Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection; Comment Request—Supplemental Nutrition Assistance Program Repayment Demand and Program Disqualification

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on proposed information collections. This collection is a revision of currently approved information collection requirements associated with initiating collection actions against households who have received an overissuance in the Supplemental Nutrition Assistance Program (SNAP).

Type of Request: Revision of a currently approved collection.

Abstract: Section 13(b) of the Food and Nutrition Act of 2008, as amended (7 U.S.C. 2022(b)), and Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 273.18 require State agencies to initiate collection action against households that have been overissued benefits. To initiate collection action, State agencies must provide an affected household with written notification informing the household of the claim and demanding repayment. This process is automated in most State agencies. For initiating collection action on an overissuance, we are increasing the estimated annual reporting and recordkeeping burden for State agencies and households from 111,200 hours to 137,584 hours. The reason for the increase is to reflect the higher number of claims that were established in fiscal year (FY) 2009.

Note that for recipient claims, this Federal Register notice only covers the reporting and recordkeeping burden for initiating collection action. The burden associated with reporting collections and other claims management information on the FNS–209 report is covered under currently approved OMB number 0584–0069 expiration date 8/31/2012. The burden associated with referring delinquent claims and receiving collections through the Treasury Offset Program is covered under currently approved OMB number 0584–0446 expiration date 2/28/2013. SNAP regulations at 7 CFR 273.16 require State agencies to investigate any case of suspected fraud and, where applicable, make an intentional Program violation (IPV) determination either administratively or judicially. Examples of notifications and activity involved in the IPV process include:

• The State agency providing written notification informing an individual suspected of committing an IPV of an impending administrative disqualification hearing or court action;
• An individual opting to accept the disqualification and waiving the right to an administrative disqualification hearing or court action by signing either a waiver to an administrative disqualification hearing or a disqualification consent agreement in cases of deferred adjudication;
• Once a determination is made regarding an IPV, the State agency sends notification to the affected individual of the action taken on the administrative disqualification hearing or court decision.

Despite an increase in SNAP participation, IPV activity has only increased slightly. We are increasing the
