Act; National Marine Sanctuaries Act; Fishery Conservation Act; Marine Mammal Protection Act; Executive Order 12808, Environmental Justice in Minority Populations and Low-Income Populations; Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risk (among other Executive Orders); and Ports and Waterways Safety Act.

7. Preliminary Identification of Environmental Issues: The following list of nine environmental issues has been tentatively identified for analysis in the EIS. This list, which was developed during preliminary internal scoping, has been included with the permit application filed for the proposed project. This list (and information from similar projects) is neither intended to be all inclusive nor a predetermined set of potential impacts, but is presented to facilitate public comment on the planned scope of the EIS. Additions to or deletions may occur as a result of the public scoping process. Preliminary identified environmental issues include but are not limited to the loss of aquatic resource (impact to potential submerged and shoreline aquatic habitat); water quality, coastal zone consistency, hydrodynamic modeling, threatened and endangered species (including critical habitat and essential fish and shellfish habitat), air quality, alternatives, secondary and cumulative impacts, socioeconomics, and mitigation.

8. Scoping meeting: To ensure that all of the issues related to this proposed project are addressed, the USACE will conduct a public scoping meeting in which agencies, organizations, and members of the general public are invited to present comments or suggestions with regard to the range of actions, alternatives, and potential impacts to be considered in the EIS. The scoping meeting will be held at the Fleming Education Center Auditorium at the University of Southern Mississippi’s Gulf Park Campus, 730 East Beach Boulevard, Long Beach, Mississippi, on March 31, 2011. The scoping meeting will begin with an informal open house from 5:30 p.m. to 6:30 p.m. followed by a formal presentation of the proposed action and a description of the NEPA process. Comments will be accepted following the formal presentation until 8 p.m. Displays and other forms of information about the proposed action will be available, and the USACE, the MSPA and the MDA personnel will be present at the informal session to discuss the proposed project and the EIS Process. The USACE invites comments on the proposed scope and content of the EIS from all interested parties. Verbal transcribers will be available at the scoping meeting to accept verbal comments following the formal presentation until 8:00 p.m. A time limit will be imposed on verbal comments.

9. DRAFT EIS: It is anticipated that a DRAFT EIS will be made available for public review in late calendar year 2011 or early 2012.

Dated: February 24, 2011.
Craig J. Litteken,
Chief, Regulatory Division.

DEPARTMENT OF EDUCATION
Credit Enhancement for Charter School Facilities Program; Office of Innovation and Improvement; Overview Information Credit Enhancement for Charter School Facilities Program: Notice Inviting Applications for New Awards for Fiscal Year (FY) 2011

Catalog of Federal Domestic Assistance (CFDA) Number: 84.354A.

Dates:
Date of Pre-Application Meeting: April 4, 2011 at 9:00 a.m., Washington, DC time.
Deadline for Transmittal of Applications: May 10, 2011.
Deadline for Intergovernmental Review: July 9, 2011.

Full Text of Announcement
I. Funding Opportunity Description

Purpose of Program: This program provides grants to eligible entities to permit them to enhance the credit of charter schools so that the charter schools can access private-sector and other non-Federal capital in order to acquire, construct, and renovate facilities at a reasonable cost. Grants awarded under this program will be of sufficient size, scope, and quality to enable the grantees to implement effective strategies for reaching this objective.

Priorities: This competition includes one competitive preference priority and one invitational priority that are explained in the following paragraphs. In accordance with 34 CFR 75.105(b)(2)(ii), the competitive preference priority is from the regulations for this program (34 CFR 225.12).

Competitive Preference Priority: For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award up to an additional 15 points to an application, depending on how well the application meets this priority.

This priority is:

The capacity of charter schools to offer public school choice in those communities with the greatest need for school choice based on—

(1) The extent to which the applicant would target services to geographic areas in which a large proportion or number of public schools have been identified for improvement, corrective action, or restructuring under Title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA);

(2) The extent to which the applicant would target services to geographic areas in which a large proportion of students perform below proficient on State academic assessments; and

(3) The extent to which the applicant would target services to communities with large proportions of students from low-income families.

Invitational Priority: For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this priority a competitive or absolute preference over other applications.

This priority is:

Applications that propose a grant project that uses competitive market forces to obtain the best rates and terms on financing for charter schools in order for the charter schools to acquire, construct, and renovate facilities while using the least amount of grant funds.

