importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the Federal Register.

Skytop Rover, Co. (Skytop) of Philadelphia, Pennsylvania (Registered Importer 06–343) has petitioned NHTSA to decide whether nonconforming 2002 Kawasaki Ninja ZX–6R motorcycles are eligible for importation into the United States. Skytop contends that these vehicles are eligible for importation under 49 U.S.C. 30141(a)(1)(B) because they have safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS. In its petition, Skytop described the nonconforming 2002 Kawasaki Ninja ZX–6R as the same model as the U.S.-certified 2003 Kawasaki Ninja ZX–6R. Because the Ninja ZX–6R model was introduced in countries other than the U.S. as a new model before the introduction of the U.S.-certified version in 2003, the petitioner acknowledged that it could not base its petition on the substantial similarity of the 2002 Kawasaki Ninja ZX–6R to the U.S.-certified 2003 Kawasaki Ninja ZX–6R motorcycles due to the model year discrepancy and the petitioning requirements of 49 U.S.C. 30141(a)(1)(A), as set forth in 49 CFR part 593. Instead, the petitioner chose to establish import eligibility on the basis that the vehicles have safety features that comply with, or are capable of being modified to comply with, the FMVSS based on destructive test data or other such evidence that NHTSA decides to be adequate as set forth in 49 U.S.C part 30141(a)(1)(B). The petitioner contends that the 2002 Kawasaki Ninja ZX–6R utilizes the same components as the U.S.-certified 2003 Kawasaki Ninja ZX–6R motorcycles in virtually all of the systems subject to the applicable FMVSS.

Specifically, the petitioner claims that 2002 Kawasaki Ninja ZX–6R motorcycles have safety features that comply with Standard Nos. 106 Brake Hoses, 116 Motor Vehicle Brake Fluid, 119 New Pneumatic Tires for Vehicles Other than Passenger Cars, 122 Motorcycle Brake Systems, and 205 Glazing Materials. The petitioner further contends that the vehicles are capable of being altered to comply with the following standards, in the manner indicated:

- **Standard No. 108 Lamps, Reflective Devices and Associated Equipment**: inspection of all vehicles and replacement of the following with U.S.-certified components on vehicles not already so equipped: (a) Headlamps; (b) front and rear side-mounted reflex reflectors; (c) rear-mounted reflex reflector; (d) tail lamp assembly (including stoplamp, taillamp, and license plate lamp); and (e) front and rear turn signal lamps.
- **Standard No. 111 Rearview Mirrors**: inspection of all vehicles and installation of U.S.-model rearview mirrors on vehicles not already so equipped.
- **Standard No. 120 Tire Selection and Rims for Vehicles other than Passenger Cars**: installation of a tire information placard.
- **Standard No. 123 Motorcycle Controls and Displays**: (a) Installation of a U.S.-model speedometer, or modification of the speedometer so that it reads in miles per hour; and (b) installation of an ignition switch label.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the Federal Register pursuant to the authority indicated below.

_Authority:_ 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8. 

Issued on: March 9, 2011.

_Claude H. Harris, _Acting Associate Administrator for Enforcement._

**BILLING CODE 4910–59–P**

---

**DEPARTMENT OF TRANSPORTATION**

**National Highway Traffic Safety Administration**

**AGENCY:** National Highway Traffic Safety Administration, DOT.

**ACTION:** Notice of receipt of petition for decision that nonconforming 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006 are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006, that were not originally manufactured to comply with all applicable Federal Motor Vehicle Safety Standards (FMVSS) are eligible for importation into the United States because they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards (the U.S.-certified version of the 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006), and they are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is April 14, 2011.

**ADDRESSES:** Comments should refer to the docket and notice numbers above and be submitted by any of the following methods:

- **Federal eRulemaking Portal:** Go to [http://www.regulations.gov](http://www.regulations.gov). Follow the online instructions for submitting comments.
- **Mail:** Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building, Ground Floor, Room W12–140, Washington, DC 20590–0001
- **Hand Delivery or Courier:** West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.
- **Fax:** 202–493–2251.

**Instructions:** Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to [http://www.regulations.gov](http://www.regulations.gov), including any personal information provided. Please see the Privacy Act heading below.

**Privacy Act:** Anyone is able to search the electronic form of all comments received into any of our dockets by the
name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT’s complete Privacy Act Statement in the Federal Register published on April 11, 2000 (65 FR 19477–78).

How to Read Comments submitted to the Docket: You may read the comments received by Docket Management at the address and times given above. You may also view the documents from the Internet at http://www.regulations.gov. Follow the online instructions for accessing the dockets. The docket ID number and title of this notice are shown at the heading of this document notice. Please note that even after the comment closing date, we will continue to file relevant information in the Docket as it becomes available. Further, some people may submit late comments. Accordingly, we recommend that you periodically search the Docket for new material.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the Federal Register.

J.K. Technologies, LLC (“JK”), of Baltimore, Maryland (Registered Importer 90–006) has petitioned NHTSA to decide whether nonconforming 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006, are eligible for importation into the United States. The vehicles which JK believes are substantially similar are 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006, that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it compared non-U.S. certified 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006, to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS. JK submitted information with its petition intended to demonstrate that non-U.S. certified 2005–2006 Porsche Carrera (997) passenger cars manufactured prior to September 1, 2006, as originally manufactured, conform to many FMVSS in the same manner as their U.S.-certified counterparts, or are capable of being readily altered to conform to those standards.

