

impacts of the proposal. If accepted, the document will be adopted as the environmental assessment (EA) for the proposal. RUS's EA would be available for review and comment for 45 days. Should RUS determine, based on the EA for the proposal, that impacts associated with the construction and operation of the proposal would not have a significant environmental impact, it will prepare a finding of no significant impact (FONSI). Public notification of a FONSI would be published in the **Federal Register** and in newspapers with circulation in the proposal area.

If at any point in the preparation of an EA, RUS determines that the proposed action will have a significant effect on the quality of the human environment, the preparation of an Environmental Impact Statement will be required. Any final action by RUS related to the proposed action will be subject to, and contingent upon, compliance with all relevant Federal, State, and local environmental laws and regulations and completion of the environmental review requirements as prescribed in RUS's Environmental Policies and Procedures.

Fresh and Chilled Atlantic Salmon From Norway: Extension of Time Limits for Preliminary and Final Results of Full Third Antidumping and Countervailing Duty Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* April 12, 2011.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson for (CVD) at 202-482-4793 and Eric Greynolds for (AD) at 202-482-6071, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Background

On January 3, 2011, the Department of Commerce (the Department) initiated the third sunset reviews of the antidumping (AD) and countervailing duty (CVD) orders on fresh and chilled

Atlantic salmon from Norway, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year ("Sunset") Review*, 76 FR 89 (January 3, 2011). Within the deadline specified in 19 CFR 351.218(d)(1)(i), the Department received a notice of intent to participate, in both the AD and CVD sunset reviews, on behalf of Phoenix Salmon U.S., Inc. (Phoenix Salmon), a domestic interested party. Phoenix Salmon claimed interested party status under section 771(9)(C) of the Act, as a producer of subject merchandise.

The Department received timely substantive responses from Phoenix Salmon and the following respondent interested parties: the Government of Norway, Norwegian Seafood Federation (NSF), and the Aquaculture Division of the Norwegian Seafood Association (ADNSA). The domestic and respondent interested parties also submitted to the Department timely rebuttal comments.

On April 6, 2011, after analyzing the submissions from the interested parties and finding that NSF and ADNSA have standing as foreign interested parties and that the substantive responses submitted by all of the interested parties are adequate, the Department determined to conduct full sunset reviews of the AD and CVD orders on fresh and chilled Atlantic salmon from Norway. See Memorandum to Gary Taverman, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, from Melissa Skinner, Director, Antidumping and Countervailing Duty Operations, Office 3, regarding "Adequacy Determination: Third Sunset Reviews of the Antidumping and Countervailing Duty Orders on Fresh and Chilled Atlantic Salmon From Norway," (April 6, 2011).

Extension of Time Limits

In accordance with section 751(c)(5)(B) of the Act, the Department may extend the period of time for making its determination by not more than 90 days, if it determines that the review is extraordinarily complicated. We determine that the AD and CVD sunset reviews are extraordinarily complicated, pursuant to section 751(c)(5)(C) of the Act, because of a large number of complex issues in each review that the Department must analyze.

The preliminary results of the full sunset reviews of the AD and CVD orders on fresh and chilled Atlantic salmon from Norway are scheduled for April 23, 2011, and the final results of these reviews are scheduled for August 31, 2011. The Department is extending

the deadlines for both the preliminary and final results of the full sunset reviews.

As a result, the Department intends to issue the preliminary results of the full sunset reviews of the AD and CVD orders on fresh and chilled Atlantic salmon from Norway on July 22, 2011, and the final results of the reviews on November 29, 2011. These dates are 90 days from the original scheduled dates of the preliminary and final results of these full sunset reviews.

This notice is issued in accordance with sections 751(c)(5)(B) and (C)(v) of the Act.

Dated: April 6, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Pasta From Turkey: Extension of Time Limit for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Stephanie Moore, AD/CVD Operations, Office 3, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; (202) 482-3692.

