POSTAL REGULATORY COMMISSION

Sunshine Act Meetings

TIME AND DATE: Wednesday, April 6, 2011, at 11 a.m.

STATUS: Part of this meeting will be open to the public. The rest of the meeting will be closed to the public. The open part of the meeting will be audiocast. The audiocast can be accessed via the Commission’s Web site at http://www.prc.gov.

MATTERS TO BE CONSIDERED: The agenda for the Commission’s April 2011 meeting includes the items identified below.

Portions Open to the Public

1. Report on completion of advisory opinion on five-day delivery.
II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to establish fees for a new order type called Qualified Contingent Cross (“QCC”). The QCC order type was recently approved by the Commission.\(^3\) The Exchange now proposes to adopt fees related to this new order type. Specifically, the Exchange proposes to extend the same pricing that currently applies to orders entered into the facilitation, solicitation and price improvement mechanism on behalf of firm proprietary, Non-ISE Market Makers\(^5\) and Professional Order participants,\(^2\) which amounts to $0.20 per contract for QCC orders in all option classes traded on the Exchange.

\(^1\) The fee for ISE Market Makers that participate in a QCC order will be charged either $1.18\(^5\) or $2.07, depending upon the product.\(^8\)

\(^2\) Statutory Basis

The Exchange believes that its proposal to amend its Schedule of Fees is consistent with Section 6(b) of the Act\(^9\) in general, and furthers the objectives of Section 6(b)(4)(A) of the Act\(^10\) in particular, in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members. The Exchange believes that the fees proposed for QCC orders are reasonable because QCC orders are similar to facilitation and solicitation orders in that the members have both sides of the order and are entering the order onto the exchange for execution. Members are currently charged $.20 for executions of facilitation and solicitation orders and because QCC orders have a similar composition, it is reasonable that the Exchange is proposing to charge the same fee to QCC orders. The Exchange believes that the proposed fee is equitable in that this fee is applied consistently across all memberships and client categories, except for ISE Market Makers in certain circumstances. The Exchange believes that it is equitable to allow ISE Market Makers a lower transaction fee in certain circumstances because ISE Market Makers are differentiated from other members in that they have negative and affirmative obligations to the market place.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

\(^3\) The purpose of the proposed rule change is to establish fees for a new order type called Qualified Contingent Cross (“QCC”). The QCC order type was recently approved by the Commission.\(^3\) The Exchange now proposes to adopt fees related to this new order type. Specifically, the Exchange proposes to extend the same pricing that currently applies to orders entered into the facilitation, solicitation and price improvement mechanism on behalf of firm proprietary, Non-ISE Market Makers\(^5\) and Professional Order participants,\(^2\) which amounts to $0.20 per contract for QCC orders in all option classes traded on the Exchange.

\(^5\) The term “ISE Market Maker” means a market maker as defined in Section 3(a)(36) of the Securities Exchange Act of 1934 registered in the same options classes on the other options exchange. See ISE’s Schedule of Fees.

\(^6\) The term “Professional Order” means an order that is for the account of a person or entity that is not a Priority Customer. See ISE Rule 100(37C).

\(^8\) The term “Non-ISE Market Maker” means a market maker as defined in Section 3(a)(30) of the Securities Exchange Act of 1934 registered in the same options classes on another options exchange. See ISE’s Schedule of Fees.
