

elements. The Supplemental EIR/EIS will also identify potentially significant direct, indirect, and cumulative impacts on biological resources, land use, air quality, water quality, water resources, and socioeconomics, along with other environmental issues that could occur with the implementation of the proposed actions and alternatives. For all potentially significant impacts, the Supplemental EIR/EIS will identify avoidance, minimization, and mitigation measures to reduce these impacts, where feasible, to a level below significance.

Public Comments

Please direct any comments to the Service contact listed above in the **ADDRESSES** section, and any questions to the Service contact listed in the **FOR FURTHER INFORMATION CONTACT** section. All comments and materials received, including names and addresses, will become part of the administrative record and may be released to the public. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: This notice is provided under section 10(a) of the ESA and Service regulations for implementing NEPA (40 CFR 1506.6).

Dated: March 24, 2011.

Paul McKim,

Acting Deputy Regional Director, Pacific Southwest Region, Sacramento, California.

Notice of Intent To Prepare a Possible Land Use Plan Amendment in Conjunction With the Proposed Quartzsite Solar Energy Project, La Paz County, AZ

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the

Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM), Yuma Field Office, Yuma, Arizona, proposes to amend the Yuma Resource Management Plan (RMP), in conjunction with the Quartzsite Solar Energy Project (QSEP), and by this notice is announcing the beginning of the scoping process to solicit public comments and identify issues associated with the proposed RMP amendment.

DATES: This notice initiates the public scoping process for the proposed amendment. To be fully considered in the planning process, comments must be submitted in writing by April 29, 2011. The date(s) and location(s) of all scoping meetings will be announced at least 15 days in advance of the meeting(s) through local media and the following BLM Web site at: <http://www.blm.gov/az/st/en.html>. The BLM will provide additional opportunities for public participation upon publication of the draft planning document.

ADDRESSES: You may submit comments related to the plan amendment proposal by any of the following methods:

- *Web site:* <http://www.blm.gov/az/st/en.html>.
- *E-mail:* Quartzsite_Solar@blm.gov.
- *Fax:* 928-317-3250.
- *Mail:* Quartzsite Solar Energy

Project, BLM, Yuma Field Office, Attention: Eddie Arreola, Supervisory Project Manager, 2555 East Gila Ridge Road, Yuma, Arizona 85365.

FOR FURTHER INFORMATION CONTACT: Eddie Arreola, Supervisory Project Manager, telephone 602-417-9505; e-mail eddie_arreola@blm.gov; address One North Central Avenue, Suite 800, Phoenix, Arizona 85004.

SUPPLEMENTARY INFORMATION: Quartzsite Solar Energy LLC (QSE), a wholly owned subsidiary of Solar Reserve LLC, has requested a right-of-way authorization from the BLM to construct, operate, and maintain a 100-megawatt solar energy generation facility on 1,450 acres using concentrated solar power tower technology and has also applied for the approval of the Western Area Power Administration (WAPA) to interconnect the facility's electric grid system into WAPA's existing 230 kilovolt transmission line paralleling State Route 95. QSE's proposed project is approximately 10 miles north of the Town of Quartzsite and approximately 1 mile to the east of State Route 95. WAPA, as the lead agency under NEPA for the project, published a Notice of Intent to prepare an environmental impact statement (EIS) for the proposed

project in the **Federal Register** on January 14, 2010 (75 FR 2133). Public scoping meetings on the QSE project EIS were held on January 26, 2010, in Yuma, Arizona; January 27, 2010, in Parker, Arizona; and January 28, 2010, in Quartzsite, Arizona. The BLM is a cooperating agency for this EIS.

Preliminary environmental analysis by the BLM has determined that QSE's proposed project tower is in non-conformance with the Yuma RMP's Visual Resources Management (VRM) Class III management objectives. Authorization of the solar facility may therefore require an amendment to the Yuma RMP.

By this notice, the BLM is complying with requirements in 43 CFR 1610.2(c) to notify the public of potential amendments to land use plans, predicated on the findings of the NEPA analysis. The BLM will coordinate the RMP commenting process to satisfy the public involvement process under Section 106 of the National Historic Preservation Act (16 U.S.C. 470(f)), as provided for in 36 CFR 800.2(d)(3). Native American tribal consultations will be conducted in accordance with policy, and tribal concerns, including impacts on Indian trust assets, will be given due consideration.