Background

On July 24, 1996, the Department published in the Federal Register the antidumping duty order on certain pasta from Turkey. See Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta From Turkey, 61 FR 38545 (July 24, 1996). On July 1, 2010, we published in the **Federal Register** the notice of "Opportunity to Request Administrative Review" of this order for the period July 1, 2009, through June 30, 2010. See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review, 75 FR 38074 (July 1, 2010). On July 30, 2010, we received a request from petitioners¹ to

¹New World Pasta Company, American Italian Pasta Company, and Dakota Growers Pasta Company (collectively, petitioners).

review Marsan Gida Sanayi ve Ticaret A.S. (Marsan), in accordance with 19 CFR 351.213(b)(1). On August 31, 2010, we published the notice of initiation of review of Marsan. *See* Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Initiation of Administrative Review, 75 FR 53274 (August 31, 2010). The preliminary results of review are currently due April 4, 2011.

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the "Act"), requires that the Department make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that, if it is not practicable to complete the review within the time period specified, the administering the authority may extend the 245-day period to issue its preliminary results to up to 365 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. The Department needs additional time to analyze complex issues regarding affiliation and knowledge of U.S. destination. Given the complexity of these issues, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of this review by 30 days. Therefore, the preliminary results are now due no later than May 4, 2011. The final results continue to be due 120 days after publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: April 4, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Purified Carboxymethylcellulose From Mexico: Notice of Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from petitioner Aqualon Company, a unit of Hercules Incorporated (Aqualon), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on purified carboxymethylcellulose (CMC) from Mexico. The review covers exports of the subject merchandise to the United States produced and exported by Quimica Amtex S.A. de C.V. (Amtex); the period of review (POR) is July 1, 2009, through June 30, 2010.

We preliminarily find that Amtex has made sales at less than normal value (NV) during the POR. If these preliminary results are adopted in our final results of this review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties based on differences between the export price (EP) or constructed export price (CEP) and NV.

Interested parties are invited to comment on these preliminary results. Parties who submit arguments in this proceeding are requested to submit with the arguments: (1) A statement of the issues, (2) a brief summary of the arguments, and (3) a table of authorities.

DATES: *Effective Date:* April 12, 2011.

FOR FURTHER INFORMATION CONTACT: Mark Flessner or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-6312 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the antidumping duty order on CMC from Mexico on July 11, 2005. *See Notice of Antidumping Duty Orders: Purified Carboxymethylcellulose from Finland, Mexico, the Netherlands, and Sweden*, 70 FR 39734 (July 11, 2005). On July 1, 2010, the Department published the notice of opportunity to request an administrative review of CMC from Mexico for the period of July 1, 2009, through June 30, 2010. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation: Opportunity To Request Administrative Review*, 75 FR 38074 (July 1, 2010). On July 26, 2010, petitioner Aqualon requested an administrative review of Amtex. On August 31, 2010, the Department published in the **Federal Register** a notice of initiation of this antidumping duty administrative review. *See Initiation of Antidumping and*

Countervailing Duty Administrative Reviews and Deferral of Initiation of Administrative Review, 75 FR 53274 (August 31, 2010).

On September 21, 2010, the Department issued its standard antidumping duty questionnaire to Amtex. Amtex submitted its response to section A of the Department's questionnaire on October 15, 2010 (Amtex Section A Response). Amtex submitted corrections to its section A response on October 18, 2010. Amtex submitted its response to sections B and C of the Department's questionnaire on November 29, 2010 (Amtex Sections B and C Response). On March 7, 2011, the Department issued a supplemental section A, B, and C questionnaire to Amtex. Amtex timely submitted its response to the Department's supplemental section A, B, and C questionnaire on March 14, 2011 (Amtex Supplemental Response).

Period of Review

The POR is July 1, 2009, through June 30, 2010.

Scope of the Order

The merchandise covered by this order is all purified carboxymethylcellulose (CMC), sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Date of Sale

The Department's regulations state that it will normally use the date of invoice, as recorded in the exporter's or producer's records kept in the ordinary course of business, as the date of sale. *See* 19 CFR 351.401(i). However, if the Department is satisfied that "a different date * * * better reflects the date on which the exporter or producer establishes the material terms of sale,"
