Patterns of Safety Violations Task (MCSAC Task 11–01)

Section 4133 of SAFETEA–LU allows the Secretary to suspend, amend, or revoke any part of a motor carrier’s registration if the Secretary finds that any individual, while serving as an officer or that motor carrier, engages or has engaged in a pattern or practice of avoiding compliance, or masking or otherwise concealing noncompliance, with the Federal Motor Carrier Safety Regulations and/or Hazardous Materials Regulations. Section 4133 defines an officer as “an owner, director, chief executive officer, chief financial officer, safety director, vehicle maintenance supervisor, and driver supervisor of a motor carrier, regardless of title attached to these functions, and any person, however designated, exercising controlling influence over the operations of a motor carrier.”

Under MCSAC Task 11–01, FMCSA requests that the Committee identify concepts and ideas the Agency should consider in developing standards for Patterns of Safety Violations by Motor Carrier management to assist the Agency with implementing the requirements of section 4133 of SAFETEA–LU. In addition to providing suggestions on definitions and standards of what
constitutes a pattern of safety violations, the Committee is encouraged to offer suggestions to the Administrator regarding: (1) Which company officials should be included under the definition of “officer,” and (2) how to ensure that officers responsible for safety violations or their concealment are subjected to appropriate penalties and sanctions under the new system mandated by SAFETEA–LU. In developing its recommendations, the MCSAC should consider principles of due process, including whether additional enforcement and legal staff resources are needed to address the volume of cases and appeals.

The MCSAC began deliberations on these issues at its December 2010 meeting and will complete action on the Patterns of Safety Violations task during the forthcoming meeting. Following the meeting, which may include presentations by experts, the Committee anticipates completion of a letter report to the Administrator.
