Foreign-Trade Zones Board

[Docket 18-2011]

Foreign-Trade Zone 59—Lincoln, NE; Application for Subzone; Cabela's Inc. (Hunting, Fishing, Camping and Related Outdoor Merchandise); Sidney, NE

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Lincoln Foreign-Trade Zone, Inc., grantee of FTZ 59, requesting special-purpose subzone status for the warehousing and distribution facilities of Cabela's Inc. (Cabela's), located in Sidney, Nebraska. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 7, 2011.

The Cabela's facilities (210 employees) consist of two sites on 67 acres in Sidney, Nebraska: *Site 1* (55 acres) is located at 3200 Road 101, Sidney; and *Site 2* (12 acres) is located at 3232 Road 101 East, Sidney. The facilities are used for the storage and distribution of outdoor merchandise, clothing and footwear, including optics, electronics, hunting, archery, shooting, fishing, boating, camping, pet and related products (duty rate ranges from duty-free to 48%).

FTZ procedures could exempt Cabela's from customs duty payments on foreign products that will be re-exported (approximately 1% of shipments). On its domestic sales, the company would be able to defer duty payments until merchandise is shipped from the plant and entered for consumption. FTZ designation would further allow Cabela's to realize logistical benefits through the use of weekly customs entry procedures. The

request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 13, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 28, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: March 7, 2011.

Andrew McGilvray,

Executive Secretary.

International Trade Administration

[A-570-506]

Porcelain-on-Steel Cooking Ware From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 14, 2011.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on porcelain-on-steel cooking ware ("POS cookware") from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a

notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Toni Dach, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-1655.

SUPPLEMENTARY INFORMATION:

On October 1, 2010, the Department published the notice of initiation of the sunset review of the antidumping duty order on POS cookware from the PRC pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 75 FR 60731 (October 1, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on POS cookware from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See *Porcelain-on-Steel Cooking Ware from the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order*, 76 FR 7534 (February 10, 2011).

On February 16, 2011, the ITC determined, pursuant to section 751(c)(1) of the Act, that revocation of the antidumping duty order on POS cookware from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See *Porcelain-on-Steel Cooking Ware From China*, 76 FR 12369 (March 7, 2011), and USITC Publication 4216 (February 2011), *Porcelain-on-Steel Cooking Ware from China*, Investigation No. 731-TA-298 (Third Review).

Scope of the Order

The merchandise covered by this order is porcelain-on-steel cooking ware from the PRC, including tea kettles, which do not have self-contained electric heating elements. All of the foregoing are constructed of steel and are enameled or glazed with vitreous glasses. The merchandise is currently classifiable under the Harmonized Tariff Schedule of the United States ("HTSUS") subheading 7323.94.00. The HTSUS subheading is provided for convenience and customs purposes. The written description of the scope remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that

revocation of the antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping order on POS cookware from the PRC. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: March 7, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by e-mail to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the e-mail comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Tammy Adams or Joselyd Garcia-Reyes, (301) 713-2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The ASLC requests a four-year permit to study thermoregulation in free-living Weddell seals in McMurdo Sound and along the shore of Ross Island, Antarctica. The research would involve capture of up to 30 adult females and 20 pups/juveniles of either sex annually. Adult females determined to not be pregnant and pups/juveniles of either sex would be anesthetized or sedated, have scientific instruments attached externally and inserted internally, be measured and weighed, have blood and blubber samples collected, and receive an ultrasound. Animals would be recaptured, with anesthesia or sedation, to retrieve instruments. An additional 300 seals of any age and either sex may be harassed incidental to the captures. The ASLC requests permission for up to 2 research-related mortalities per year of any animals affected by the research. Samples collected would be exported from Antarctica for analysis in the U.S.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to

prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: March 8, 2011.

Tammy C. Adams,

Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
