

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 97**

[WT Docket No. 10–62; FCC 11–22]

Amateur Service Rules**AGENCY:** Federal Communications Commission.**ACTION:** Final rule.

SUMMARY: This document revises the Amateur Radio Service rules to amend and clarify the rules with respect to amateur stations transmitting spread spectrum emissions. The rule amendments are necessary to eliminate the requirement that an amateur station use automatic power control to reduce transmitter power when the station transmits a spread spectrum emission, and to reduce the maximum allowed transmitter output power for an amateur station transmitting a spread spectrum emission. The effect of this action is to eliminate the automatic power control provision which has proven to be virtually impossible to implement, and to encourage amateur stations to experiment with spread spectrum communications technologies.

DATES: Effective April 29, 2011.

FOR FURTHER INFORMATION CONTACT: William T. Cross, Mobility Division, Wireless Telecommunications Bureau, at (202) 418–0680, or TTY (202) 418–7233.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Report and Order (R&O)*, adopted February 22, 2011, and released March 4, 2011. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW., Washington, DC 20554. The complete text may be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY–B402, Washington, DC 20554. The full text may also be downloaded at: <http://www.fcc.gov>. Alternative formats are available to persons with disabilities by sending an e-mail to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (tty).

1. By this action, the Commission amends the amateur service rules to eliminate the requirement that an amateur station use automatic power control (APC) to reduce transmitter power when the station transmits a spread spectrum emission using more than 1 watt transmitter power.

2. Also, by this action, the Commission limits the transmitter power that amateur stations may transmit to 10 watts when the station is transmitting a spread spectrum emission.

3. The rules that the Commission adopted in this *R&O* apply to the control operator and station licensee of an amateur station, none of which may be small entities. The Commission certifies that no regulatory flexibility analysis is necessary here because, even if a substantial number of small entities, namely, amateur radio clubs, were affected by the rules, there would not be a significant economic impact on those entities. The rules we are adopting do not impose economic requirements. Instead, they relate to rules for the amateur radio service. Therefore, we certify that the rule changes adopted in this *R&O* will not have a significant economic impact on a substantial number of small entities.

4. This *R&O* and the rule amendments are issued under the authority contained in 47 U.S.C. 154(i), 303(r), and 403.

7. The Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, shall send a copy of this *Report and Order*, including the Final Regulatory Flexibility Certifications, to the Chief Counsel for Advocacy of the Small Business Administration.

Secretary.

Rule Changes

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 97 as follows:

PART 97—AMATEUR RADIO SERVICE

■ 1. The authority citation for part 97 continues to read as follows:

Authority: 48 Stat. 1066, 1082, as amended; 47 U.S.C. 154, 303. Interpret or apply 48 Stat. 1064–1068, 1081–1105, as amended; 47 U.S.C. 151–155, 301–609, unless otherwise noted.

§ 97.311 [Amended]

■ 2. Section 97.311 is amended by removing paragraph (d).

■ 3. Section 97.313 is amended by adding paragraph (j) to read as follows:

§ 97.313 Transmitter power standards.

* * * * *

(j) No station may transmit with a transmitter output exceeding 10 W PEP

when the station is transmitting a SS emission type.

BILLING CODE 6712–01–P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 101126521–0640–2]

RIN 0648–XA275

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Using Trawl Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels using trawl gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the A season allowance of the 2011 Pacific cod allowable catch (TAC) specified for catcher vessels using trawl gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), March 26, 2011, through 1200 hrs, A.l.t., April 1, 2011.

FOR FURTHER INFORMATION CONTACT: Obren Davis, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season allowance of the 2011 Pacific cod TAC allocated to catcher vessels using trawl gear in the BSAI is 33,290 metric tons (mt) as established by the final 2011 and 2012 harvest specifications for groundfish in the BSAI (76 FR 11139, March 1, 2011).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS, has determined that the A season allowance of the 2011 Pacific

cod TAC allocated to catcher vessels using trawl gear in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 33,140 mt, and is setting aside the remaining 150 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels using trawl gear in the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod by catcher vessels using trawl gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of March 24, 2011.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 25, 2011.

Margo Schulze-Haugen,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-XA331

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in the West Yakutat District of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is opening directed fishing for pollock in the West Yakutat District of the Gulf of Alaska (GOA). This action is necessary to fully use the 2011 total allowable catch of pollock in the West Yakutat District of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), March 26, 2011, through 2400 hrs, A.l.t., December 31, 2011. Comments must be received at the following address no later than 4:30 p.m., A.l.t., April 11, 2011.

ADDRESSES: Send comments to James W. Balsiger, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, *Attn:* Ellen Sebastian. You may submit comments, identified by RIN 0648-XA331, by any one of the following methods:

- *Electronic Submissions:* Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>.

- *Mail:* P.O. Box 21668, Juneau, AK 99802.

- *Fax:* (907) 586-7557.

- *Hand delivery to the Federal Building:* 709 West 9th Street, Room 420A, Juneau, AK.

Instructions: All comments received are a part of the public record. Comment will generally be posted without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

NMFS will accept anonymous comments (enter N/A in the required fields, if you wish to remain anonymous). You may submit attachments to electronic comments in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed directed fishing for pollock in the West Yakutat District of the GOA under § 679.20(d)(1)(iii) on March 5, 2011 (76 FR 12883, March 9, 2011).

As of March 23, 2011, NMFS has determined that approximately 850 metric tons of pollock remain in the directed fishing allowance for pollock in the West Yakutat District of the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the 2011 total allowable catch (TAC) of pollock in the West Yakutat District of the GOA, NMFS is terminating the previous closure and is reopening directed fishing for pollock in the West Yakutat District of the GOA. The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: the current catch of pollock in the West Yakutat District of the GOA and, the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of pollock in the West Yakutat District of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of March 23, 2011.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon
