SUPPLEMENTARY INFORMATION**I. Abstract**

The United States Patent and Trademark Office (USPTO) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks, service marks, collective trademarks and service marks, collective membership marks, and certification marks. Individuals and businesses that use, or intend to use such marks in commerce may file an application to register their marks with the USPTO. Registered marks remain on the register indefinitely so long as the owner of the registration files the necessary maintenance documents.

Such individuals and businesses may also submit various communications to the USPTO regarding their pending applications or registered trademarks, including providing additional information needed to process a pending application, filing amendments to the applications, or filing the papers necessary to keep a trademark in force. In the majority of circumstances, individuals and businesses retain attorneys to handle these matters. As such, these parties may also submit communications to the USPTO regarding the appointment of attorneys of record to represent applicants in the application process or, in the case of applicants or registrants who are not domiciled in the United States, the appointment of domestic representatives on whom may be served notices or process in proceedings affecting the mark, the revocation of an attorney's or domestic representative's appointment, and requests for permission to withdraw from representation. Applicants and registrants may also submit change of owner's address forms requesting that the USPTO amend the record of an application or registration by entering a new address for the applicant or registrant.

The rules implementing the Trademark Act are set forth in 37 CFR part 2. In addition to governing the registration of trademarks, the Act and rules also govern the appointments and revocations of attorneys and domestic representatives. The trademark rules provide the specifics for filing requests for permission to withdraw as the attorney of record. The requirements for changes of the owner's address are not governed by the trademark rules, but are outlined in the USPTO's procedures. The information in this collection is available to the public.

The information in this collection can be submitted in paper format or electronically through the Trademark Electronic Application System (TEAS). The USPTO has developed a new TEAS Global Form format that permits the agency to collect information electronically when a TEAS form having dedicated data fields is not yet available. With the introduction of the TEAS Global Forms, the information in this collection can be collected in three different formats: Paper format, electronically using the original TEAS forms, or electronically using the TEAS Global Forms.

This collection currently has three TEAS forms with dedicated data fields. As part of this renewal, the USPTO

proposes to add three TEAS Global Forms: For changing the domestic representative's address, replacing the attorney of record with another already-appointed attorney, and requesting the withdrawal of a domestic representative—into the collection. The paper equivalents will be added as well.

Although this collection does have electronic forms, there are no official paper forms for these items. Individuals and businesses can submit their own paper forms, following USPTO rules and guidelines to ensure that all necessary information is provided.

II. Method of Collection

Electronically if applicants submit the information using the original TEAS forms or the new TEAS Global Forms. By mail or hand delivery if applicants choose to submit the information in paper format.
