

necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹⁰ However, Rule 19b-4(f)(6)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay.

The Commission has considered the Exchange's request to waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot program to continue uninterrupted, thereby avoiding the investor confusion that could result from a temporary interruption in the pilot program.¹² For this reason, the Commission designates

the proposed rule change to be operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Self-Regulatory Organizations; EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule To Amend EDGX Rule 11.9 To Introduce Additional Routing Options to the Rule

April 7, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 1, 2011, EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 11.9 to introduce additional routing options to the rule. The text of the proposed rule change is attached as Exhibit 5 and is available on the Exchange's Web site at <http://www.directedge.com>, at the Exchange's principal office, on the Commission's Web site at <http://www.sec.gov>, and at the Public Reference Room of the Commission.

⁹ 17 CFR 240.19b-4 (f)(6). When filing a proposed rule change pursuant to Rule 19b-4 (f)(6) under the Act, an exchange is required to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission notes that the Exchange has satisfied this requirement.

¹² For the purposes only of waiving the operative delay of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange's current list of routing options are codified in Rule 11.9(b)(3). In this filing, the Exchange proposes to amend Rule 11.9(b)(3) to add two new additional strategies.

In Rule 11.9(b)(3), the Exchange describes that its system ("System") provides a variety of routing options. Routing options may be combined with all available order types and times-in-force, with the exception of order types and times-in-force whose terms are inconsistent with the terms of a particular routing option. The System will consider the quotations only of accessible markets. The term "System routing table" refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them. The Exchange reserves the right to maintain a different System routing table for different routing options and to modify the System routing table at any time without notice. The new System routing options are described in more detail below.

The Exchange proposes to describe the ROUQ routing strategy and add it to Rule 11.9(b)(3)(c)(iv). ROUQ is a routing option under which an order checks the System for available shares and then is sent to destinations on the System routing table.

The Exchange proposes to describe the ROUZ routing strategy and add it to Rule 11.9(b)(3)(c)(v). ROUZ is a routing option under which an order checks the System for available shares and then is sent to destinations on the System routing table.

The differences between the latter two strategies lies in the differences in the System routing tables for the ROUQ/ROUZ strategies. The ROUQ routing strategy goes to fewer low cost

destinations than does the ROUZ routing strategy.

The Exchange also proposes to move the existing descriptions of ROUE, ROUT, and ROUX into Rule 11.9(b)(3)(c)(i)–(iii), respectively. Formerly, the descriptions were in Rules 11.9(b)(3)(c) for ROUE, 11.9(b)(3)(h) for ROUT, and 11.9(b)(3)(i) for ROUX.

The Exchange proposes to make conforming changes to the rest of the rule to re-letter the sections accordingly.

The Exchange believes that the proposed introduction of these routing options, described above, will provide market participants with greater flexibility in routing orders, without having to develop their own complicated routing strategies.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,³ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed change to introduce the routing options described above will provide market participants with greater flexibility in routing orders without developing complicated order routing strategies on their own.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁴ and Rule 19b-4(f)(6)(iii) thereunder.⁵

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.⁶ However, Rule 19b-4(f)(6)⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Exchange notes that waiver of this requirement will allow the Exchange to immediately offer Exchange users new routing strategies, and the inability to immediately offer the new routing strategies would put the Exchange at a competitive disadvantage. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the new routing strategies to become immediately available to Exchange users. For this reason, the Commission designates the proposed rule change to be operative upon filing with the Commission.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-64230; File No. SR-EDGA-2011-12]

Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend EDGA Rule 11.13 To Extend the Operation of a Pilot

April 7, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 5, 2011, the EDGA Exchange, Inc. (the "Exchange" or the "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend EDGA Rule 11.13 to extend the operation of a pilot pursuant to the Rule until the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies. The text of the proposed rule change is available on the Exchange's Web site at <http://www.directedge.com>, at the Exchange's principal office, on the Commission's Web site at <http://www.sec.gov>, and at the Public Reference Room of the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Executions, Rule 11.13. The rule, explained in further detail below, was approved to operate under a pilot program set to expire on December 10, 2010. Then, it was subsequently extended by the Exchange to April 11, 2011. The Exchange now proposes to extend the pilot program to extend until the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies.

On September 10, 2010, the Commission approved, on a pilot basis, changes to EDGA Rule 11.13 to provide for uniform treatment: (1) Of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (2) in the event transactions occur that result in the issuance of an individual stock trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.³ The Exchange also adopted additional changes to Rule 11.13 that reduced the ability of the Exchange to deviate from the objective standards set forth in Rule 11.13.⁴ The pilot was subsequently extended to April 11, 2011.⁵ The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should be approved to continue on a pilot basis.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Act,⁶ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across
