

seq.) to require any national securities exchange, national securities association, alternative trading system, exchange market maker, over-the-counter market maker and any other broker-dealer that executes orders internally by trading as principal or crossing orders as agent, to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the execution of a transaction in its market at a price that is inferior to a bid or offer displayed in another market at the time of execution (a "trade-through"), absent an applicable exception and, if relying on an exception, that are reasonably designed to assure compliance with the terms of the exception. Without this collection of information, respondents would not have a means to enforce compliance with the Commission's intention to prevent trade-throughs pursuant to the rule.

There are approximately 658 respondents<sup>1</sup> per year that will require an aggregate total of 39,480 hours to comply with this rule.<sup>2</sup> It is anticipated that each respondent will continue to expend approximately 60 hours annually: two hours per month of internal legal time and three hours per month of internal compliance time to ensure that its written policies and procedures are up-to-date and remain in compliance with Rule 611. The estimated cost for an in-house attorney is \$354 per hour and the estimated cost for an assistant compliance director in the securities industry is \$320 per hour. Therefore the estimated total cost of compliance for the annual hour burden is as follows:  $[(2 \text{ legal hours} \times 12 \text{ months} \times \$354) \times 658] + [(3 \text{ compliance hours} \times 12 \text{ months} \times \$320) \times 658] = \$13,170,528$ .<sup>3</sup> There are no longer start-up costs associated with Rule 611.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the

Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

*From:* Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

#### *Extension:*

Form N-8B-4; SEC File No. 270-180; OMB Control No. 3235-0247.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Form N-8B-4 (17 CFR 274.14) is the form used by face-amount certificate companies to comply with the filing and disclosure requirements imposed by

Section 8(b) of the Investment Company Act of 1940 (15 U.S.C. 80a-8(b)). Form N-8B-4 requires disclosure about the face-amount certificate company's organization, controlling persons, business, policies, securities, investment adviser, depositary, management personnel, compensation, and financial statements. The Commission uses the information provided in the collection of information to determine compliance with Section 8(b) of the Investment Company Act of 1940.

Based on the Commission's industry statistics, the Commission estimates that there would be approximately one annual filing on Form N-8B-4. The Commission estimates that each registrant filing a Form N-8B-4 would spend 171 hours in preparing and filing the Form and that the total hour burden for all Form N-8B-4 filings would be 171 hours. Estimates of the burden hours are made solely for the purposes of the PRA, and are not derived from a comprehensive or even a representative survey or study of the costs of SEC rules and forms.

The information provided on Form N-8B-4 is mandatory. The information provided on Form N-8B-4 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

<sup>1</sup> This estimate includes thirteen national securities exchanges and one national securities association that trade NMS stocks. The estimate also includes the approximately 601 firms that were registered equity market makers or specialists at year-end 2009, as well as 43 alternative trading systems that operate trading systems that trade NMS stocks.

<sup>2</sup> The one-time hour burden associated with developing the required policies and procedures is no longer applicable.

<sup>3</sup> The total cost of compliance for the annual hour burden has been revised to reflect updated estimated cost figures for an in-house attorney and an assistant compliance director. These figures are from SIFMA's *Management & Professional Earnings in the Securities Industry 2010*, modified by Commission staff to account for an 1800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.
