

“Registration of securities information processors: form of application and amendments”.

On September 23, 1975, the Commission adopted Rule 11Ab2–1 and Form SIP under the Securities Exchange Act of 1934 (“Act”) (15 U.S.C. 78a *et seq.*) to establish the procedures by which Securities Information Processor (“SIP”) files and amends their SIP registration statements.¹ Under Regulation NMS Rule 11Ab2–1 was redesignated as Rule 609.² The information filed with the Commission pursuant to Rule 609 and Form SIP is designed to provide the Commission with the information necessary to make the required findings under the Act before granting the SIP’s application for registration. In addition, the requirement that a SIP file an amendment to correct any inaccurate information is designed to assure that the Commission has current, accurate information with respect to the SIP. This information is also made available to members of the public.

Only exclusive SIPs are required to register with the Commission. An exclusive SIP is a SIP that engages on an exclusive basis on behalf of any national securities exchange or registered securities association, or any national securities exchange or registered securities association which engages on an exclusive basis on its own behalf, in collecting, processing, or preparing for distribution or publication, any information with respect to (i) transactions or quotations on or effective or made by means of any facility of such exchange or (ii) quotations distributed or published by means of any electronic quotation system operated by such association. The Federal securities laws require that before the commission may approve the registration of an exclusive SIP, it must make certain mandatory findings. It takes a SIP applicant approximately 400 hours to prepare documents which include sufficient information to enable the Commission to make those findings. Currently, there are only two exclusive SIPs registered with the Commission; The Securities Information Automation Corporation (“SIAC”) and The Nasdaq Stock Market, LLC (“Nasdaq”). SIAC and Nasdaq are required to keep the information on file with the Commission current, which entails filing a form SIP annually to update information.

¹ See Securities Exchange Act Release No. 11673 (September 23, 1975), 40 FR 45422 (October 2, 1975).

² See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496 (June 29, 2005).

Accordingly, the annual reporting and recordkeeping burden for Rule 609 and Form SIP is 400 hours; the burden of information collection is estimated to involve approximately 1 respondent application for registration making 1 response per year. This annual reporting and recordkeeping burden does not include the burden hours or cost of amending a Form SIP because the Commission has already overstated the compliance burdens by assuming that the Commission will receive one initial registration pursuant to Rule 609 on Form SIP a year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to: Thomas Bayer, Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, Virginia 22312 or send an e-mail to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500–1]

In the Matter of Heli Electronics Corp., Order of Suspension of Trading

March 21, 2011.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Heli Electronics Corp. (“HELI”), a Nevada corporation with headquarters and operations in the People’s Republic of China, which trades in the over-the-counter market under the symbol “HELI.”

Questions have arisen regarding the accuracy and completeness of

information contained in HELI’s public filings with the Commission concerning, among other things, the company’s cash balances and accounts receivable. The company has failed to disclose that the company’s independent auditor has resigned due to accounting irregularities involving (a) discrepancies between HELI’s accounting records for cash balances and official bank statements obtained by the auditors from the company’s bank, (b) discrepancies concerning the existence and location of company customers, and (c) the possibility that accounting records could have been falsified. Due to these irregularities, the company’s auditor has resigned from its engagement to audit the company’s consolidated financial statements for the year ended December 31, 2010, and has withdrawn its audit opinion issued June 15, 2010 relating to the audit of the company’s consolidated financial statements as of December 31, 2009 and 2008.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, *it is ordered*, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. EDT, March 21, 2011, through 11:59 p.m. EDT, on April 1, 2011.

By the Commission.
Elizabeth M. Murphy,
Secretary.

[Release No. 34–64090; File No. SR–BX–2011–007]

Self-Regulatory Organizations; NASDAQ OMX BX LLC; Order Approving a Proposed Rule Change Relating to Permanent Approval of the BX and NES Inbound Routing Relationship

March 17, 2011.

I. Introduction

On January 28, 2011, NASDAQ OMX BX LLC (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² a proposed rule

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

change requesting permanent approval of the Exchange's pilot program to permit the Exchange to accept inbound orders that Nasdaq Execution Services, LLC ("NES") routes in its capacity as a facility of The NASDAQ Stock Market LLC ("Nasdaq"), with certain obligations and conditions. The proposed rule change was published for comment in the **Federal Register** on February 14, 2011.³ The Commission received no comment letters regarding the proposed rule change. This order approves the proposed rule change.

