Notice of Availability of Draft Environmental Impact Statement for the Proposed Honolulu Seawater Air Conditioning Project, Honolulu, HI

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of Availability.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers, Honolulu District has prepared a Draft Environmental Impact Statement (DEIS) to inform a decision on an application from Honolulu Seawater Air Conditioning, LLC to construct a seawater air conditioning system (SWAC) at Kaka‘ako on the south shore of O‘ahu. The applicant’s overall project purpose is to provide a renewable-energy air conditioning system for downtown Honolulu buildings. In order to obtain deep, cold seawater to chill fresh water that would circulate through the SWAC system and return it to the ocean after it has passed through onshore heat exchangers, the applicant proposes to construct intake and return pipelines in adjacent coastal waters. The proposed pipeline staging and installation sites are located within the navigable waters of the United States and the proposed activity is subject to the jurisdiction of the U.S. Army Corps of Engineers. Proposed onshore improvements and upland infrastructure are briefly described to provide an overview of the project, but their impacts to terrestrial environmental resources are not a primary focus of the document.

Of primary federal concern are potential effects of proposed in-water construction, including the discharge of fill material at the offshore pipeline receiving pit, and operation of the system on the quality of the human environment. The DEIS considers alternative cooling technologies, cooling station designs and locations, pipeline installation methods, diffuser location and depth, and intake design. It evaluates two alternatives involving different pipeline alignments. Identified environmental resources potentially affected include marine biota and habitat; water quality; navigation and other human use; noise; and air quality.

I. Funding Opportunity Description

Purpose of Program: Section 3131 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), provides for a National Professional Development (NPD) program that will award grants on a competitive basis, for a period of not more than 5 years, to institutions of higher education (in consortia with State educational agencies or local educational agencies). These grants support professional development activities that are designed to improve classroom instruction for English Learners (ELs) and will assist educational personnel working with such children to meet high professional standards, including standards for certification and licensure as teachers who work in language instruction educational programs or serve ELs.

Grants awarded under this program may be used—

(1) For pre-service professional development programs that will assist local schools and institutions of higher education (IHEs) to upgrade the qualifications and skills of educational personnel who are not certified or licensed, especially educational paraprofessionals;

(2) For the development of program curricula appropriate to the needs of the consortia participants involved; and

(3) In conjunction with other Federal need-based student financial assistance programs, for financial assistance, and costs related to tuition, fees, and books for enrolling in courses required to complete the degree involved, to meet certification or licensing requirements for teachers who work in language instruction educational programs or serve ELs.

Priorities: This notice includes three competitive preference priorities and two invitational priorities. Competitive Preference Priority 1 is from section 75.225 of the Education Department General Administrative Regulations (EDGAR) (34 CFR 75.225). Competitive Preference Priorities 2 and 3 are from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the Federal Register on December 15, 2010 (75 FR 78486).

Competitive Preference Priorities: For FY 2011, these priorities are competitive preference priorities. For Competitive Preference Priority 1, under 34 CFR 75.105(c)(2)(i), we award an additional 5 points to an applicant that meets the priority. For Competitive Preference Priorities 2 and 3, we award up to an additional 5 points per priority to an application, depending on how well the application meets the priority.

Note: We will award competitive preference priority points for Competitive Preference Priorities 2 and 3 only to applications that score 80 or above on the selection criteria. We will award competitive preference priority points under Competitive Preference Priority 1 to any application that meets that priority.

These priorities are:

Competitive Preference Priority 1—Novice Applicants.