Applicable Regulations:
(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.
(b) The regulations for this program in 34 CFR part 225.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants. Estimated Available Funds: The Administration’s budget request for FY 2011 does not include funds for this...
program. In place of this and several other, sometimes narrowly targeted, programs that seek to expand educational options for students and families, the Administration has proposed to create, through the reauthorization of the ESEA, a broader initiative, Expanding Educational Options, that would address the need to increase the supply of high-quality public educational options available to students. Funds under this proposed program would be available for competitive grants to help ensure that charter schools have access to adequate facilities. However, we are inviting applications at this time under the current Credit Enhancement for Charter School Facilities program to allow enough time to complete the grant process if Congress appropriates funds for the program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards later in FY 2011 and in FY 2012 from the list of unfunded applicants from this competition.

Estimated Number of Awards: 1.

Note: The Department is not bound by any estimates in this notice.

Project Period: From the start date indicated on the grant award document until the Federal funds and earnings on those funds have been expended for the grant purposes or until financing facilitated by the grant has been retired, whichever is later.

III. Eligibility Information

1. Eligible Applicants: (a) A public entity, such as a State or local governmental entity; (b) A private, nonprofit entity; or (c) A consortium of entities described in (a) and (b).

Note: Under 20 U.S.C. 7223a(b)(2), the Secretary makes, if possible, at least one award in each of the three categories of eligible applicants.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

3. Other: The charter schools that a grantee selects to benefit from this program must meet the definition of a charter school in section 5210(1) of the ESEA.

IV. Application and Submission Information

1. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for the Credit Enhancement for Charter School Facilities program, some applications may include proprietary financial or confidential commercial information whose disclosure could reasonably be expected to cause substantial competitive harm. Upon submission of an application, applicants should identify any information contained in their application that they consider to be confidential commercial information or financial information. Doing so will assist the Department in making any future determination regarding public release of the application. Applicants are encouraged to identify only the specific information that the applicant considers to be proprietary and list the page numbers on which this information can be found in the appropriate Appendix section of their application. In addition to identifying the page number on which that information can be found, eligible applicants will assist the Department in making determinations on public release of the application by being as specific as possible in identifying the information they consider proprietary. Please note that, in many instances, identification of entire pages of documentation would not be appropriate.

If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or computer diskette) by contacting the person or team listed under Accessible Format in section VIII of this notice.

3. Content and Form of Application Submission: Each Credit Enhancement for Charter School Facilities program application must include the following specific elements:

(a) A statement identifying the activities proposed to be undertaken with grant funds (the “grant project”), including a description of how the applicant will determine which charter schools will receive assistance and how much and what types of assistance these schools will receive.

(b) A description of the involvement of charter schools in the application’s development and in the design of the proposed grant project.

(c) A description of the applicant’s expertise in capital markets financing. (Consortium applicants must provide this information for each of the participating organizations.)

(d) A description of how the proposed grant project will leverage the maximum amount of private-sector financing capital relative to the amount of government funding used and otherwise enhance credit available to charter schools.

(e) A description of how the applicant possesses sufficient expertise in education to evaluate the likelihood of success of a charter school for which facilities financing is sought.

(f) In the case of an application submitted by a State governmental entity, a description of past, current, and planned State funding actions, including obtaining other forms of financial assistance, that ensure that charter schools within the State receive the funding they need to have adequate facilities.

Additional requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: We have found that reviewers are able to conduct the highest-quality review when applications are concise and easy to read. Applicants are encouraged to limit their applications to no more than 40 double-spaced pages (not including the required forms and tables), using the following standards:

• A “page” is 8.5” × 11”, on one side only, with 1” margins at the top, bottom, and both sides.

• Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

• Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

• Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Furthermore, applicants are strongly encouraged to include a table of contents that specifies where each required part of the application is located.

Date of Pre-Application Meeting: The Department will hold a pre-application meeting for prospective applicants on April 4, 2011 at 9:00 a.m., Washington, DC time, at the U.S. Department of Education, room 1W128, 400 Maryland Avenue, SW., Washington, DC.

Interested parties are invited to participate in this meeting to discuss the purpose of the program, priorities,