II. Background

BX Equity Rule 2140(a) prohibits the Exchange or any entity with which it is affiliated from acquiring or maintaining an ownership interest in a member in the absence of an effective filing under Section 19(b) of the Act.⁴ NES is a broker-dealer that is a member of the Exchange, and currently provides to Nasdaq members optional routing services to other market centers. NES is owned by The NASDAQ OMX Group, Inc. ("NASDAQ OMX"), which also owns three registered securities exchanges—Nasdaq, the Exchange, and NASDAQ OMX PHLX LLC.⁵ Thus, NES is an affiliate of each of these exchanges. Absent an effective filing, BX Equity Rule 2140(a) would prohibit NES from being a member of the Exchange.

On August 7, 2008, in connection with the acquisition of the Exchange by NASDAQ OMX, the Commission, approved an affiliation between the Exchange and NES for the limited purpose of permitting NES to provide routing services for Nasdaq for orders that first attempt to access liquidity on Nasdaq's system before routing to the Exchange, subject to certain other limitations and conditions.⁶ At the time of NASDAQ OMX's acquisition of the Exchange, the Exchange was not trading equity securities.⁷ On December 23, 2008, in connection with the Exchange's resumption of equity trading, the Commission approved a modification to the conditions for the affiliation between NES and the Exchange, to permit the Exchange to receive orders routed by NES in its capacity as a

facility of Nasdaq (including "Directed Orders"),⁸ on a one-year pilot basis.⁹ The Exchange is now proposing to make such approval permanent.¹⁰

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹¹ Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(1) of the Act,¹² which requires, among other things, that a national securities exchange be so organized and have the capacity to carry out the purposes of the Act, and to comply and enforce compliance by its members and persons associated with its members, with the provisions of the Act, the rules and regulation thereunder, and the rules of the Exchange. Further, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹³ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, and processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general, to protect investors and the public interest. Section 6(b)(5) also requires that the rules of an exchange not be designed to permit unfair discrimination among customers, issuers, brokers, or dealers.

NES operates as a facility of Nasdaq that provides outbound routing from Nasdaq to other market centers, subject to certain conditions.¹⁴ NES's operation as a facility providing outbound routing services for Nasdaq is subject to the

conditions that: (1) NES is operated and regulated as a facility of Nasdaq; (2) NES only provides outbound routing services unless otherwise approved by the Commission; (3) the designated examining authority of NES is a self-regulatory organization unaffiliated with Nasdaq; and (4) the use of NES for outbound routing is available only to Nasdaq members and the use of NES remains optional.¹⁵

The operation of NES as a facility of Nasdaq providing outbound routing services from that exchange will be subject to Nasdaq oversight, as well as Commission oversight. Nasdaq will be responsible for ensuring that NES's outbound routing function is operated consistent with Section 6 of the Act and Nasdaq rules. In addition, Nasdaq must file with the Commission rule changes and fees relating to NES's outbound routing function.

Recognizing that the Commission has previously expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange of which it is a member, the Exchange previously proposed, and the Commission approved, limitations and conditions on NES's affiliation with the Exchange.¹⁶ Also recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, the Exchange previously proposed, and the Commission approved,¹⁷ NES's affiliation with the Exchange to permit the Exchange to accept inbound orders that NES routes in its capacity as a facility of Nasdaq, subject to the following limitations and conditions, which the Exchange states it has met:¹⁸

- First, the Exchange and FINRA will enter into a Regulatory Contract, as well as an agreement pursuant to Rule 17d-2 under the Act ("17d-2 Agreement").¹⁹ Pursuant to the Regulatory Contract and the 17d-2 Agreement, FINRA will be allocated regulatory responsibilities to review NES's compliance with certain Exchange rules.²⁰ Pursuant to the Regulatory Contract, however, BX

retains ultimate responsibility for enforcing its rules with respect to NES.