The petitioner also contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 Controls Telltales, and Indicators: Installation of U.S. conforming instrument cluster and cruise control lever, and installation or activation of associated U.S.-version software in the vehicle’s computer system.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: Installation of the following U.S.-model components on vehicles not already so equipped: (a) Front sidemarker lamps with integral side reflex reflectors; (b) headlamps; (c) integral tail lamp housings that includes rear side marker, rear turn signal, and brake lamps, as well as rear and side reflex reflectors.

Standard No. 110 Tire Selection and Rims for Motor Vehicles with a GVWR of 4,536 kilograms (10,000 pounds) or Less: Installation of a tire information placard.

Standard No. 111 Rearview Mirrors: Installation of a U.S-model passenger side rearview mirror, or inscription of the required warning statement on the face of that mirror.

Standard No. 114 Theft Protection: Installation of a supplemental key warning buzzer, or installation or activation of U.S.-version software to meet the requirements of this standard.

Standard No. 118 Power-Operated Window, Partition, and Roof Panel Systems: Installation or activation of U.S.-version software in the vehicle’s computer system to meet the requirements of this standard.

Standard No. 208 Occupant Crash Protection: Inspection of all vehicles and replacement of any non U.S.-conforming model seat belts, air bag control units, air bags, and sensors with U.S.-model components on vehicles that are not already so equipped; and (b) installation or activation of U.S.-version software to ensure that the seat belt warning system meets the requirements of this standard.

Standard No. 209 Seat Belt Assemblies: Inspection of all vehicles and replacement of any non U.S.-certified model seat belts with U.S.-model components.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR part 565.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the Federal Register.
DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs (VA).

ACTION: Notice of Amendment of Systems of Records Notice “Supervised Fiduciary/Beneficiary and General Investigative Records—VA” (37VA27).

SUMMARY: As required by the Privacy Act of 1974 (5 U.S.C. 552(a)(4)), notice is hereby given that the Department of Veterans Affairs (VA) is updating system of records in its inventory entitled “Supervised Fiduciary/Beneficiary and General Investigative Records—VA” (37VA27). VA is amending the system of records by revising the Purpose(s), System Manager and address, and Routine Uses of Records Maintained in the System. VA is republishing the system notice in its entirety.

DATES: Comments on this amended system of records must be received no later than April 14, 2011. If no public comment is received during the period allowed for comment or unless otherwise published in the Federal Register by VA, the amended system will become effective April 14, 2011.

ADDRESSES: Written comments may be submitted through http://www.Regulations.gov; by mail or hand-delivery to the Director, Regulation Policy and Management (02REG), Department of Veterans Affairs, 810 Vermont Ave., NW., Room 1068, Washington, DC 20420; or by fax to 202–273–9026. (This is not a toll free number.) Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m. Monday through Friday (except holidays). Please call 202–461–4902 for an appointment. (This is not a toll free number.) In addition, during the comment period, comments may be viewed online through the Federal Docket Management System (FDMS) at https://www.Regulations.gov.

FOR FURTHER INFORMATION CONTACT: Thomas J. Murphy, Director, Compensation and Pension Service, Veterans Benefits Administration (VBA), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, 202–461–9700.

SUPPLEMENTARY INFORMATION: This system of records contains guidelines for the administration of benefits in regards to beneficiaries who have been deemed incompetent by medical or legal authority. As required by law this system of records is updated to contain additional routine uses deemed necessary to administer benefits covered under title 38, United States Code, chapter 3, section (501)(a), (b), chapter 55.

The routine uses of records maintained in the system, including categories of users and the purposes of such uses, are being amended to protect the confidentiality and govern the release of VA records subject to 38 U.S.C. 5701, which permits disclosure in accordance with valid routine uses. Routine use numbers 15, 16, 17, 18, 19, 20, and 21 have been added in accordance with this authority.

Routine use number 1 has been revised to require that individuals covered by this system provide written requests for disclosures to be made to members of Congress or their staff. Routine use number 15 was added to allow for the disclosure of information to the National Archives and Records Administration (NARA) and the General Services Administration (GSA) in records management inspections conducted under authority of chapter 29 of title 44, United States Code. Routine use number 16 was added to allow for the disclosure of information to the Department of Justice (DoJ), either on VA’s initiative or in response to DoJ’s request for information, after either VA or DoJ determines that such information is relevant to DoJ’s representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. Routine use number 17 was added to allow for the disclosure of relevant information to individuals, organizations, public or private agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement. Routine use number 18 was added to allow the disclosure of information by VA of any information in the system, except the names and mailing addresses of veterans and their dependents, that is relevant to a suspected violation or reasonably imminent violation of law, whether civil, criminal or regulatory in nature and whether arising by general or program statute or by regulation, rule or order issued pursuant thereto, to a Federal, State, local, Tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, rule, regulation or order. Routine use number 19 was added to allow the disclosure of information to Federal agencies to assist such agencies in preventing and detecting possible fraud or abuse in operations and programs. Routine use number 20 was added to allow VA to disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) VA has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the programs (whether maintained by VA or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is made to such agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out VA’s efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use allows disclosures by VA to respond to a suspected or confirmed data breach, including the conduct of any risks analysis or provision of credit protection services as defined in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727. Routine use number 21