The purpose of this public scoping process is to determine relevant issues that will influence the scope of the environmental analysis as it relates to the potential RMP amendment, including alternatives, and guide the process for developing the relevant NEPA analyses. At present, the BLM has identified the following preliminary issues, among others: Air quality, geologic resources, soils, water resources, threatened and endangered species, wildlife habitats, cultural and historical resources, paleontological resources, visual resources, land use, recreational resources, and public health and safety. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency for the development of the RMP amendment.

The NEPA document analyzing the RMP amendment will consider the impacts of the proposed action, alternatives, and the no action alternative. The BLM, as a cooperating agency for the project EIS, will work to coordinate the analysis associated with the RMP amendment with the project EIS. The public is invited to submit comments on the possible amendment

of the Yuma RMP to address VRM issues. Previously submitted comments, issues and concerns related to QSE's proposed solar facility do not need to be resubmitted. Public comments will aid the BLM in identifying planning alternatives and mitigating measures and will help assure all relevant issues associated with the proposed RMP amendment are considered in the NEPA document for the RMP. This document may be the on-going project EIS or a stand-alone NEPA document, as appropriate.

Please note that public comments and information submitted—including names, street addresses, and e-mail addresses of persons who submit comments—will be available for public review and disclosure at the above address during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made public at any time. While you may request that your personal identifying information be withheld from public review, we cannot guarantee that we will be able to withhold such information.

Authority: 43 CFR 1610.2; 43 CFR 2800; 40 CFR 1501.7.

Raymond Suazo,

Arizona Associate State Director.

Notice of Public Meeting, Steens Mountain Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Steens Mountain Cooperative Management and Protection Act of 2000, the Federal Land Policy and Management Act, and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management, Steens Mountain Advisory Council will meet as indicated below:

DATES: The Steens Mountain Advisory Council will meet at the Harney County Community Center, 484 N. Broadway, Burns, Oregon, 97720 on April 4 and 5, 2011. A meeting in Bend, Oregon, at the Phoenix Inn and Suites, 300 NW Franklin Ave, will be held November 17 and 18, 2011; and a meeting June 9 and 10, 2011 and September 22 and 23, 2011, will be held at the Frenchglen School, Frenchglen, Oregon. All meeting sessions will begin at 8 a.m. local time, and will end at approximately 4:30 p.m., local time.

FOR FURTHER INFORMATION CONTACT:

Christi West, Staff Assistant, BLM Burns District Office, 28910 Highway 20 West, Hines, Oregon, 97738, (541) 573-4541 or e-mail christi_west@blm.gov.

SUPPLEMENTARY INFORMATION:

The Steens Mountain Advisory Council was appointed by the Secretary of the Interior on August 14, 2001, pursuant to the Steens Mountain Cooperative Management and Protection Act of 2000 (Pub. L. 106-399) and most recently re-chartered in December 2009. The Steens Mountain Advisory Council's purpose is to provide representative counsel and advice to the Bureau of Land Management regarding new and unique approaches to management of the land within the bounds of the Steens Mountain Cooperative Management and Protection Area; cooperative programs and incentives for landscape management that meet human needs, maintenance and improvement of the ecological and economic integrity of the area; and preparation and implementation of a management plan for the Steens Mountain Cooperative Management and Protection Area.

Topics to be discussed by the Steens Mountain Advisory Council at these meetings include the Steens Mountain Comprehensive Recreation Plan; North Steens Ecosystem Restoration Project implementation; Science Strategy; South Steens Water Development Project Environmental Assessment; easements and acquisitions; In-holder Access Environmental Assessment; and categories of interest such as wildlife, special designated areas, partnerships/programs, cultural resources, education/interpretation, volunteer-based information, adaptive management and socioeconomics; and other matters that may reasonably come before the Steens Mountain Advisory Council.

All meetings are open to the public in their entirety. Information to be distributed to the Steens Mountain Advisory Council is requested prior to the start of each Steens Mountain Advisory Council meeting. Public comment is generally scheduled for 11 a.m. to 11:30 a.m., local time, both days of each meeting session. The amount of time scheduled for public presentations and meeting times may be extended when the authorized representative considers it necessary to accommodate all who seek to be heard regarding matters on the agenda.

Under the Federal Advisory Committee Act management regulations (41 CFR 102-3.15(b)), in exceptional circumstances an agency may give less than 15-day notice of committee meeting notices published in the