- Second, FINRA will monitor NES for compliance with the Exchange's trading rules, and will collect and maintain certain related information.²¹

- Third, FINRA will provide a report to the Exchange's chief regulatory officer ("CRO"), on a quarterly basis, that: (i) Quantifies all alerts (of which FINRA is aware) that identify NES as a participant that has potentially violated Commission or Exchange rules, and (ii) lists all investigations that identify NES as a participant that has potentially violated Commission or Exchange rules.²²

- Fourth, the Exchange has adopted BX Equity Rule 2140(c), which requires NASDAQ OMX, as the holding company owning both the Exchange and NES, to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to the Exchange's systems as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Exchange members, in connection with the provision of inbound order routing to the Exchange.²³

- Fifth, routing of orders from NES to the Exchange, in NES's capacity as a facility of Nasdaq, was authorized for a pilot period of twelve months.²⁴

The Exchange believes that by meeting the above-listed conditions it has set up mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to NES, and has demonstrated that NES cannot use any information advantage it may have because of its affiliation with the Exchange.²⁵

In the past, the Commission has expressed concern that the affiliation of

an exchange with one of its members raises potential conflicts of interest, and the potential for unfair competitive advantage.²⁶ Although the Commission continues to be concerned about potential unfair competition and conflicts of interest between an exchange's self-regulatory obligations and its commercial interest when the exchange is affiliated with one of its members, for the reasons discussed below, the Commission believes that it is consistent with the Act to permit NES to provide inbound routing to the Exchange on a permanent basis instead of a pilot basis, subject to the other conditions described above.

The Exchange has proposed four ongoing conditions applicable to NES's routing activities, which are enumerated above. The Commission believes that these conditions mitigate its concerns about potential conflicts of interest and unfair competitive advantage. In particular, the Commission believes that FINRA's oversight of NES,²⁷ combined with FINRA's monitoring of NES's compliance with the equity trading rules and quarterly reporting to the Exchange's CRO, will help to protect the independence of the Exchange's regulatory responsibilities with respect to NES. The Commission also believes that BX Equity Rule 2140(c) is designed to ensure that NES cannot use any information advantage it may have because of its affiliation with the Exchange.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁸ that the proposed rule change (SR–BX–2011–007) be, and hereby is, approved.

²⁶ See, e.g., Securities Exchange Act Release Nos. 54170 (July 18, 2006), 71 FR 42149 (July 25, 2006) (SR–NASDAQ–2006–006) (order approving Nasdaq's proposal to adopt Nasdaq Rule 2140, restricting affiliations between Nasdaq and its members); 53382 (February 27, 2006), 71 FR 11251 (March 6, 2006) (SR–NYSE–2005–77) (order approving the combination of the New York Stock Exchange, Inc. and Archipelago Holdings, Inc.); 58673 (September 29, 2008), 73 FR 57707 (October 8, 2008) (SR–Amex–2008–62) (order approving the combination of NYSE Euronext and the American Stock Exchange LLC); 59135 (December 22, 2008), 73 FR 79954 (December 30, 2008) (SR–ISE–2009–85) (order approving the purchase by ISE Holdings of an ownership interest in DirectEdge Holdings LLC); and 59281 (January 22, 2009), 74 FR 5014 (January 28, 2009) (SR–NYSE–2008–120) (order approving a joint venture between NYSE and BIDS Holdings L.P.).

²⁷ This oversight will be accomplished through the 17d–2 Agreement between FINRA and the Exchange and the Regulatory Contract.

Self-Regulatory Organizations; International Securities Exchange, LLC; Order Approving a Proposed Rule Change To Establish New Classes of Market Makers for Index Options

March 17, 2011.

I. Introduction

On January 12, 2011, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b–4 thereunder,² a proposed rule change to amend its rules to establish two new classes of market makers for index options traded on the Exchange. The proposed rule change was published for comment in the **Federal Register** on January 31, 2011.³ The Commission received no comments regarding the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposed to amend its rules to establish the following new classes of market makers for certain index options traded on the Exchange: Index Options Primary Market Makers ("IXPMM")⁴ and Index Options Competitive Market Makers ("IXCMM"),⁵ collectively referred to as IXMMs.

The Exchange's proposal to separate out and introduce a new class of market maker trading licenses that are specific to index options is intended to allow an opportunity for additional market

⁴ An IXPMM is defined in new ISE Rule 2013(a) as a primary market maker in Eligible Index Options traded on the Exchange pursuant to new ISE Rule 2013.

⁵ An IXCMM is defined in new ISE Rule 2013(a) as a competitive market maker in Eligible Index Options traded on the Exchange pursuant to new ISE Rule 2013.

²¹ Pursuant to the Regulatory Contract, both FINRA and the Exchange will collect and maintain all alerts, complaints, investigations and enforcement actions in which NES (in its capacity as a facility of Nasdaq routing orders to the Exchange) is identified as a participant that has potentially violated applicable Commission or Exchange rules. The Exchange and FINRA will retain these records in an easily accessible manner in order to facilitate any potential review conducted by the Commission's Office of Compliance Inspections and Examinations.
