

Analysis (OEA) independently reviewed the FHWA EA, OEA prepared and issued on January 28, 2010, a Review of Environmental Matters and Final Environmental Recommendations in which OEA recommended that the Board adopt the FHWA EA and impose the 3 environmental conditions recommended by the FHWA. Due to a subsequent proposed change by the City in project design and in the rail alignment, OEA, the FHWA, the Iowa Department of Transportation, and the City conducted a reevaluation of the project. In December 2010, the FHWA and OEA determined that no supplemental environmental review would be required and that the same 3 environmental conditions should be imposed.

After considering the entire record, including both the transportation aspects of the petition and the potential environmental issues, the Board granted the requested construction and operation exemption in a decision served today, subject to compliance with the environmental mitigation measures listed in the Appendix to the decision. Petitions to reopen must be filed by April 26, 2011.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: March 30, 2011.

By the Board, Chairman Elliott and Commissioner Mulvey.

Jeffrey Herzig,
Clearance Clerk.