Apply site (Grants.gov). For information
Deadline for Transmittal of
An
Funds received under this program
59.36(b)(3), grantees must maintain and
limited amount of funds.
A grantee may use not more than 0.25
percent (one quarter of one percent) of
The Secretary, in accordance with
chapter 37 of title 31, United States
Code, will collect all or a portion of the
funds in the reserve account established
with grant funds (including any
earnings on those funds) if the Secretary
determines that (a) the grantee has
permanently ceased to use all or a
portion of the funds in such account to
accomplish the purposes described in
the authorizing statute and the
Performance Agreement or, (b) if not
earlier than two years after the date on
which the entity first receives these
funds, the entity has failed to make
substantial progress in undertaking the
grant project.
5. Intergovernmental Review: This
program is subject to Executive Order
Reserve
6. Funding Restrictions: (a) Reserve
accounts. Grant recipients, in
accordance with State and local laws,
must deposit the grant funds they
receive under this program (other than
funds used for administrative costs) in
a reserve account established and
maintained by the grantee for this
purpose. Amounts deposited in such
account shall be used by the grantee for
one or more of the following purposes
in order to assist charter schools in
accessing private-sector and other non-
Federal capital:
(1) Guaranteeing, insuring, and
reinsuring bonds, notes, evidences of
debt, loans, and interests therein.
(2) Guaranteeing and insuring leases
of personal and real property.
(3) Requirating financing by
identifying potential lending sources,
encouraging private lending, and other
similar activities that directly promote
lending to, or for the benefit of,
charter schools.
(4) Facilitating the issuance of bonds
by charter schools or by other public
entities for the benefit of charter
schools, by providing technical,
adминистative, and other appropriate
assistance (including the recruitment of
bond counsel, underwriters, and
potential investors and the
consolidation of multiple charter school
projects within a single bond issue).
Funds received under this program
and deposited in the reserve account
must be invested in obligations issued
or guaranteed by the United States or a
State, or in other similarly low-risk
securities. Any earnings on funds,
including fees, received under this
program must be deposited in the
reserve account and used in accordance
with the requirements of this program.
(b) Charter school objectives. An
eligible entity receiving a grant under
this program must use the funds
deposited in the reserve account to
assist charter schools in accessing
capital to accomplish one or both of the
following objectives:
(1) The acquisition (by purchase,
lease, donation, or otherwise) of an
interest (which may be an interest held
by a third party for the benefit of a
charter school) in improved or
unimproved real property that is
necessary to commence or continue the
operation of a charter school.
(2) The construction of new facilities,
or the renovation, repair, or alteration of
existing facilities, necessary to
commence or continue the operation of
a charter school.
(c) Other. Grantees must ensure that
all costs incurred using funds from the
reserve account are reasonable. The full
faith and credit of the United States are
not pledged to the payment of funds
under such obligation. In the event of a
default on any debt or other obligation,
the United States has no liability to
cover the cost of the default.
Applicants that are selected to receive
an award must enter into a written
Performance Agreement with the
Department prior to drawing down
funds, unless the grantee receives
written permission from the Department
in the interim to draw down a specific
limited amount of funds.
In accordance with 34 CFR
80.36(b)(3), grantees must maintain and
enforce standards of conduct governing
the performance of their employees,
officers, directors, trustees, and agents
engaged in the selection, award, and
administration of contracts or
agreements that resulted in this grant.
The standards of conduct must mandate
disinterested decision-making.
A grantee may use not more than 0.25
percent (one quarter of one percent) of
the grant funds for the administrative
costs of the grant.
Applications for grants under this
program must be submitted
electronically using the Grants.gov
Apply site (Grants.gov). For information
(including dates and times) about how
to submit your application
electronically, or in paper format by
mail or hand delivery if you qualify for
an exception to the electronic
submission requirement, please refer to
section IV.8. Other Submission
Requirements of this notice.
We do not consider an application
that does not comply with the
deadline requirements.
Individuals with disabilities who
need an accommodation or auxiliary aid
in connection with the application
process should contact the person listed
under FOR FURTHER INFORMATION
CONTACT in section VII of this notice. If
the Department provides an
accommodation or auxiliary aid to an
individual with a disability in
connection with the application
process, the individual’s application
remains subject to all other
requirements and limitations in this
notice.
Deadline for Intergovernmental
Review: July 9, 2011.
We specify some unallowable costs in 34 CFR
225.21.
We reference additional regulations
outlining funding restrictions in the
Federal Register / Vol. 76, No. 48 / Friday, March 11, 2011 / Notices 13367
Applicable Regulations section in this notice.

7. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must—
   a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
   b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government’s primary registrant database;
   c. Provide your DUNS number and TIN on your application; and
   d. Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day. If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2–5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see http://www.grants.gov/section910/GrantsgovRegistrationBrochure.pdf).

8. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.
   a. Electronic Submission of Applications.
      Applications for grants under the Credit Enhancement for Charter School Facilities program, CFDA number 84.354A, may be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

      We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

      You may access the electronic grant application for the Credit Enhancement for Charter School Facilities program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number’s alpha suffix in your search (e.g., search for 84.354, not 84.354A).

      Please note the following:
      • When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
      • Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.
      • The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

      You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at http://www.G5.gov.

