The technical workshop will be held in the Commission Meeting Room at the headquarters of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC from 9 a.m. to 2 p.m. (ET). The workshop will be open to the public. Although there is no registration to attend, staff is requesting some information from potential attendees to help prepare for the workshop.

The workshop will focus only on technical issues related to completing and filing the Form No. 549D, "Quarterly Transportation and Storage Report for Intrastate Natural Gas and Hinshaw Pipelines" using either a fillable Form PDF (http://www.ferc.gov/docs-filing/forms/form-549d/form-549d.pdf) or XML (http://www.ferc.gov/docs-filing/forms/form-549d/form-549d.xsd.xsd) file. This workshop is not intended to lead to any type of further order in the proceeding. In addition, the workshop will not address any aspect of the Notice of Inquiry under Docket No. RM11–4–000. Any future clarifications regarding the use of the fillable Form, XML, and further instructions that result from discussions at the workshop will be communicated via the FERC Web site at http://www.ferc.gov/docs-filing/forms.asp#549d.

Attendees and their staff who will use the fillable Form No. 549D PDF or XML are requested to download and familiarize themselves with the following:

2. Data dictionary and instructions in the Appendix of Order 735–A
3. XML Schema (Form549D XSD.xsd file) at http://www.ferc.gov/docs-filing/forms/form-549d/form-549d.xsd.xsd
4. eFiling Procedures that pertain to the fillable Form and XML files.

Examples of a completed fillable Form 549D and XML file will also be posted on the FERC Web site at a later date.

Commission staff is requesting that potential filers send an e-mail to form549d@mferc.gov by March 31, 2011, informing the Commission staff of their preferences for using either the PDF or XML version of Form No. 549D as a method to eFile quarterly data and whether they intend on attending the workshop. This information will assist Staff in preparing for the Technical Workshop, but will not bind filers to a specific filing method in the future.

An agenda for the workshop will be issued in a later notice. This technical workshop will not be webcast and will not be transcribed. Those that are unable to attend in person may send questions at any time to form549d@mferc.gov. Because of ex parte concerns and pursuant to 18 CFR 3c.2 (2010), questions are subject to the same procedures and restrictions for all informal communications between regulated entities and Commission Staff.

Commission workshops and meetings are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free 866–208–3372 (voice) or 202–502–8659 (TTY), or send a fax to 202–208–2106 with the required accommodations.

For additional information, please contact James Sarikas at 202–502–6831 or James.Sarikas@ferc.gov of FERC’s Office of Energy Market Regulation and Thomas Russo at 202–502–8792 or Thomas.Russo@ferc.gov of FERC’s Office of Enforcement.

Dated: March 22, 2011.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717–01–P

ENVIRONMENTAL PROTECTION AGENCY
Agency Information Collection Activities; Proposed Collection; Comment Request; 2011 Hazardous Waste Report, Notification of Regulated Waste Activity, and Part A Hazardous Waste Permit Application and Modification

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on November 30, 2011. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before May 31, 2011.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–RCRA–2011–0280, by one of the following methods:

• http://www.regulations.gov: Follow the on-line instructions for submitting comments.
• E-mail: rcra-docket@epa.gov.
• Fax: 202–566–9744.
• Mail: RCRA Docket (22822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

Hand Delivery: 1301 Constitution Ave., NW., Room 3334, Washington, DC 20460. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA–HQ–RCRA–2011–0280. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at http://www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through http://www.regulations.gov or e-mail. The http://www.regulations.gov Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through http://www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA’s public docket visit the EPA Docket Center homepage at http://www.epa.gov/epahome/dockets.htm.

FOR FURTHER INFORMATION CONTACT: Peggy Vyas, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone 202-566-0280.
number: 703–308–5477; fax number: 703–308–0433; e-mail address: vyas.peggy@epa.gov.

SUPPLEMENTARY INFORMATION:

How can I access the docket and/or submit comments?

EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–RCRA–2011–0280, which is available for online viewing at http://www.regulations.gov, or in person viewing at the RCRA Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566–1744, and the telephone number for RCRA Docket is (202) 566–0270.

Use http://www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the docket ID number identified in this document.

What information is EPA particularly interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

In addition, EPA is requesting comments on some proposed changes to the Hazardous Waste Report form and instructions designed to clarify long-standing points of confusion. Some of these changes are scheduled for the 2011 booklet, some for the 2013 booklet. The proposed changes can be found in a draft Hazardous Waste Report From and Instructions booklet in the docket for this notice.

What should I consider when I prepare my comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under DATES.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and Federal Register citation.

What information collection activity or ICR does this apply to?

Affected entities: Entities potentially affected by this action are business or other for-profit as well as State, Local, or Tribal governments.

ICR numbers: EPA ICR No. 0976.15, OMB Control No. 2050–0024.

ICR status: This ICR is currently scheduled to expire on November 30, 2011. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA’s regulations in title 40 of the CFR, after appearing in the Federal Register when approved, are listed in 40 CFR part 9, are displayed either by publication in the Federal Register or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR will combine two separate ICRs into one: the “Notification of Regulated Waste Activity and 2011 Hazardous Waste Report” ICR and the “RCRA Hazardous Waste Permit Application and Modification, Part A” ICR (currently EPA ICR number 0262.11, OMB control number 2050–0034).

