SUPPLEMENTARY INFORMATION: In accordance with the Privacy Act of 1974, as amended, the FDIC has conducted a review of its Privacy Act systems of records and has determined that it needs to add one new system of records to cover personal information submitted by residential mortgage loan originators and maintained in the Nationwide Mortgage Licensing System and Registry (NMLSR) pursuant to the S.A.F.E. Act. The new system of records is designated as FDIC-30-64-0032 (Nationwide Mortgage Licensing System and Registry).

The S.A.F.E. Act requires an employee of a bank, savings association, credit union or Farm Credit System institution and certain of their subsidiaries that are regulated by a Federal banking agency or the Farm Credit Administration who acts as a residential mortgage loan originator to register with the NMLSR, obtain a unique identifier, and maintain this registration. The NMLSR collects and stores information concerning a residential mortgage loan originator's identity including personal history and experience and may include information related to any administrative, civil, or criminal findings by any governmental jurisdiction. The information will be collected by entering information online into the NMLSR Web site. Once collected, the information will be maintained in the NMLSR electronic system in a secured environment.

The NMLSR is a Web-based system owned and operated by the State Regulatory Registry LLC (SRR). SRR is a limited-liability company established by Conference of State Bank Supervisors (CSBS) and the American Association of Residential Mortgage Regulators as a subsidiary of CSBS to develop and operate nationwide systems for State regulators in the financial services industry. SRR has contracted with the Financial Industry Regulatory Authority (FINRA) to build and maintain the NMLSR system. FINRA operates similar systems in the securities industry. More information about this system is available at <http://mortgage.nationwide licensingsystem.org/>.
