

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), we find that Tafishco meets the threshold requirements for initiation of a NSR for the shipments of fish fillets from Vietnam produced and exported by Tafishco. See "Memorandum to the File from Ricardo Martinez Rivera, International Trade Compliance Analyst, Initiation of AD New Shipper Review: Certain Frozen Fish Fillets from the Socialist Republic of Vietnam (A-552-801)," dated concurrently with this notice.

The Department intends to issue the preliminary results of this NSR no later than 180 days from the date of initiation, and the final results no later than 270 days from the date of initiation. See section 751(a)(2)(B)(iv) of the Act.

It is the Department's usual practice, in cases involving non-market economy countries, to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, we will issue a questionnaire to Tafishco, which will include a section requesting information concerning Tafishco's export activities for separate rates purposes. The review will proceed if the response provides sufficient indication that Tafishco is not subject to either *de jure* or *de facto* government control with respect to its export of subject merchandise.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Tafishco in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Tafishco certified that it produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to Tafishco only for subject merchandise which Tafishco both produced and exported.

To assist in its analysis of the *bona fides* of Tafishco's sales, upon initiation of this new shipper review, the Department will require Tafishco to submit on an ongoing basis complete transaction information concerning any sales of subject merchandise to the United States that were made subsequent to the POR.

Interested parties requiring access to proprietary information in this NSR

should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: March 24, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Proposed Information Collection; Comment Request; Usage of Elevators for Occupant Evacuation Questionnaire

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 31, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Erica Kuligowski, erica.kuligowski@nist.gov, 301-975-2309.

SUPPLEMENTARY INFORMATION:

I. Abstract

NIST's research on elevators has primarily focused on the technical aspects of ensuring safe and reliable evacuation for the occupants of tall buildings. In addition, the International Code Council and the National Fire Protection Association provide requirements for the use of elevators for both occupant evacuation and fire

fighter access into the building. However, there still is little understanding of how occupants use elevator systems during fire emergencies.

The main focus of this research effort is to gain an understanding of how elevators are currently used by occupants of existing multi-story buildings in the United States during fire emergencies. This research aims to summarize emergency plans and procedures from buildings that make use of one or multiple elevators from the existing elevator system (used for normal building traffic) for the evacuation of building occupants during fire emergencies. Building managers and designated safety personnel from existing buildings in the United States, including federal buildings, will be contacted to fill out a questionnaire asking about how the buildings' evacuation plans incorporate the use of the existing elevator system to evacuate occupants during fire emergencies, specifically individuals with disabilities, if at all.

II. Method of Collection

This data will be collected electronically. Questionnaires will be made available on a secured website and the link to this website will be distributed by NIST staff to building property managers and designated safety personnel.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission (new information collection).

Affected Public: Selected individuals, such as building managers and designated safety personnel, who are familiar with or in charge of developing emergency procedures for multi-story buildings in the United States, including both federal and private sector buildings.

Estimated Number of Respondents: 1,500.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 375.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the

proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 25, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Northeast Region Permit Family of Forms

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 31, 2011.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Rich Malinowski, (727) 824-5305 or rich.malinowski@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is an extension of a currently approved information collection. National Marine Fisheries Service (NMFS) Southeast Region manages the United States (U.S.) fisheries of the

exclusive economic zone (EEZ) off the South Atlantic, Caribbean, and Gulf of Mexico under the Fishery Management Plans (FMP) for each Region. The Regional Fishery Management Councils prepared the FMPs pursuant to the Magnuson-Stevens Fishery Conservation and Management Act. The regulations implementing the FMPs that have reporting requirements are at 50 CFR part 622.

The recordkeeping and reporting requirements at 50 CFR part 622 form the basis for this collection of information. NMFS Southeast Region requests information from fishery participants. This information, upon receipt, results in an increasingly more efficient and accurate database for management and monitoring of the fisheries of the EEZ off the South Atlantic, Caribbean, and Gulf of Mexico.

II. Method of Collection

Paper applications, electronic reports, and telephone calls are required from participants, and methods of submittal include Internet, electronic forms, and facsimile transmission of paper forms.

III. Data

OMB Control Number: 0648-0205.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved information collection).

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 60,250.

Estimated Total Annual Burden Hours: 16,013.

Estimated Total Annual Cost to Public: \$650,679.

Multiple Fishery Dealer Application, Notification of Permit Purchase Price—Permit Transfer, Notification Harvest Activity—Aquaculture Live Rock, Request for Octocoral or Allowable Chemical Vessel Permit, and the Transit Notification—Golden Crab Vessel, 5 minutes; Rock Shrimp Vessel Position Report, 15 minutes; Multiple Fishery Vessel Application, South Atlantic Wreckfish Vessel Form, South Atlantic Golden Crab Vessel Form, Colombian Treaty Vessel Form, Aquaculture Live Rock Site Permit, Endorsement Transfer Gulf Red Snapper, Endorsement South Atlantic Rock Shrimp, Endorsement Mackerel Gillnet, Notification of Transfers, 25 minutes; Dolphin/Wahoo Permit Application/Operator card, 30 minutes; Aquaculture Live Rock Site Evaluation Report, 45 minutes; Rock Shrimp Vessel Operator Permit Card Application, one hour; Rock Shrimp Vessel Non-Renewed Endorsement Request, two hours; Rock Shrimp Vessel

Monitoring System Installation Form, 4 hours.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
