ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG–2011–0079 and are available online by going to http://www.regulations.gov, inserting USCG–2011–0079 in the “Keyword” box and then clicking “Search”. They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Mr. Terrance A. Knowles, Environmental Protection Specialist, Fifth District; Coast Guard; telephone 757–398–6587, e-mail Terrance.A.Knowles@uscg.mil. If you have questions on viewing the docket, call Terrance A. Knowles, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Cape May County Bridge Commission (CMCBC), who owns and operates this bascule drawbridge, has requested a temporary deviation from the current operating schedule to facilitate the cleaning and painting of the bridge structure. Under the regular operating schedule required by 33 CFR 117.737, the bridge opens on signal, except from 9:15 a.m. to 2:30 p.m. on the fourth Sunday in March of every year, the draw need not open for vessels. If the fourth Sunday falls on a religious holiday, the draw need not open from 9:15 a.m. to 2:30 p.m. on the third Sunday of March of every year. From 11 p.m. on December 24 until 11 p.m. on December 25, the draw need open only if at least two hours notice is given.

The Townsend Inlet Bridge, mile 0.3, in Avalon, NJ, has a vertical clearance in the closed position of 25 feet above mean high water. Vessels that can transit under the bridge without an opening may do so at any time. Under this temporary deviation, CMCBC will maintain the bridge in the closed position to vessels beginning at 5 a.m. on March 1, 2011 until and including 5 p.m. on April 30, 2011.

In 2010, during the months of March and April, the bridge had opened for vessels 62 and 45 times, respectively. The majority of the vessels for which the bridge opened were tugs and barges being used for beach replenishment.

The Coast Guard will inform users of the waterway through our Local and Broadcast Notices to Mariners of the closure periods for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

Vessels have two alternate routes by transiting either eight miles to the south through Hereford Inlet or eight miles to the north through Corson Inlet. The drawbridge will be able to open in the event of an emergency.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 7, 2011.
Waverly W. Gregory, Jr.,
Chief, Bridge Administration Branch, Fifth Coast Guard District.

33 CFR Part 117
[Docket No. USCG–2011–0150]

Drawbridge Operation Regulations; Annisquam River and Blynman Canal, Gloucester, MA

AGENCY: Coast Guard, DHS.
ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the SR127 Bridge at mile 0.0 across the Annisquam River and Blynman Canal. The deviation is necessary to facilitate a public event, the Yucan One-Mile Road Race, which will cross the SR127 Bridge. This deviation allows the bridge to remain in the closed position during the deviation period.

DATES: This deviation is effective from 8:45 a.m. through 10 a.m. on April 9, 2011.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG–2011–0150 and are available online at http://www.regulations.gov, inserting USCG–2011–0150 in the “Keyword” and then clicking “Search”. They are also available for inspection or copying by the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Mr. John McDonald, Project Officer, First Coast Guard District, john.w.mcdonald@uscg.mil, or telephone (617) 223–8364. If you have questions on viewing the docket, call John W. McDonald, Project Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The SR127 Bridge, across the Annisquam River/Blynman Canal, mile 0.0, at Gloucester, Massachusetts, has a vertical clearance in the closed position of 7 feet at mean high water and 16 feet at mean low water. The drawbridge operation regulations are listed at 33 CFR 117.586. The owner of the bridge, Massachusetts Department of Transportation, requested a temporary deviation from the regulations to facilitate the Yucan One-Mile Road Race which will pass across the SR127 Bridge.

Under this temporary deviation the SR127 Bridge may remain in the closed position between 8:45 a.m. and 10 a.m. on April 9, 2011. Vessels that can pass under the bridge in the closed position may do so at any time.

The Gloucester Harbor Master and the local marinas were notified and no objections were received.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 8, 2011.
Gary Kassof,
Bridge Program Manager, First Coast Guard District.

33 CFR Part 117
[Docket No. USCG–2011–0149]

Drawbridge Operation Regulations; Bass River, Beverly, MA

AGENCY: Coast Guard, DHS.
ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Hall Whitaker Bridge at mile 0.6 across the Bass River.
at Beverly, Massachusetts. The deviation is necessary to facilitate structural repairs. This deviation allows the bridge to remain in the closed position during the deviation period.

