Exchange is capable of maintaining order entry and potential display from 7 a.m. to 4 p.m. ET. For the purposes of the Exchange’s rule change, the term “System Hours” shall mean for orders so designated, that if after entry into the System, the order is not fully executed, the order (or an unexecuted portion thereof) shall be canceled and returned to the entering Participant. See Exchange Rule 4751(h)(1).

proposing to expand its operational hours to open the System earlier so that firms can enter orders and execute beginning at 7 a.m. rather than 8 a.m.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act, in general, and with Sections 6(b)(1) and 6(b)(5) of the Act, in particular, in that the proposal enables the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act and to comply with and enforce compliance by members, member organizations, and persons associated with member and member organizations with provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange. The proposal is also consistent with Section 6 of the Act in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. An earlier open will enhance the national market system by providing market participants increased opportunity to more effectively carry out the execution of orders in the manner addressed by Exchange rules. Such improvements will enhance the protection of investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