Both Sections 3002 and 3004 of RCRA require EPA to establish standards for recordkeeping and reporting of hazardous waste generation and management. Section 3002 applies to hazardous waste generators and Section 3004 applies to hazardous waste treatment, storage, and disposal facilities. In addition, Sections 3002 and 3004 require the submission of a report, at least every 2 years, of the quantity and nature of hazardous waste generated and managed during one year. This is mandatory reporting. The information for the required reporting year (every odd year) is collected via a mechanism known as the Hazardous Waste Report (EPA Form 8700–13 A/B). This form is also known as the “Biennial Report” form.

Section 3010 of RCRA requires any person who generates or transports regulated waste or who owns or operates a facility for the treatment, storage, or disposal of regulated waste to notify EPA of their activities, including the location and general description of activities and the regulated wastes handled. The facility is then issued an EPA Identification number. The facilities are required to use the Notification Form (EPA Form 8700–12) to notify EPA of their hazardous waste activities. This form is also known as the “Notification” form.

Section 3005 of RCRA requires treatment, storage, and disposal facilities (TSDFs) to obtain a permit. To obtain the permit, the TSDF must submit an application describing the facility’s operation. There are two parts to the RCRA permit application—Part A and Part B. The RCRA Hazardous Waste Part A Permit Application form (EPA Form 8700–23) defines the processes to be used for treatment, storage, and disposal of hazardous wastes; the design capacity of such processes; and the specific hazardous wastes to be handled at the facility. This form is also known as the “Part A” form. [Part B requires detailed site specific information such as geologic, hydrologic, and engineering data. There is no form for Part B, and the burden is covered under a separate ICR.]

The information from all three forms is entered into a national database. EPA uses the information to identify the universe of regulated waste generators,
handlers, and managers and their specific regulated waste activities. EPA also uses this information to ensure that regulated waste is managed properly, that statutory provisions are upheld, and that regulations are adhered to by facility owners or operators.

Burden Statement: The annual reporting burden for the 2011 Hazardous Waste Report is estimated to average 17 hours per respondent, and includes time for reviewing instructions, gathering data, completing and reviewing the forms, and submitting the report. The recordkeeping requirement is estimated to average 4 hours per response and includes the time for filing and storing the 2011 Hazardous Waste Report submission for three years.

The annual public reporting and recordkeeping burden for the Notification of Regulated Waste Activity is estimated to average 2 hours per response for the initial notification, and 1 hour per response for any subsequent notifications.

The annual public reporting and recordkeeping burden for the Part A Permit Application is estimated to average 25 hours per response for an initial application and 13 hours per response for a revised application.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency’s estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 56,800.
Estimated average annual burden: 422,633 hours.
Estimated total annual costs: $16,540,823. This includes an estimated burden cost of $16,339,984 in annualized labor cost and $200,839 for capital investment or maintenance and operational costs.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another Federal Register notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under FOR FURTHER INFORMATION CONTACT.

Dated: March 11, 2011.
Sandra L. Connors,
Acting Director, Office of Resource Conservation and Recovery.

ENVIROMENTAL PROTECTION AGENCY

ENVIRONMENTAL PROTECTION AGENCY

Proposed Settlement Agreement, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Settlement Agreement; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or “the Act”), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by WildEarth Guardians and Elizabeth Crowe in the United States District Court for the Northern District of California: WildEarth Guardians et al. v. Jackson, No. 3:10-cv-04603-WHA (ND CA). On October 12, 2010, Plaintiffs filed a complaint alleging that EPA failed to issue findings of failure to submit State Implementation Plans (“SIP”) regarding specified areas designated as nonattainment for the 1997 8-hour National Ambient Air Quality Standards (“NAAQS”) for ozone within the States of Arizona, Nevada, Pennsylvania and Tennessee pursuant to CAA, 42 U.S.C. 7401–7671q. The proposed settlement agreement establishes a deadline for EPA to take action.

DATES: Written comments on the proposed settlement agreement must be received by April 28, 2011.

ADDRESSES: Submit your comments, identified by Docket ID number EPA–HQ–OGC–2011–0337, online at http://www.regulations.gov (EPA’s preferred method); by e-mail to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD–ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FURTHER INFORMATION CONTACT: Jan Tierney, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: (202) 564–5598; fax number (202) 564–5603; e-mail address: tierney.jan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement Agreement

The proposed settlement agreement would resolve a lawsuit seeking to compel action by the Administrator to make findings of failure to submit on certain SIPs under the CAA. The proposed settlement agreement requires EPA to sign for publication in the Federal Register no later than May 31, 2011 findings of failure to submit such SIPs for the Las Vegas, Nevada and the Pittsburgh-Beaver Valley, Pennsylvania 1997 8-hour ozone nonattainment areas. EPA will no longer be obligated to make such finding for the area if prior to May 31, 2001 it takes one of the following actions for the area: (1) EPA takes final action on its proposed rule to classify the area under Title I, Part D, subpart 2 of the CAA; (2) EPA takes final action redesignating the area to attainment or unclassifiable; or (3) EPA signs a final rule making a determination that the area has attained the 1997 8-hour ozone NAAQS. If EPA fulfills its obligations, Plaintiff has agreed to dismiss this suit without prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed...
