

and major industry developments, in time series analyses and industry comparisons, and in special studies such as analyses of establishments, employment, and wages by size of establishment.

II. Current Action

Office of Management and Budget clearance is being sought for the Quarterly Census of Employment and Wages (QCEW) program.

The QCEW program is the only Federal statistical program that provides information on establishments, wages, tax contributions and the number of employees subject to State UI laws and the Unemployment Compensation for the Federal Employees program. The consequences of not collecting QCEW data would be grave to the Federal statistical community. The BLS would not have a sampling frame for its establishment surveys; it would not be able to publish as accurate current estimates of employment for the U.S., States, and metropolitan areas; and it would not be able to publish quarterly census totals of local establishment counts, employment, and wages. The Bureau of Economic Analysis would not be able to publish as accurate personal income data in a timely manner for the U.S., States, and local areas. Finally, the Department of Labor's Employment Training Administration would not have the information it needs to administer the Unemployment Insurance Program.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
 - Enhance the quality, utility, and clarity of the information to be collected.
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Extension of a currently approved collection.

Agency: Bureau of Labor Statistics.
Title: Quarterly Census of Employment and Wages (QCEW) Program.

OMB Number: 1220-0012.

Affected Public: State Governments.

Total Respondents: 53.

Frequency: Quarterly.

Total Responses: 212.

Average Time per Response: 4,866 hours.

Estimated Total Burden Hours:

1,031,680 hours.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 16th day of March 2011.

Kimberley Hill,

*Chief, Division of Management Systems,
Bureau of Labor Statistics.*

[Docket No. OSHA-2011-0056]

Voluntary Protection Programs Information; Extension of the Office of Management and Budget's (OMB's) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning its proposal to extend the Office of Management and Budget's (OMB's) approval of the information collection requirements contained in Voluntary Protection Programs Information.

DATES: Comments must be submitted (postmarked, sent, or received) by May 23, 2011.

ADDRESSES: *Electronically:* You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Facsimile: If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, OSHA Docket No. OSHA-2011-0056, U.S. Department of Labor, Occupational Safety and Health Administration, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., e.t.

Instructions: All submissions must include the Agency name and OSHA docket number for the Information Collection Request (ICR) (OSHA-2011-0056). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled "**SUPPLEMENTARY INFORMATION.**"

Docket: To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this Federal Register notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office.

FOR FURTHER INFORMATION CONTACT: Patrick Showalter, Acting Director, Office of Partnerships and Recognition, Directorate of Cooperative and State Programs, OSHA, U.S. Department of Labor, Room N-3700, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2213.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA 95) [44 U.S.C. 3506(c)(2)(A)]. This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and

OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The Voluntary Protection Programs (VPP) [47 FR 29025], adopted by OSHA, established the efficacy of cooperative action among government, industry, and labor to address employee safety and health issues and to expand employee protection. To qualify, employers must meet OSHA's safety and health management criteria which focus on comprehensive management programs and active employee involvement to prevent or control worksite safety and health hazards. Employers who qualify generally view OSHA standards as a minimum level of safety and health performance, and set their own more stringent standards, wherever necessary, to improve employee protection. Prospective VPP worksites must submit an application that includes:

General applicant information (*e.g.*, site, corporate, and collective bargaining contact information).

Injury and illness rate performance information (*i.e.*, number of employees and/or applicable contractors on-site, type of work performed and products produced, North American Industry Classification System (NAICS) codes, and Recordable Injury and Illness Case Incidence Rate information).

Safety and health management program information (*i.e.*, description of the applicant's safety and health management programs including how the programs successfully address management leadership and employee involvement, worksite analysis, hazard prevention and control, and safety and health training).

OSHA uses this information to determine whether an applicant is ready for a VPP on-site evaluation and as a verification tool during VPP on-site evaluations. Without this information, OSHA would be unable to determine which sites are ready for VPP status.

Each current VPP applicant is also required to submit an annual evaluation which addresses how that applicant is

continuing its adherence to programmatic requirements.

In 2008, OSHA modified procedures for VPP applicants, OSHA on-site evaluations, and annual participant self-evaluations for applicants/participants subject to OSHA's Process Safety Management (PSM) Standard.

Applicants that perform work that use or produce highly hazardous chemicals exceeding specified limits covered under the PSM standard must submit responses to the PSM application supplement along with their VPP application.

Once in the VPP, the participant is required to submit an annual evaluation detailing its continued adherence to programmatic requirements. Applicants covered under the PSM standard are required to submit a PSM questionnaire, a supplemental document, as part of their annual submission. OSHA needs this information to ensure that the participant remains qualified to participate in the VPP between on-site evaluations. Without this information, OSHA would be unable to determine whether applicants are maintaining excellent safety and health management programs during this interim period.

In 2009, with the publication of the **Federal Register** Notice (FRN) (74 FR 927, January 9, 2009), VPP revised its traditional focus on individual fixed worksites (site-based) by adding two new ways to participate: Mobile workforce and corporate. A significant reorganization of the program helped clarify the multiple participation options now available.

Employees of VPP participants may apply to participate in the Special Government Employee (SGE) Program. The SGE Program offers private and public sector safety and health professionals and other qualified participants the opportunity to exchange ideas, gain new perspectives, and grow professionally while serving as full-fledged team members on OSHA's VPP on-site evaluations. In that capacity, SGEs may review company documents, assist with worksite walkthroughs, interview employees, and assist in preparing VPP on-site evaluation reports. Potential SGEs must submit an application that includes:

- SGE Eligibility Information Sheet (*i.e.*, applicant's name, professional; credentials, site/corporate contact information, *etc.*);
- Current Resume;
- Confidential Financial Disclosure Report (OGE Form 450).

OSHA uses the SGE Eligibility Information Sheet to ensure that the potential SGE works at a VPP site and meets the minimum eligibility

qualifications. The resume is required to provide a detailed description of their current duties and responsibilities as they relate to safety and health and the implementation of an effective safety and health management program. The OGE Form 450 is used to ensure that SGEs do not participate on on-site evaluations at VPP sites in-which they have a financial interest.

OSHA Challenge is designed to reach and guide employers and companies in all major industry groups who are strongly committed to improving their safety and health management programs and possibly pursuing recognition in the VPP. The Challenge Administrator's application is used to: (1) Conduct a preliminary analysis of the applicant's knowledge of safety and health management programs; and (2) make a determination regarding the applicant's qualifications to become a Challenge Administrator. Once a Challenge Administrator is approved, the program's Administrator will review each Challenge candidate's application/annual submissions to ensure that all necessary information is provided, prior to forwarding them to OSHA's National Office for analysis and acceptance.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA proposes to extend OMB's approval of the collection of information (paperwork) requirements necessitated by the Voluntary Protection Programs. The Agency is requesting an adjustment in the burden hours from 105,965 to 115,359; a total increase of 9,394 hours. The Agency will summarize the comments submitted in response to this notice, and will include this summary in its request to OMB to extend the approval of these information collection requirements.

Type of Review: Extension of a currently approved collection.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA–2011–0056). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY) (877) 889–5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before April 21, 2011. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740–6001

E-mail: request.schedule@nara.gov.
