subsection (c)(2) is reflected as $0.0004, in conformity with subsection (b) of Rule 7014.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act, in general, and with Sections 6(b)(4) and 6(b)(5) of the Act. In particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls, and it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market, and, in general, to protect investors and the public interest.

The Investor Support Program encourages members to add targeted liquidity that is executed in the NASDAQ Market Center. The primary objective in making this enhancement to the Investor Support Program is to add an even greater amount of targeted liquidity to the Exchange. The rule change proposal, like the ISP, is “not designed to permit unfair discrimination” but, rather, is intended to promote submission of liquidity-providing orders to NASDAQ, which would benefit all NASDAQ members and all investors. Likewise, the proposal, like the ISP, is consistent with the Act’s requirement “for the equitable allocation of reasonable dues, fees, and other charges.” As explained in the immediately preceding paragraphs, the proposal enhances the goal of the ISP. Members who choose to significantly increase the volume of ISP-eligible liquidity-providing orders that they submit to NASDAQ would be benefitting all investors, and therefore an additional credit, as contemplated in the proposed enhanced program, is equitable. Finally, NASDAQ notes that the intense competition among several national securities exchanges and numerous OTC venues effectively guarantees that fees and credits for the execution of trades in NMS securities remain equitable and are not unfairly discriminatory.

B. Self-Regulatory Organization’s Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.
