SUPPLEMENTARY INFORMATION:
Background

On September 14, 2010, the Department published the preliminary results of this administrative review. See AR4 Preliminary Results. The merchandise covered by the order is floor-standing, metal-top ironing tables and certain parts thereof from the PRC, as described in the “Scope of the Order” section of this notice. The period of review (POR) is August 1, 2007, through July 31, 2008. This administrative review covers Since Hardware.

In the Preliminary Results, we invited parties to comment. Additionally, on October 22, 2010 we issued to Interested Parties a Memorandum detailing the Industry Specific Wage Rates that the Department has used in these Final Results. See October 22, 2010, Memorandum from Michael J. Heaney to the File: “08/01/2007–07/31/2008 Review of the Antidumping Duty Order on Floor Standing Metal Top Ironing Tables from the People’s Republic of China: Industry Specific Wage Rate Selection.” We invited interested parties to comment on the Department’s calculation of industry specific wage rates that are outlined in our October 22, 2010, Industry Specific Wage Rate Memorandum. On November 3, 2010, we extended the due date for filing case briefs until November 15, 2010. In response, on November 15, 2010, the Department received a case brief from Home Products International (the Petitioner in this case). Petitioner, and Since Hardware submitted rebuttal briefs on November 22, 2010. On December 27, 2010, the Department extended the time frame for the final results of review by an additional 60 days. See Floor-Standing Metal-Top Ironing Tables and Certain Parts Thereof from the People’s Republic of China: Extension of Time Limit for the Final Results of Administrative Review, 75 FR 81212 (December 27, 2010).

Scope of the Order

For purposes of the order, the product covered consists of floor-standing, metal-top ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. The subject tables are designed and used principally for the hand ironing or pressing of garments or other articles of fabric. The subject tables have full-height leg assemblies that support the ironing surface at an appropriate (often adjustable) height above the floor. The subject tables are produced in a variety of leg finishes, such as painted, plated, or matte, and they are available with various features, including iron rests, linen racks, and others. The subject ironing tables may be sold with or without a pad and/or cover. All types and configurations of floor-standing, metal-top ironing tables are covered by this review.

Furthermore, the order specifically covers imports of ironing tables, assembled or unassembled, complete or incomplete, and certain parts thereof. For purposes of the order, the term “unassembled” ironing table means a product requiring the attachment of the leg assembly to the top or the attachment of an included feature such as an iron rest or linen rack. The term “complete” ironing table means product sold as a ready-to-use ensemble consisting of the metal-top table and a pad and cover, with or without additional features, e.g., iron rest or linen rack. The term “incomplete” ironing table means product shipped or sold as a “bare board”—i.e., a metal-top table only, without the pad and cover—with or without additional features, e.g., iron rest or linen rack. The major parts or components of ironing tables that are intended to be covered by the order under the term “certain parts thereof” consist of the metal top component (with or without assembled supports and slides) and/or the leg components, whether or not attached together as a leg assembly. The order covers separately shipped metal top components and leg components, without regard to whether the respective quantities would yield an exact quantity of assembled ironing tables.

Ironing tables without legs (such as models that mount on walls or over doors) are not floor-standing and are specifically excluded. Additionally, tabletop or countertop models with short legs that do not exceed 12 inches in length (and which may or may not collapse or retract) are specifically excluded.

The subject ironing tables were previously classified under Harmonized