      You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

      You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Nonconstruction Programs (ED 524), and all necessary assurances and certifications.

      You must attach any narrative sections of your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

      Your electronic application must comply with any page-limit requirements described in this notice.

      After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

      We may request that you provide us original signatures on forms at a later date.

      Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it. If you are prevented from electronically submitting your application on the application deadline
date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice and provide an explanation of the technical problem you experienced with the Grants.gov system along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date. Address and mail or fax your statement to: Ann Margaret Galatsos, U.S. Department of Education, 400 Maryland Avenue, SW., room 4W259, Washington, DC 20202–5970. FAX: (202) 205–5630.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

b. Submission of Paper Applications by Mail

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.354A), LBJ Basement Level 1, 400 Maryland Avenue, SW., Washington, DC 20202–4260.

You must show proof of mailing consisting of one of the following:

1. A legibly dated U.S. Postal Service Postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
3. A dated shipping label, invoice, or receipt from a commercial carrier.
4. Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

Attention: (CFDA Number 84.354A) 550 12th Street, SW., Room 7041, Potomac Center Plaza, Washington, DC 20202–4260.

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department—

1. You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
2. The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245–6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 225.11 and are listed in the following paragraphs. The maximum score for all of the selection criteria is 100 points. The maximum score for each criterion is indicated in parentheses. Each criterion also includes the factors that the reviewers will consider to determine how well an application meets the criterion. We encourage applicants to make explicit connections to the selection criteria and factors in their applications.

A. Quality of project design and significance (35 points)

In determining the quality of project design and significance, the Secretary considers—

1. The extent to which the grant proposal would provide financing to charter schools at better rates and terms than they can receive absent assistance through the program;
2. The extent to which the project goals, objectives, and timeline are clearly specified, measurable, and appropriate for the purpose of the program;
3. The extent to which the project implementation plan and activities, including the partnerships established, are likely to achieve measurable objectives that further the purposes of the program;
4. The extent to which the project is likely to produce results that are replicable;
5. The extent to which the project will use appropriate criteria for selecting charter schools for assistance;
and for determining the type and amount of assistance to be given; 
(6) The extent to which the proposed activities will leverage private or public-sector funding and increase the number and variety of charter schools assisted in meeting their facilities needs beyond what would be accomplished absent the program; 
(7) The extent to which the project will serve charter schools in States with strong charter laws, consistent with the criteria for such laws in section 5202(e)(3) of the ESEA; and 
(8) The extent to which the requested grant amount and the project costs are reasonable in relation to the objectives, design, and potential significance of the project. 

B. Quality of project services. (15 points)
In determining the quality of the project services, the Secretary considers—
(1) The extent to which the services to be provided by the project reflect the identified needs of the charter schools to be served; 
(2) The extent to which charter schools and chartering agencies were involved in the design of, and demonstrate support for, the project; 
(3) The extent to which the technical assistance and other services to be provided by the proposed grant project involve the use of cost-effective strategies for increasing charter schools’ access to facilities financing, including the reasonableness of fees and lending terms; and 
(4) The extent to which the services to be provided by the proposed grant project are focused on assisting charter schools with a likelihood of success and the greatest demonstrated need for assistance under the program. 

C. Capacity. (35 points)
In determining an applicant’s business and organizational capacity to carry out the project, the Secretary considers—
(1) The amount and quality of experience of the applicant in carrying out the activities it proposes to undertake in its application, such as enhancing the credit on debt issuances, guaranteeing leases, and facilitating financing; 
(2) The applicant’s financial stability; 
(3) The ability of the applicant to protect against unwarranted risk in its loan underwriting, portfolio monitoring, and financial management; 
(4) The applicant’s expertise in education to evaluate the likelihood of success of a charter school; 
(5) The ability of the applicant to prevent conflicts of interest, including conflicts of interest by employees and members of the board of directors in a decision-making role; 
(6) If the applicant has co-applicants (consortium members), partners, or other grant project participants, the specific resources to be contributed by each co-applicant (consortium member), partner, or other grant project participant to the implementation and success of the grant project; 
(7) For State governmental entities, the extent to which steps have been or will be taken to ensure that charter schools within the State receive the funding needed to obtain adequate facilities; and 
(8) For previous grantees under the charter school facilities programs, their performance in implementing these grants. 

D. Quality of project personnel. (15 points)
In determining the quality of project personnel, the Secretary considers—
(1) The qualifications of project personnel, including relevant training and experience, of the project manager and other members of the project team, including consultants or subcontractors; and 
(2) The staffing plan for the grant project. 

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality. 

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23). 

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible. 

