A. Background

The Energy Policy Act of 2005 (Pub. L. 109-58) authorized the Energy-Efficient Commercial Buildings Tax Deduction for expenses incurred for qualified energy efficient building investments made by a building owner. In government-owned buildings, the government may allocate this deduction

to the person or persons primarily responsible for designing the qualified improvements and this can provide significant incentive for contractors to meet or exceed energy reduction requirements.

In the event that a contractor requests allocation of the tax deduction from an agency, the agency can use the GSA Policy on Energy Efficient Commercial Buildings Tax Deduction as an information resource for allocating the deduction.

SUBJECT: Information on GSA Policy on Energy Efficient Commercial Buildings Tax Deduction

1. *What is the purpose of this bulletin?* This bulletin informs all agencies incurring expenses for energy efficient building investments made in government-owned buildings of useful information available to them from GSA's Policy on Energy Efficient Commercial Buildings Tax Deduction (developed and used by GSA's Public Buildings Service).

2. *What is the background of this bulletin?* The Energy Policy Act of 2005 (Pub. L. 109-58) authorized the Energy-Efficient Commercial Buildings Tax Deduction for expenses incurred for qualified energy efficient building investments made by a building owner. The Energy-Efficient Commercial Buildings Tax Deduction is a significant

financial incentive for contractors to meet or exceed an agency's energy reduction requirements for new and existing buildings. In the event that a contractor requests allocation of the tax deduction from an agency, the agency can use GSA's Policy on Energy Efficient Commercial Buildings Tax Deduction as an information resource for allocating the deduction.
