

government in place of procedures available under existing program-specific authorization regulations. An application submitted under the Subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable Subpart D requirements.

On August 31, 2010, the Colorado Department of Public Health and Environment (CODPHE) submitted an application for its Net Discharge Monitoring Report (NetDMR) electronic document receiving system for revision/modification of its EPA-authorized programs under title 40 CFR. EPA reviewed CODPHE's request to revise its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Colorado's request for revision to its 40 CFR Part 123—National Pollutant Discharge Elimination System (NPDES) State Program Requirements and Part 403—General Pretreatment Regulations For Existing And New Sources Of Pollution EPA-authorized programs for electronic reporting of discharge monitoring report information submitted under 40 CFR parts 122 and 403 is being published in the **Federal Register**.

CODPHE was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: March 8, 2011.

Andrew Battin,

Director, Office of Information Collection.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review and Approval to the Office of Management and Budget (OMB), Comments Requested

March 15, 2011.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as

required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501-3520. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and (e) ways to further reduce the information collection burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before April 21, 2011. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via the Internet at Nicholas_A.Fraser@omb.eop.gov and to the Federal Communications Commission via e-mail to PRA@fcc.gov. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review", (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418-0214. For additional

information or copies of the information collection(s), contact Judith B. Herman, OMB, 202-418-0214 or e-mail judith-b.herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0262.
Title: Section 90.179, Shared Use of Radio Stations.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions and state, local or tribal government.

Number of Respondents and Responses: 42,000 respondents; 42,000 responses.

Estimated Time per Response: 15 minutes for records maintenance; and 45 minutes for preparation of sharing agreements; 1 hour total time per response.

Frequency of Response:

Recordkeeping requirement, on occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 154(i), 161, 303(g), 303(r), and 332(c)(7).

Total Annual Burden: 42,000 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission will submit this expiring collection during this comment period to obtain the three year clearance from the Office of Management and Budget (OMB). There is no change in the Commission's reporting, recordkeeping and/or third party disclosure requirements. There is no change in the Commission's previous burden estimates.

The Commission was directed by the United States Congress, in the Balanced Budget Act of 1997, to dedicate 2.4 MHz of electromagnetic spectrum in the 746-806 MHz band for public safety services. Section 90.179 requires that Part 90 licensees that share use of their private land mobile radio facility on a non-profit, cost-sharing basis keep a written agreement as part of the station records. Regardless of the method of sharing, an up-to-date list of persons who are sharing the station and the basis of their eligibility under Part 90 must be maintained. The requirement is necessary to identify users of the system should interference problems develop.

This information is used by the Commission to identify users of the system should interference problems develop. This information is used by the Commission to investigate interference

complaints and resolve interference and operational complaints that may arise among the users.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of Managing Director.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

March 16, 2011.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501-3520. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, and (e) ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 23, 2011. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to the Federal Communications

Commission via e-mail to PRA@fcc.gov and Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information, contact Cathy Williams on (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0027.

Title: Application for Construction Permit for Commercial Broadcast Station, FCC Form 301.

Form Number: FCC Form 301.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit entities; State, local or Tribal governments.

Number of Respondents and Responses: 4,544 respondents; 7,980 responses.

Estimated Time per Response: 1-6.25 hours (average).

Frequency of Response: On occasion reporting requirement; Third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for the information collection requirements is contained in Sections 154(i), 303 and 308 of the Communications Act of 1934, as amended.

Total Annual Burden: 20,257 hours.

Total Annual Costs: \$88,116,793.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On January 28, 2010, the Commission adopted a First Report and Order and Further Notice of Proposed Rulemaking in MB Docket No. 09-52, FCC 10-24. On March 3, 2011, the Commission adopted a Second Report and Order ("Second R&O"), First Order on Reconsideration, and Second Further Notice of Proposed Rule Making in MB Docket No. 09-52, FCC 11-28. The Second R&O adopts modifications to the manner in which the Commission awards preferences to applicants under the provisions of Section 307(b) of the Act. For Section 307(b) purposes, licensees and permittees seeking to change community of license must demonstrate that the facility at the new community represents a preferential arrangement of allotments (FM) or assignments (AM) over the current facility. Applications that are submitted to change an existing radio facility's community of license must include an Exhibit containing information demonstrating that the proposed change of community of license will result in a preferential arrangement of allotments or assignments under Section 307(b).

Consistent with actions taken by the Commission in the Second R&O, the

Instructions to the Form 301 have been revised to incorporate the information that must be included in the Exhibit, which is responsive to the "Community of License Change—Section 307(b)" question in the Form 301. The Form 301 itself has not been revised, nor have any questions been added to the Form 301. Rather, the Instructions for the Form 301 have been revised to assist applicants with completing the mandatory, responsive Exhibit.

The modifications to the Commission's allotment and assignment policies adopted in the Second R&O include a rebuttable "Urbanized Area service presumption" under Priority (3), whereby an application to locate or relocate a station as the first local transmission service at a community located within an Urbanized Area, that would place a daytime principal community signal over 50 percent or more of an Urbanized Area, or that could be modified to provide such coverage, will be presumed to be a proposal to serve the Urbanized Area rather than the proposed community.

In the case of an AM station, the determination of whether a proposed facility "could be modified" to cover 50 percent or more of an Urbanized Area will be made based on the applicant's certification in the Exhibit that there could be no rule-compliant minor modifications to the proposal, based on the antenna configuration or site, and spectrum availability as of the filing date, that could cause the station to place a principal community contour over 50 percent or more of an Urbanized Area. In the case of an FM station, the determination of whether a proposed facility "could be modified" to cover 50 percent or more of an Urbanized Area will be based on an applicant's certification in the Exhibit that there are no existing towers in the area to which, at the time of filing, the applicant's antenna could be relocated pursuant to a minor modification application to serve 50 percent or more of an Urbanized Area. Specifically, an FM applicant would need to certify that there could be no rule-compliant minor modification on the proposed channel to provide a principal community signal over 50 percent or more of an Urbanized Area, in addition to covering the proposed community of license. In doing so, FM applicants will be required to consider all existing registered towers in the Commission's Antenna Structure Registration database, in addition to any unregistered towers currently used by licensed radio stations. Furthermore, we expect all applicants to consider widely-used techniques, such as directional antennas and contour protection, when