VI. Award Administration Information 
1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also. 

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice. 

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) Applicants selected for funding will be required to submit to the Department an annual report that includes the information from section 5227(b) of the ESEA and any other information the Secretary may require.

Grantees must also cooperate and assist the Department with any periodic financial and compliance audits of the grantee, as determined necessary by the Department. The specific Performance Agreement between the grantee and the Department may contain additional reporting requirements. At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c).

(b) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR part 170.110(b).

4. Performance Measures: The performance measures for this program are: (1) The amount of funding grantees leverage for charter schools to acquire, construct, and renovate school facilities and (2) the number of charter schools served. Grantees must provide this information as part of their annual performance reports. 

VII. Agency Contact 
For Further Information Contact: Ann Margaret Galiatsos, U.S. Department of Education, 400 Maryland Avenue, SW., room 4W259, Washington, DC 20202–
DEPARTMENT OF EDUCATION

Office of Special Education and Rehabilitative Services; Overview Information; Personnel Development To Improve Services and Results for Children With Disabilities—Paraprofessional Preservice Program Improvement Grants; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2011

Catalog of Federal Domestic Assistance (CFDA) Number: 84.325N.

Dates:
Deadline for Transmittal of Applications: April 25, 2011.
Deadline for Intergovernmental Review: June 24, 2011.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purposes of this program are to (1) help address State-identified needs for highly qualified personnel—in special education, related services, early intervention, and regular education—to work with infants, toddlers, and children with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from allowable activities specified in the statute or otherwise authorized in the statute (see sections 662 and 681 of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1462 and 1481)). Absolute Priority: For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority. This priority is:

Personnel Development to Improve Services and Results for Children with Disabilities—Paraprofessional Preservice Program Improvement Grants (84.325N).

Background:
Paraprofessionals provide important services to children with disabilities ages birth through 21 and their families. In early intervention (EI) programs, preschools, and elementary, middle, and high schools, paraprofessionals provide instructional support, modify instructional materials, implement behavioral management plans, assist in the implementation of postsecondary education transition plans, and collect data to monitor children’s development and learning (Kellegrew, Pacifico-Banta, & Stewart, 2008; Mikulecky & Baber, 2005; Shkodrani, 2003). Kellegrew, Pacifico-Banta, and Stewart (2008) and Shkodrani (2003) note that paraprofessionals have become increasingly responsible for other activities involving children with disabilities, such as participating in the development of their Individualized Family Service Plans and Individualized Education Programs; providing direct services to children and their families, including small group instruction and one-on-one tutoring; and assisting with classroom management. Westat (2002) reported that the average paraprofessional works in five different classes per week and serves 21 students, 15 of whom have disabilities; consequently, it is important that paraprofessionals are prepared to meet professional qualifications that will enable them to provide effective services to all children, including students with disabilities.

Section 635(a)(9) of Part C of IDEA, section 612(a)(14)(B) of Part B of IDEA, and 34 CFR 300.156(b)(1) of the IDEA Part B regulations require States to provide assurances that they have established paraprofessional qualifications that are consistent with State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing early intervention, special education, or related services. In a 2004 survey of coordinators for the Part C infants and toddlers program under IDEA, half of the respondents indicated that their State had added or created new professional categories, particularly at the paraprofessional level, such as EI associates and EI assistants (Center to Inform Personnel Preparation Policy and Practice in Early Intervention and Preschool Education, 2004a). Additionally, many States are trying to identify preservice preparation opportunities for paraprofessionals in EI or are working on strategies to increase the quality of preservice programs (Kellegrew et al., 2008).

Despite these efforts and the critical roles that paraprofessionals play in the lives of children with disabilities, overall scant attention has been paid to ensuring that early childhood or K through 12 paraprofessional preschool programs adequately prepare paraprofessionals to serve children with disabilities and their families. Coordinators for the Part B, section 619 preschool program under IDEA have expressed concern about the adequacy of paraprofessionals’ preparation, particularly to work with young children with disabilities and their families (Center to Inform Personnel Preparation Policy and Practice in Early Intervention and Preschool Education, 2004b). Although national professional organizations (e.g., the Division for Early Childhood of the Council for Exceptional Children and the National Association for the Education of Young Children) have personnel standards that could be used to guide the preparation of paraprofessionals working with young children with disabilities and their families, many of the certificate or associate degree programs that prepare paraprofessionals have not yet met these standards or do not offer practicum experiences in working with children with disabilities and their families (Chang, Early, & Winton, 2005). Further, according to Ciampi and Pugach (2010), paraprofessionals in elementary and secondary special education settings are...
