A detailed agenda will be available on the Board's Web site at www.nwtrb.gov approximately one week before the meeting. The agenda also may be obtained by telephone request at that time.

The meeting will be open to the public, and opportunities for public comment will be provided. Those wanting to speak are encouraged to sign the "Public Comment Register" at the check-in table. It may be necessary to set a time limit on individual remarks, but written comments of any length may be submitted for the record.

Transcripts of the meeting will be available on the Board's Web site, by e-mail, on computer disk, and on library-loan in paper form from Davonya Barnes of the Board's staff after May 18, 2011.

The Board was established as an independent federal agency to provide ongoing objective expert advice to Congress and the Secretary of Energy on technical issues and to review the technical validity of DOE activities related to implementing the Nuclear Waste Policy Act. Board members are experts in their fields and are appointed to the Board by the President from a list of candidates submitted by the National Academy of Sciences. The Board is required to report to Congress and the Secretary no fewer than two times each year. Board reports, correspondence, congressional testimony, and meeting transcripts and materials are posted on the Board's Web site.

The Board's visit to West Valley will complete a series of visits to federal facilities where government-owned HLW and spent nuclear fuel are managed and stored. As part of the Board's ongoing technical evaluation of DOE activities, the Board intends to develop a report to Congress and the Secretary of Energy containing Board findings, conclusions, and recommendations based on technical information gathered from visits to the Hanford site in Washington, Idaho National Laboratory in Idaho, the Savannah River Site in South Carolina, and the West Valley site in New York.
