#### SUPPLEMENTARY INFORMATION:

Regulations implementing Property Acquisition and Relocation for Open Space are codified at 44 CFR part 80. These regulations govern property acquisitions for the creation of open space under all of FEMA mitigation grant programs authorized under both the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C. 5121-5207, and the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.* Acquisition and relocation of property for open space use is one of the most common mitigation activities and is an eligible activity type authorized for Federal grant funds under all of FEMA mitigation grant programs. FEMA mitigation grant programs require all properties acquired with FEMA funds to be deed restricted and maintained as open space in perpetuity. This ensures that no future risks from hazards occur to life or structures on that property, and no future disaster assistance or insurance payments are made as a result of damages to that property. This extension of a currently approved collection of information is necessary to establish uniform requirements for State and local implementation of acquisition activities, and to enforce open space maintenance and monitoring requirements for properties acquired with FEMA mitigation grant funds.
