

DEPARTMENT OF COMMERCE**International Trade Administration**

[C-357-813]

Honey From Argentina: Rescission of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is rescinding the administrative review of the countervailing duty order on honey from Argentina for the period January 1, 2010, through December 31, 2010 based on a timely withdrawal of the sole request for review.

DATES: *Effective Date:* March 24, 2011.

FOR FURTHER INFORMATION CONTACT: Justin M. Neuman, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0486.

SUPPLEMENTARY INFORMATION:**Background**

On December 10, 2001, the Department published in the **Federal Register** the countervailing duty order on honey from Argentina. *See Notice of Countervailing Duty Order: Honey From Argentina*, 66 FR 63673 (December 10, 2001). On December 1, 2010, the Department published a notice announcing the opportunity to request an administrative review of the countervailing duty order on honey from Argentina for the period January 1, 2010, through December 31, 2010. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 75 FR 74682 (December 1, 2010). On January 3, 2011, in accordance with 19 CFR 351.213(b), the Department received a timely request from the American Honey Producers Association and the Sioux Honey Association (collectively, Petitioners), to conduct an administrative review. In accordance with section 751(a)(1) of the Tariff Act of 1930 (the Act) and 19 CFR 351.221(c)(1)(i), on January 28, 2011, the Department published a notice initiating an administrative review of the countervailing duty order. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 76 FR 5137 (January 28, 2011). On February 24, 2011, Petitioners withdrew their request for review.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Petitioners' February 24, 2011, withdrawal was filed within the 90-day period, and no other party requested a review. Therefore, pursuant to 19 CFR 351.213(d)(1), the Department is rescinding this administrative review.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties at the cash deposit rate in effect on the date of entry, for all entries of honey from Argentina during the period January 1, 2010, through December 31, 2010. The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice of rescission of administrative review.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: March 18, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Institute of Standards and Technology****Proposed Information Collection; Comment Request; Identification of Human Cell Lines Project**

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 23, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Margaret Kline at the National Institute of Standards and Technology, 100 Bureau Drive, Stop 8311, Gaithersburg, MD 20899-8311; or at Margaret.Kline@nist.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Institute of Standards and Technology (NIST) Biochemical Science Division announces its intent to identify by short tandem repeat (STR) profiling up to 1500 human cell line samples as part of the Identification of Human Cell Lines Project. All data and corresponding information will be posted in a publically held database at the National Center for Biotechnology Information (NCBI) and will be used to differentiate among cell lines, as described in *Designation: ASN-0002 Authentication of Human Cell Lines: Standardization of STR Profiling* by the ATCC Standards Development Organization Workgroup.

Human cell line samples are cells taken from a human being that can be grown in the laboratory and are considered immortal (alive and reproduce forever in a petri plate, given appropriate conditions). They can be used for scientific experiments, as examples of the tissue they're from. Once cells from a tissue have been grown in the lab they are called a cell line. There is a tremendous need for investigators to know with confidence that the cells they are using are of the desired species of origin.

This interactive database will be used by the research and development community to validate cell lines of interest. It will offer DNA profiles of commonly used standard cell lines, as donated by interested parties. The database will allow disparate

laboratories to compare their lines, thereby facilitating the validation of experimental data. Thus the database will address the need for investigators to know much more about the samples used in their research. The database will fulfill an overarching need of researchers to characterize their substrates with an accepted standard.

II. Method of Collection

The data required to differentiate among the cell lines can be submitted in hard copies or electronic submissions to NIST (contact information above).

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission (new information collection).

Affected Public: Business or other for-profit organizations; Academia; Not-for-profit institutions.

Estimated Number of Respondents: 100 (15 cell line limit).

Estimated Time per Response: 2 hours and 30 minutes (10 minutes/cell line × 15 cell lines).

Estimated Total Annual Burden Hours: 250.

Estimated Total Annual Cost to Public: \$2,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 18, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Pacific Islands Region Vessel and Gear Identification Requirements

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 23, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Walter Ikehara, (808) 944-2275, or Walter.Ikehara@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Regulations at 50 CFR 665.16 require that all United States (U.S.) vessels with Federal permits fishing for Western Pacific fishery management unit species display identification markings on the vessel and gear, as specified in 50 CFR 665 and 50 CFR 300. Vessels registered for use with a permit issued under Subparts B through E of 50 CFR 665, must display the vessel's official number on both sides of the deckhouse or hull, and on an appropriate weather deck. Vessels fishing in the Western and Central Pacific Convention (WCPFC) Area with a WCPFC Area Endorsement, or required to have a WCPFC Area Endorsement, must comply with the regulations at 50 CFR 300.14 and 50 CFR 300.217. These regulations require that vessels must display their international radio call sign on both sides of the deckhouse or hull, and on an appropriate weather deck, unless specifically exempted. Regulations at 50 CFR 300.35 require that vessels fishing under the South Pacific Tuna Treaty must display their international radio

call sign on the hull, the deck, and on the sides of auxiliary equipment such as skiffs and helicopters. The numbers must be a specific size at specified locations. The display of the identifying numbers aids in fishery law enforcement.

Western Pacific fisheries regulations at 50 CFR 665.128, 665.228, 665.428, 665.628, and 665.804 require that certain fishing gear must be marked. In the pelagic longline fisheries, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the coral reef ecosystem fisheries, the vessel number must be affixed to all fish and crab traps. The marking of gear links fishing or other activity to the vessel, aids law enforcement, and is valuable in actions concerning the damage, loss of gear, and civil proceedings.

II. Method of Collection

Third party disclosure.

III. Data

OMB Control Number: 0648-0360.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 311.

Estimated Time per Response: 45 minutes per western Pacific fishing vessel; one hour and 15 minutes per South Pacific purse seine vessel; 2 minutes per gear marking.

Estimated Total Annual Burden Hours: 1,148.

Estimated Total Annual Cost to Public: \$35,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;
