pursuant to the instant rule filing, the expiration date of the pilot program referenced in the first two sentences of Rule 11.19 is proposed to be changed from “April 11, 2011” to the earlier of August 11, 2011 or the date on which the rule becomes effective pursuant to Section 6(b)(5) of the Act, in particular, in that it is designed, among other things, to promote clarity, transparency and full disclosure, in so doing, to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to maintain fair and orderly markets and protect investors and the public interest. Moreover, the proposed rule change is not discriminatory in that it uniformly applies to all ETP Holders. The Exchange believes that the extension of the pilot program will promote uniformity among markets with respect to clearly erroneous executions.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4 (f)(6)(iii) thereunder. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of clearly erroneous transactions. Accordingly, the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR–NSX–2011–05 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–NSX–2011–05. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make publicly available. All submissions should refer to File Number SR–NSX–2011–05 and should be submitted on or before May 4, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.10

Cathy H. Ahn,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Expand the $2.50 Strike Price Program

April 8, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) and Rule 19b–4 thereunder, notice is hereby given that, on April 6, 2011, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and
The Exchange proposes to amend ISE Rule 504 to expand the $2.50 Strike Price program. The text of the proposed rule change is available on the Exchange's Web site http://www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to expand the current $2.50 Strike Price Program (“Program”) to permit the listing of options with $2.50 strike price intervals for options with strike prices between $50 and $100, provided the $2.50 strike price intervals are no more than $10 from the closing price of the underlying stock in the primary market. Additionally, ISE proposes to specify that it may select up to sixty (60) option classes on individual stocks for which the intervals of strike prices will be $2.50. Currently, ISE Rule 504(g) permits the listing of options with $2.50 strike price intervals with strike prices between $50 and $75. Specifically, ISE proposes to amend the current text of ISE Rule 504(g) to expand the Program.

For example, consider a hypothetical where Caterpillar, Inc. (“CAT”) was trading at $81. With approximately one month remaining until expiration, and with a front month at-the-money put option (the 80 strike) trading at approximately $1.30, the investor would be able to purchase a $77.50 strike put at an estimated $0.60 per contract. Today, the next available strike of a one month put option is the 75 strike. While the 75 strike put would certainly trade at a lesser price than the 80 strike put, the protection offered would only take effect with a 7.40% decline in the market as oppose to a 4.30% decline in the market. The $77.50 strike put would provide the investor an additional choice to hedge exposure (the opportunity to hedge with a reduced outlay) and thereby minimize risk if there were a decline in the stock price of CAT.

Another example would be if an investor desired to sell call options to hedge the exposure of an underlying stock position and enhance yield. Consider a hypothetical where CAT was trading at $81 and the second month (two months remaining) of a recently out-of-the-money call option (the 85 strike) was trading at approximately $2.35. If the investor were to sell the 85 strike call against an existing stock position, the investor could yield a return of approximately 2.90% over a two month period or an annualized return of 17.4%. By providing an additional $2.50 strike interval above $75, the investor would have the opportunity to sell the 85 strike call instead of the 85 strike. If the 85 strike call were trading at $2.35, the $2.50 strike call would trade at approximately $3.30. By selling the $2.50 strike call at $3.30 against an existing stock position, the investor could yield a 4.07% return over a two month period or an annualized 24.40% return. Therefore, an additional choice of a $2.50 strike interval could afford varying yields to the investor.

ISE believes that the Program has to date created additional trading opportunities for investors, thereby benefiting the marketplace. The existence of $2.50 strike prices with strike intervals above $75 affords investors the ability to more closely tailor investment strategies to the precise movement of the underlying security and meet their investment, trading and risk management requirements.

ISE is also proposing to specify that it may select up to 60 option classes on individual stocks for which the intervals of strike prices will be $2.50. ISE has participated in the industry wide $2.50 Strike Price Program since ISE’s inception in 2000. Currently, the options exchanges may collectively select up to 200 options classes on individual stocks for which the intervals of strike prices will be $2.50. In addition, each options exchange is permitted to list options with $2.50 strike price intervals on any option class that another options exchange selects under its program.

The industry wide collection of 200 options classes has not been expanded since 1998, although increasingly more companies have completed initial public offerings from 1998 through 2010. Additionally, significantly more options classes are trading in 2011 as compared to 1998. The Exchange proposes to specify that ISE may select up to 60 option classes to remain competitive with other exchanges and to offer investors additional investment choices. ISE believes that offering additional options classes would benefit investors.

Furthermore, ISE does not believe that this proposal would have a negative impact on the marketplace. ISE would compare this proposal with the $1 Strike Price expansion, wherein ISE, among several options exchanges, expanded its $1 Strike Price Program from 55 individual stocks to 150 individual stocks on which an option series may be listed at $1 strike price.
2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. ISE believes that the effect of the proposed expansion on the marketplace would not result in a material proliferation of quote volume or concerns with fragmentation. With regard to the impact of this proposal on system capacity, ISE has analyzed its capacity and represents that it and the Options Price Reporting Authority have the necessary system capacity to handle the additional traffic associated with the listing and trading of additional classes on individual stocks in the $2.50 Strike Price Program.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4 (f)(6) thereunder.

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal is substantially similar to that of another exchange that has been approved by the Commission. Therefore, the Commission designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments
- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml);
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR–ISE–2011–23 on the subject line.

Paper Comments
- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–ISE–2011–23. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.
will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–ISE–2011–23 and should be submitted on or before May 4, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.15

Cathy H. Ahn,
Deputy Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Rule 80C, Trading Pauses in Individual Securities Due to Extraordinary Market Volatility, To Extend the Effective Date of the Pilot Until the Earlier of August 11, 2011 or the Date on Which a Limit Up/Limit Down Mechanism To Address Extraordinary Market Volatility, if Adopted, Applies

April 7, 2011.

Pursuant to Section 19(b)(1) 1 of the Securities Exchange Act of 1934 (the "Act") 2 and Rule 19b–4 thereunder, 3 notice is hereby given that on April 6, 2011, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 80C, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of April 11, 2011, until the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies. The text of the proposed rule change is available at the Exchange, the Commission’s Public Reference Room, and http://www.nyse.com.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Rule 80C, which provides for trading pauses in individual securities due to extraordinary market volatility, to extend the effective date of the pilot by which such rule operates from the current scheduled expiration date of April 11, 2011, 4 until the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies. Rule 80C requires the Exchange to pause trading in an individual security on the Exchange if the price moves by 10% as compared to prices of that security in the preceding five-minute period during a trading day, which period is defined as a "Trading Pause." The pilot was developed and implemented as a market-wide initiative by the Exchange and other national securities exchanges in consultation with the Commission staff and is currently applicable to all S&P 500 Index securities, Russell 1000 Index securities, and specified exchange-traded products.5

The extension proposed herein would allow the pilot to continue to operate without interruption while the Exchange, other national securities exchanges and the Commission further assess the effect of the pilot on the marketplace or whether other initiatives should be adopted in lieu of the current pilot.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the "Act"), 6 in general, and further the objectives of Section 6(b)(5) of the Act,7 in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the change proposed herein meets these requirements in that it promotes uniformity across markets concerning decisions to pause trading in a security when there are significant price movements. Additionally, extension of the pilot until the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies would allow the pilot to continue to operate without interruption while the Exchange and the Commission further assess the effect of the pilot on the marketplace or whether other initiatives should be adopted in lieu of the current pilot.

B. Self-Regulatory Organization’s Statement on Burden on Competition
