to residential and business customers within the proposed Service Area; and

e. Provide a Community Center with at least ten (10) Computer Access Points within the proposed Service Area, and make Broadband Transmission Service available therein, free of all charges to users for at least 2 years.

C. See paragraph IV.B of this notice for a discussion of the items that make up a completed application. You may also refer to 7 CFR 1739.15 for completed grant application items.

IV. Application and Submission Information

A. Clarifications to Requirements for FY 2011

1. Although 7 CFR 1739.3 defines Broadband Transmission Service as 200 kilobits/second both in the downstream and upstream directions, the Agency recognizes that these speeds are not adequate to deliver much needed benefits such as distance learning and telemedicine to communities that are not currently receiving broadband service. Therefore, when the applications are scored for the “community-oriented connectivity benefits derived from the proposed services” emphasis will be placed on the amount of bandwidth that is being delivered to the customer. Although the amount of bandwidth is not the only item that will be evaluated for this criteria, the bandwidth being provided to enhance rural economic development will have a direct impact on the score that is assigned. All applicants are encouraged to construct systems that are capable of delivering the broadband

speeds that are identified in the Federal Communications Commission’s National Broadband Plan.

2. When determining the points that will be awarded for the “community-oriented connectivity” benefits derived from the proposed service, systems that are proposing to deliver more than the minimum bandwidth requirements have a greater potential of receiving the maximum number of points for this category.

3. When determining if a community has no existing broadband service, applicants are encouraged to refer to the Federal Communication Commission’s National Broadband Map.

4. Rural Development clarifies that the definition of “Critical Community Facilities” includes the mandatory Community Center.

5. For all funding commitments, including all matching fund commitments and commitments made by the applicant, that are required to complete the Project in addition to the Rural Development grant, evidence must be submitted demonstrating that funding arrangements have been obtained. If the appropriate funding commitments are not included in the application, the application will be deemed ineligible for consideration. This evidence must:

a. Clearly state the name of the entity that is making the commitment;

b. Include the amount of the commitment; and

c. State the purpose of commitment.

6. Rural Development clarifies that in order to qualify as eligible costs for grant coverage or matching fund contributions, operating expenses incurred in providing Broadband Transmission Service to Critical Community Facilities for the first 2 years of operation and in providing training and instruction must be for the following purposes subject to the specified maximum amounts:

a. Salary for operations manager, not to exceed \$30,000 per year.

b. Salary for technical support staff, not to exceed \$30,000 per year.

c. Salary for community center staff, not to exceed \$25,000 per year.

d. Bandwidth expenses, not to exceed \$25,000 per year.

e. Training courses on the use of the Internet, not to exceed \$15,000 per year.

The operating costs to be funded by the grant or used as matching contributions cannot exceed in the aggregate \$250,000. No other operating expenses are eligible for grant funding or to be considered as matching funds. The period for expenses to be considered eligible for grant funding or to be used as an in-kind match is three

years from the date the Administrator signs the award documents.

7. Community means any incorporated or unincorporated town, village, or borough located in a Rural Area, that is recognized in the latest decennial census as published by the Bureau of the Census or in the most recent edition of a Rand McNally Atlas containing population data.

8. Rural Development clarifies that the economic need of the applicant’s service territory will be based on the median household income (MHI) for the Community serviced and the state in which the Community is located, as determined by the U.S. Bureau of the Census at <http://factfinder.census.gov>. If the community was qualified using the Rand McNally Atlas, the applicant must use the MHI, contained in the latest decennial census, of the county in which the Community resides as the Community MHI.

B. Where To Get Application Information

The application guide, copies of necessary forms and samples, and the Community Connect Grant Program regulation are available from these sources:

1. The Internet: http://www.rurdev.usda.gov/utp_commconnect.html.

3. Please see 7 CFR 1739.3 for definitions, 7 CFR 1739.12 for eligible

grant purposes, and 7 CFR 1739.13 for ineligible grant purposes.

V. Application Review Information

A. Criteria

1. Grant applications are scored competitively and subject to the criteria listed below.

2. Grant application scoring criteria (total possible points: 100) See 7 CFR 1739.17 for the items that will be reviewed during scoring and for scoring criteria.

a. The rurality of the Project (up to 40 points);

b. The economic need of the Project's Service Area (up to 30 points); and

c. The "community-oriented connectivity" benefits derived from the proposed service (up to 30 points).

B. Review Standards

1. All applications for grants must be delivered to Rural Utilities Service at the address and by the date specified in this notice (*see also* 7 CFR 1739.2) to be eligible for funding. Rural Utilities Service will review each application for conformance with the provisions of this part. Rural Utilities Service may contact the applicant for additional information or clarification.

Grant applications are ranked by final score. Rural Development selects applications based on those rankings, subject to the availability of funds.

VI. Award Administration Information

A. Award Notices

Rural Utilities Service recognizes that each funded project is unique, and

therefore may attach conditions to different projects' award documents. Rural Utilities Service generally notifies applicants whose projects are selected for awards by faxing an award letter. Rural Utilities Service follows the award letter with a grant agreement that contains all the terms and conditions for the grant. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement.

B. Administrative and National Policy Requirements

The items listed in paragraph IV.B.2.k of this notice, and the Community Connect Grant Program regulation, application guide and accompanying materials implement the appropriate administrative and national policy requirements.

C. Reporting

2. *Financial reporting.* All recipients of Community Connect Grant Program financial assistance must provide an annual audit, beginning with the first year a portion of the financial assistance is expended. Audits are governed by United States Department of Agriculture audit regulations. Please see 7 CFR 1739.20.

3. *Recipient and Subrecipient Reporting.* The applicant must have the necessary processes and systems in place to comply with the reporting requirements for first-tier sub-awards and executive compensation under the Federal Funding Accountability and Transparency Act of 2006 in the event the applicant receives funding unless such applicant is exempt from such reporting requirements pursuant to 2 CFR part 170, § 170.110(b). [Docket 15-2011]

Foreign-Trade Zone 230—Greensboro, NC; Application for Subzone; VF Jeanswear (Apparel Distribution); Mocksville, NC

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Piedmont Triad Partnership, grantee of FTZ 230, requesting special-purpose subzone status for the warehousing and distribution facility of VF Jeanswear, located in Mocksville, North Carolina. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 1, 2011.

The VF Jeanswear facility (430 employees, 71.67 acres/494,000 square feet of enclosed space) is located at 1401 U.S. Highway 601 South, Mocksville, North Carolina. The facility is used for warehousing and distribution of foreign-origin apparel (duty rates 16.6%–28.6%) for the U.S. market and export. The applicant is not seeking manufacturing or processing authority with this request.

FTZ procedures could exempt VF Jeanswear from customs duty payments on foreign apparel that is exported (about 1% of shipments). On domestic sales, duty payments would be deferred until the foreign merchandise is shipped from the facility and entered for U.S. consumption. FTZ designation would further allow VF Jeanswear to realize logistical benefits through the use of certain customs procedures. The request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case

record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 3, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 18, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Diane Finver at Diane.Finver@trade.gov (202) 482-1367.

Dated: March 1, 2011.

Elizabeth Whiteman,

Acting Executive Secretary.
