SUPPLEMENTARY INFORMATION: On January 18, 2011, the President issued Executive Order 13563, "Improving Regulation and Regulatory Review," to ensure that Federal regulations seek more affordable, less intrusive means to achieve policy goals, and that agencies give careful consideration to the benefits and costs of those regulations. Additionally, the Executive Order directs agencies to consider how best to promote retrospective analyses of existing rules. Specifically, Agencies must develop a preliminary plan under which the agency will periodically review existing regulations to determine which should be maintained, modified, strengthened, or repealed to increase the effectiveness and decrease the burdens of the agency's regulatory program.

DOE took a number of steps to implement the Executive Order, including issuance of an RFI seeking public comment on how best to review its existing regulations and to identify whether any of its existing regulations should be modified, streamlined, expanded, or repealed. (76 FR 6123, Feb. 3, 2011) DOE sought comment on the RFI until March 21, 2011, and allowed for reply comments to be filed until April 4, 2011. DOE posted comments received during the initial comment period on its Web site: <http://www.gc.energy.gov/1705.htm>, but encountered technical difficulties and was unable to post all of the comments until March 30, 2011. DOE also received a request from a member of the public to extend the reply comment period given these technical difficulties. As a result, in this notice, DOE extends the reply comment period until April 15, 2011. While the intent of the reply comment period is to foster constructive dialogue on DOE's regulatory review process, DOE notes that it is not necessary to have filed comments during the initial comment period to file reply comments, and that the substance of comments filed during the reply comment period need not relate to comments filed during the initial comment period. DOE will consider any

comments received by April 15, 2011 and deems any comments received between March 21, 2011 and April 15, 2011 to be timely submitted.

Issued in Washington, DC, on March 31, 2011.

Sean A. Lev,

Acting General Counsel.
