Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the final results from 90 days to 150 days. Thus, the final results will now be due no later than May 20, 2011.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Polyethylene Terephthalate Film, Sheet and Strip From India: Extension of Time Limit for Final Results of Countervailing Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 9, 2011.

FOR FURTHER INFORMATION CONTACT: Elfi Blum or Toni Page, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0197 or (202) 482-1398, respectively.

Background

On December 21, 2010, the Department of Commerce (the Department) issued the preliminary results of the new shipper review under the countervailing duty order on polyethylene terephthalate film, sheet and strip from India for SRF Limited (SRF), covering the period January 1, 2009, through December 31, 2009. *See Polyethylene Terephthalate Film, Sheet, and Strip From India: Preliminary Results of Countervailing Duty New Shipper Review*, 75 FR 81574 (December 28, 2010) (*Preliminary Results*). The final results of review are currently due March 21, 2011.

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), and

19 CFR 351.214(i)(1), provide that the Department will issue the preliminary results of a new shipper review within 180 days after the day on which the review was initiated, and the final results of review within 90 days after the date on which the preliminary results were issued. However, if the Department concludes that a new shipper review is extraordinarily complicated, the Department may extend the 180-day period to 300 days, and the 90-day period to 150 days. *See* section 751(a)(2)(B)(iv) of the Act; 19 CFR 351.214(i)(2).

Extension of Time Limit for Final Results

The Department determines that this new shipper review is extraordinarily complicated because of questions that arose after the *Preliminary Results* concerning the *bona fides* of the new shipper's sale. Due to this issue, the Department had to issue another supplemental questionnaire to SRF, provide SRF with time to respond, and now must analyze SRF's response. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2), the Department is extending the time limit for the final results from 90 days to 150 days. Thus, the final results will now be due no later than May 20, 2011.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B)(iv) and 777(i)(1) of the Act.

Dated: March 3, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Magnesium Metal From the Russian Federation: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 9, 2011.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-3477.

Background

On May 28, 2010, the Department of Commerce (the Department) published a notice of initiation of an administrative review of the antidumping duty order on magnesium metal from the Russian Federation for the period April 1, 2009, through March 31, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 75 FR 29976 (May 28, 2010). On December 17, 2010, the Department extended by 75 days the preliminary results of the administrative review of the antidumping duty order on magnesium metal from the Russian Federation. *See Magnesium Metal From the Russian Federation: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 75 FR 78968 (December 17, 2010). The preliminary results of this administrative review are currently due no later than March 16, 2011.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published in the **Federal Register**. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of this review by the current deadline of March 16, 2011, because we require additional time to analyze a number of complex corporate-affiliation issues relating to this administrative review. In addition, the numerous extensions we have granted for filing various responses has contributed to us requiring additional time to complete the preliminary results.

Therefore, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), we are extending the time period for issuing the preliminary results of this review by 45 days to April 30, 2011. Because April 30, 2011, falls on a Saturday, it is the Department's practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. *See Notice of*

Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the preliminary results is now May 2, 2011.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: March 3, 2011.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Extension of Time Limit for Preliminary Results of the Seventh Antidumping Duty New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* March 9, 2011.

FOR FURTHER INFORMATION CONTACT: Alan Ray, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-5403.

Background

On January 25, 2011, the Department of Commerce ("Department") published in the **Federal Register** the *Preliminary Results* of the seventh new shipper reviews of certain frozen fish fillets from the Socialist Republic of Vietnam covering the period August 1, 2009, through February 15, 2010.¹ Subsequent to the publication of the *Preliminary Results*, the Department extended the deadlines for submission of surrogate values, case briefs, and rebuttal comments.² The final results are currently due no later than April 14, 2011.

¹ See *Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty New Shipper Reviews*, 76 FR 4292 (January 25, 2011) ("*Preliminary Results*").

² See Letter from Alex Villanueva, Program Manager, Office 9, to Interested Parties: Extending Surrogate Value Submission & Briefing Schedule for New Shipper Reviews of Certain Frozen Fish Fillets from the Socialist Republic of Vietnam (February 10, 2011).

Extension of Time Limit for the Final Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended ("Act"), and 19 CFR 351.214(i)(1) require the Department to issue the final results in a new shipper review of an antidumping duty order 90 days after the date on which the preliminary results are issued. The Department may, however, extend the deadline for completion of the final results of a new shipper review to 150 days if it determines that the case is extraordinarily complicated. See section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(2).

The Department finds this case to be extraordinarily complicated because there is voluminous new material on the record regarding the surrogate value of whole fish that has not yet been considered in a completed review. The Department will need more time to analyze the data. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, we are extending the time for the completion of the final results of this review by 60 days to June 13, 2011.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 3, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Granular Polytetrafluoroethylene Resin From Italy: Final Results of Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 9, 2011.

SUMMARY: On November 1, 2010, the Department of Commerce ("Department") initiated the third sunset review of the antidumping duty order on granular polytetrafluoroethylene resin ("PTFE resin") from Italy. The Department has conducted an expedited sunset review of this order. As a result of this review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the margins identified in the Final Results of Review section of this notice.

FOR FURTHER INFORMATION CONTACT:

Joseph Shuler or Nancy Decker, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1293 or (202) 482-0196, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2010, the Department published the notice of initiation of the third sunset review of the antidumping duty order on PTFE resin from Italy pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 75 FR 67082 (November 1, 2010) ("*Initiation Notice*"). On January 12, 2011, the **Federal Register** published a correction to that notice, indicating that an incorrect product name for this case was listed in the *Initiation Notice*. See *Initiation of Five-Year ("Sunset") Review: Correction*, 76 FR 2083 (January 12, 2011) ("*Correction Notice*"). We allowed interested parties an extension of time in which to file a notice of intent to participate and substantive responses. On January 13, 2011, we also notified the International Trade Commission ("ITC") of these new deadlines. On January 12, 2011, the Department received a notice of intent to participate from a domestic interested party, E.I. DuPont de Nemours & Co. ("DuPont" or "domestic interested party"). Submission of the notice of intent to participate was filed by DuPont within the deadline specified in 19 CFR 351.218(d)(1)(i), as extended due to the *Correction Notice*. DuPont claimed interested party status under section 771(9)(C) of the Act, as a producer of PTFE resin in the United States. On February 11, 2011, the Department received a substantive response from the domestic interested party within the deadline specified in 19 CFR 351.218(d)(3)(i), as extended due to the *Correction Notice*. We received no substantive responses from any respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department is conducting an expedited sunset review of the antidumping duty order.

Scope of the Order

The product covered by the order is PTFE resin, filled or unfilled. The order also covers PTFE wet raw polymer exported from Italy to the United States. See *Granular Polytetrafluoroethylene Resin From Italy; Final Affirmative Determination of Circumvention of*
