14 CFR Part 71

Proposed Amendment of Class E Airspace; Bozeman, MT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify Class E airspace at Gallatin Field Airport, Bozeman, MT, to accommodate aircraft using Instrument Landing System (ILS) Localizer (LOC) standard instrument approach procedures at the airport. The FAA is proposing this action to enhance the safety and management of aircraft operations at the airport. The action also would adjust the geographic coordinates of the airport for the Class D and E airspace areas, and would update the airport name.

DATES: Comments must be received on or before May 23, 2011.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, M–DQ, Operations Support Group, 1601 Lind Avenue, SW., Renton, WA 98057; telephone (202) 267–9677, for a copy of Advisory Circular 150/5300–12 or other publications. SUPPLEMENTARY INFORMATION:
Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA 2011–0249 and Airspace Docket No. 11–ANM–6) and be submitted in triplicate to the Docket Management System (see ADDRESSES section for address and phone number). You may also submit comments through the Internet at http://www.regulations.gov.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA–2011–0249 and Airspace Docket No. 11–ANM–6.” The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s Web page at http://www.faa.gov/airports/air_traffic/publications/airspace_amendments/

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 1601 Lind Avenue, SW., Renton, WA 98057.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA’s Office of Rulemaking, (202) 267–9677, for a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by modifying Class E airspace designated as an extension to Class D surface area at Gallatin Field Airport, Bozeman, MT. Controlled airspace is necessary to accommodate aircraft using the ILS LOC standard instrument approach procedures at the airport and would enhance the safety and management of aircraft operations. The geographic coordinates of the Gallatin Field Airport for Class D airspace, Class E surface area airspace, and Class E airspace extending upward from 700 feet above the surface, would be adjusted in accordance with the FAA’s aeronautical database. This action would also update the airport name from Bozeman, Gallatin Field Airport, MT, to Gallatin Field Airport.

Class D and Class E airspace designations are published in paragraph 5000, 6002, 6004 and 6005, respectively, of FAA Order 7400.9U, dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR Part 71. The Class D and Class E airspace designation listed in this document will be published subsequently in that Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle I, section 106, describes the authority for the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes additional controlled airspace at Gallatin Field Airport, Bozeman, MT.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment
Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 711 [Amended]
2. The incorporation by reference in 14 CFR Part 71.1 of the Federal Aviation Administration Order 7400.9U, Airspace Designations and Reporting Points, dated August 18, 2010, and effective September 15, 2010 is amended as follows:

Paragraph 5000 Class D airspace.

[Docket No. 110321207–1206–01 0691–AA78]

Direct Investment Surveys: Alignment of Regulations With Current Practices

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Bureau of Economic Analysis (BEA) proposes to amend its regulations related to direct investment surveys. Specifically, BEA proposes to eliminate reporting requirements for several direct investment surveys that are no longer necessary because the information is collected on other surveys of direct investment conducted by BEA. The surveys that would be eliminated from the regulations are: a survey of foreign direct investment in the U.S. seafood industry (BE–21), two schedules of expenditures for property, plant, and equipment of U.S. direct investment abroad (BE–133B and BE–133C), and two industry classification questionnaires (BE–507 and BE–607). In addition, BEA proposes to eliminate the reporting requirements for two surveys of new foreign direct investment in the United States (BE–13 and BE–14). BEA suspended collection of these surveys in 2009 in order to align its international survey program with available resources. BEA also proposes other minor revisions to its regulations to eliminate outdated information.

DATES: Comments on this proposed rule will receive consideration if submitted in writing on or before June 6, 2011.

ADDRESSES: You may submit comments, identified by RIN 0691–AA78, and referencing the agency name (Bureau of Economic Analysis), by any of the following methods:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments. For agency, select “Commerce Department—all.”
• E-mail: David.Galler@bea.gov.
• Fax: Office of the Chief, Direct Investment Division, (202) 606–5318.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in the proposed rule should be sent both to BEA, through any of the methods above, and to the Office of Management and Budget, O.I.R.A., Paperwork Reduction Project 0608–0024, 0608–0030, 0608–0032, 0608–0035, and 0608–0050, Attention PRA Desk Officer for BEA, via e-mail at pbugg@omb.eop.gov, or by FAX at (202) 395–7245.

Public Inspection: All comments received are a part of the public record and will generally be posted to http://www.regulations.gov without change. All personal identifying information (for example, name, address, etc.) voluntarily submitted by the commentator may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information. BEA will accept anonymous comments.

SUPPLEMENTARY INFORMATION: This proposed rule would amend 15 CFR part 806 by revising Sections 806.14, 806.15, and 806.18 to remove the reporting requirements for several direct investment surveys. The surveys are:

BE–13. Initial Report on a Foreign Person’s Direct or Indirect Acquisition, Establishment, or Purchase of the Operating Assets, of a