DATES: This deviation is effective from 6 p.m. on March 25, 2011 through 6 p.m. on March 27, 2011.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG–2011–0149 and are available online at http://www.regulations.gov, inserting USCG–2011–0149 in the “Keyword” and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Mr. John McDonald, Project Officer, First Coast Guard District, john.w.mcdonald@uscg.mil, or telephone (617) 223–8364. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Hall Whitaker Bridge, across the Bass River at Beverly, Massachusetts, has a vertical clearance in the closed position of 5 feet at mean high water and 14 feet at mean low water. The drawbridge operation regulations are listed at 33 CFR 117.588.

The owner of the bridge, Massachusetts Department of Transportation, requested a temporary deviation from the regulations to facilitate emergency repairs at the bridge. A routine structural inspection revealed deterioration on two steel floor beams at the bridge. The two beams must be replaced as soon as possible in the interest of public safety.

Under this temporary deviation the Hall Whitaker Bridge may remain in the closed position from 6 p.m. on March 25, 2011 through 6 p.m. on March 27, 2011. Vessels that can pass under the bridge in the closed position may do so at any time.

The Beverly Harbor Master and the local marinas were notified and no objections were received.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 8, 2011.

Gary Kassof,
Bridge Program Manager, First Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 52
Approval and Promulgation of Air Quality Implementation Plans; Virginia; Adoption of the Revised Lead Standards and Related Reference Conditions and Update of Appendices; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to an adverse comment, EPA is withdrawing the direct final rule to approve revisions to Virginia’s State Implementation Plan (SIP). These SIP revisions add the primary and secondary lead standards of 0.15 micrograms per cubic meter (µg/m3), related reference conditions, and update the list of appendices under “Documents Incorporated by Reference.” In the direct final rule published on January 26, 2011 (76 FR 4537), we stated that if we received any adverse comments by February 25, 2011, the rule would be withdrawn and would not take effect. EPA received an adverse comment within the comment period. EPA will address the comment received in a subsequent final action based upon the proposed action also published on January 26, 2011 (76 FR 4579). EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 76 FR 4537, January 26, 2011, is withdrawn as of March 18, 2010.

ADDRESSES: EPA has established docket number EPA–R03–OAR–2010–0882 for this action. The index to the docket is available electronically at http://www.regulations.gov and in hard copy at Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

FOR FURTHER INFORMATION CONTACT: Irene Shandruk, (215) 814–2166, or by e-mail at shandruk.irene@epa.gov.

List of Subjects in 40 CFR Part 52
Environmental protection, Air pollution control, Incorporation by reference, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: March 8, 2011.

Shawn M. Garvin,
Regional Administrator, Region III.

Accordingly, the amendments to the table in 40 CFR 52.2420, published on January 26, 2011 (76 FR 4537) on page 4539 is withdrawn as of March 18, 2011.

ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 52
Approval and Promulgation of Air Quality Implementation Plans; New Hampshire; Determination of Attainment of the 1997 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final Rule.

SUMMARY: The EPA is taking final action to determine that the Boston-Manchester-Portsmouth (SE), New Hampshire moderate 1997 8-hour ozone nonattainment area has attained the 1997 8-hour National Ambient Air Quality Standard (NAAQS) for ozone. This determination is based upon complete, quality-assured, certified ambient air monitoring data that show the area has monitored attainment of the 1997 8-hour ozone NAAQS for the 2007–2009 monitoring period. Preliminary data available for the 2010 ozone season is consistent with continued attainment. Under the provisions of EPA’s ozone implementation rule, the requirements for this area to submit an attainment demonstration, a reasonable further progress plan, contingency measures, and other planning State Implementation Plans related to attainment of the 1997 8-hour ozone NAAQS shall be suspended for so long as the area continues to attain the 1997 ozone NAAQS. In addition, EPA is taking final action to determine that this area has attained the 1997 ozone NAAQS as of June 15, 2010, its applicable attainment date.

DATES: Effective Date: This rule is effective on April 18, 2011.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2010–0934. All documents in the docket are listed on the http://www.regulations.gov Web site. Although
