### Substance Abuse and Mental Health Services Administration

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

#### Project: Strategic Prevention Framework State Incentive Grant (SPF SIG) Program (OMB No. 0930–0279) —Revision

SAMHSA's Center for Substance Abuse Prevention (CSAP) is responsible for the evaluation instruments of the Strategic Prevention Framework State Incentive Grant (SPF SIG) Program. The program is a major initiative designed to: (1) Prevent the onset and reduce the progression of substance abuse, including childhood and underage drinking; (2) reduce substance abuse related problems; and (3) build prevention capacity and infrastructure at the State-, territorial-, Tribal- and community-levels.

Five steps comprise the SPF:

*Step 1:* Profile population needs, resources, and readiness to address the problems and gaps in service delivery.

*Step 2:* Mobilize and/or build capacity to address needs.

*Step 3:* Develop a comprehensive strategic plan.

*Step 4:* Implement evidence-based prevention programs, policies, and practices and infrastructure development activities.

*Step 5:* Monitor process, evaluate effectiveness, sustain effective programs/activities, and improve or replace those that fail.

An evaluation team is currently implementing a multi-method, quasi-experimental evaluation of the first two Strategic Prevention Framework State Incentive Grant (SPF SIG) cohorts receiving grants in FY 2004 and FY 2005. A second evaluation is being conducted with the SPF SIG Cohorts III, IV and V. This notice invites comments for revision to the protocol for the ongoing cross-site evaluations of the Strategic Prevention Framework State Incentive Grant (SPF SIG) (OMB No. 0930–0279) which expires on 11/30/12. This revision includes three parts:

(1) Continuation of the use of the previously approved two-part Community Level Instrument (CLI Parts I and II) for Cohorts I and II and the use of an instrument to assess the sustainability of grantee implementation and infrastructure accomplishments which is a modification of an instrument used in an earlier phase of the evaluation.

(2) The addition of one more Cohort (Cohort V) which will use the previously approved SPF SIG cross-site evaluation instruments. All three instruments are modified versions of data collection protocols used by Cohorts I and II and have received OMB approval (OMB No. 0930–0279). The three instruments are:

- a. A Grantee-Level SPF Implementation Instrument,
- b. A Grantee-Level Infrastructure Instrument, and
- c. A two-part Community-Level SPF Implementation Instrument.

(3) Recalculation of burden numbers for Cohort IV to replace estimates that had been based on 20 grantees to reflect the 25 grantees actually funded.

An additional Cohort III, IV, and V evaluation component (*i.e.*, participant-level NOMs outcomes) is also included in this submission as part of the comprehensive evaluation, however, no associated burden from this evaluation activity is being imposed and therefore clearance to conduct the activities is not being requested. Specifically, Cohort III, IV, and V SPF SIG grantees have been included in the currently OMB approved umbrella NOMs application (OMB No. 0930–0230) covering the collection of participant-level NOMs
