Major Issues Raised by China

On February 28, 2011, China requested consultations regarding the antidumping duty investigation, a number of antidumping administrative reviews, and the sunset review conducted by the Department of Commerce on certain frozen warmwater shrimp from China, referring in particular to the use of what it describes as “zeroing” in those proceedings. Specifically, China requested

consultations regarding the determinations by the Department of Commerce in (1) *Notice of Final Determination of Sales at Less Than Fair Value: Certain Frozen and Canned Warmwater Shrimp From the People’s Republic of China*, 69 FR 70,997 (December 8, 2004), and the accompanying November 29, 2004, Issues and Decision Memorandum, as well as any amendments, replacements and/or implementing measures issued pursuant thereto; (2) *Certain Frozen Warmwater Shrimp From the People’s Republic of China: Notice of Final Results and Rescission, in Part, of 2004/2006 Antidumping Duty Administrative and New Shipper Reviews*, 72 FR 52,049 (September 12, 2007); (3) *Third Administrative Review of Frozen Warmwater Shrimp From the People’s Republic of China: Final Results and Partial Rescission of Antidumping Duty Administrative Review*, 74 FR 46,565 (September 10, 2009); (4) *Administrative Review of Certain Frozen Warmwater Shrimp From the People’s Republic of China: Final Results and Partial Rescission of Antidumping Duty Administrative Review*, 75 FR 49,460 (August 13, 2010); (5) *Certain Frozen Warmwater Shrimp From the People’s Republic of China: Preliminary Results and Preliminary Partial Rescission of Fifth Antidumping Duty Administrative Review*, 76 FR 8,338 (February 14, 2011); (6) the final results of the fifth antidumping duty administrative review on *Certain Frozen Warmwater Shrimp From the People’s Republic of China* published in the **Federal Register** after the date of the request for consultations, as well as any amendments, replacements, and/or implementing measures, including, *inter alia*, any assessment instructions and cash deposit requirements issued pursuant to each of the identified administrative reviews; (7) *Certain Frozen Warmwater Shrimp from Brazil, India, the People’s Republic of China and Thailand: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders*, 75 FR 27,299 (May 14, 2010), as well as any amendments, replacements, and/or implementing measures issued pursuant thereto. China also requested consultations regarding any affirmative injury determination issued by the United States International Trade Commission (“ITC”) in the sunset review of certain frozen warmwater shrimp from China after the date of its request for consultations in which the antidumping duty margin considered by the ITC for purposes of determining injury is calculated using so-called zeroing. See *Notice of Institution of*

Five-Year Reviews Concerning the Antidumping Duty Orders on Frozen Warmwater Shrimp From Brazil, China, India, Thailand, and Vietnam, Investigation Nos. 731-TA-1063, 1064, 1066–1068 (Review), 75 FR 1,078 (January 8, 2010).

China alleges that so-called zeroing is inconsistent with Articles VI:1 and VI:2 of the *General Agreement on Tariffs and Trade 1994* and Articles 1, 2.1, 2.4, 2.4.2, 5.8, 9.1, 9.2, 9.3, 9.4, and 11.3 of the *Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994*.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance; Capital Region International Airport, Lansing, MI

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the sale of the airport property. The proposal consists of remnants from 8 parcels of land, totaling approximately 7.33 acres. Current use and present condition is undeveloped land compatible with local commercial/industrial zoning classification. The land was acquired under the FAA Project Numbers 3–26–0055–3906, 3–26–0055–4107, and 3–26–0055–44208. The remnants left from construction activities during airport development are not usable to the airport due to shape and size. There are no impacts to the airport by allowing the airport to dispose of the property, since the land is no longer needed for aeronautical use. Subject land may provide good commercial/industrial development opportunities for the community and are well outside airport perimeter fence limits. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the sale of the airport property will be in accordance FAA’s Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999. In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.
