

Agency: National Oceanic and Atmospheric Administration (NOAA).
 Title: Reporting of Sea Turtle Entanglements in Fixed Gear Fisheries.
 OMB Control Number: 0648-0496.
 Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection with revisions).

Number of Respondents: 59.

Average Hours per Response:

Telephone calls and written reports, 1 hour; interviews, 30 minutes.

Burden Hours: 99.

Needs and Uses: This notice is for extension, with revisions, of a current information collection.

This collection of information involves sea turtles becoming accidentally entangled in active or discarded fixed fishing gear or marine debris. These entanglements may prevent the recovery of endangered and threatened sea turtle populations. National Marine Fisheries Service (NMFS) Northeast Region (Maine to Virginia) has established the Sea Turtle Disentanglement Network to promote reporting and increase successful disentanglement of sea turtles. This Network is made up of sea turtle stranding network organizations, as well as federal, state, and municipal agencies. NMFS relies on the Network and on opportunistic reports from fishermen and recreational boaters for information about entangled turtles. The information provided will help NMFS better assess the threat of sea turtle entanglement in vertical line from fixed gear fisheries (lobster, whelk/conch, crab, fish trap, gill net), discarded gear and marine debris. Our understanding of the prevalence and nature of sea turtle entanglement in fixed gear fisheries is necessary to ensure sea turtles are being conserved and protected, as mandated by the Endangered Species Act of 1973, as amended (ESA).

Affected Public: Individuals or households; not for profit institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Title: Alaska Region Bering Sea & Aleutian Islands (BSAI) Crab Economic Data Reports.

OMB Control Number: 0648-0518.

Form Number(s): NA.

Type of Request: Regular submission (renewal with revisions of a current information collection).

Number of Respondents: 132.

Average Hours per Response: Catcher vessel and catcher/processor economic data reports (EDRs), 37 hours; stationary floating processor and shoreside processor EDRs, 48 hours; EDR certifications only, 1 hour; verification of data, 8 hours.

Burden Hours: 4,534.

Needs and Uses: The National Marine Fisheries Service (NMFS) manages the crab fisheries in the waters off the coast of Alaska under the Fishery Management Plan (FMP) for the Bering Sea and Aleutian Islands (BSAI) Crab. The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.* (Magnuson-Stevens Act) mandated the Secretary of Commerce to implement the Crab Rationalization Program (CR Program) for the BSAI Management Area (BSAI) crab fisheries. The CR Program allocates BSAI crab resources among harvesters, processors, and coastal communities and monitors the "economic stability for harvesters, processors, and coastal communities." The Magnuson-Stevens Act provides specific guidance on the CR Program's mandatory EDR used to assess the efficacy of the CR Program. Data from the EDR will directly contribute to ongoing evaluation of potential anti-trust and anti-competitive practices in the crab industry.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Extension of Time Limit for Preliminary Results of the Seventh Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: On September 29, 2010, the Department of Commerce ("Department") published a notice of initiation of antidumping and countervailing duty administrative reviews and requests for revocation in part for certain frozen fish fillets from the Socialist Republic of Vietnam covering the period August 1, 2009, through July 31, 2010. The Department may, however, extend the deadline for completion of the preliminary results of an administrative review to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

DATES: Effective Date: April 13, 2011.

FOR FURTHER INFORMATION CONTACT: Alexis Polovina or Javier Barrientos, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3927 and (202) 482-2243, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 29, 2010, the Department of Commerce (“Department”) published a notice of initiation of antidumping and countervailing duty administrative reviews and requests for revocation in part for certain frozen fish fillets from the Socialist Republic of Vietnam covering the period August 1, 2009, through July 31, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 60076 (September 29, 2010). The preliminary results are currently due on May 3, 2011.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“Act”), and 19 CFR 351.213(h)(1) require the Department to issue the preliminary results in an administrative review of an antidumping duty order 245 days after the last day of the anniversary month of the order for which the administrative review was requested. The Department may, however, extend the deadline for completion of the preliminary results of an administrative review to 365 days if it determines it is not practicable to complete the review within the foregoing time period. *See* section 751(a)(3)(A) of the Act and 19 CFR 351.214(h)(2).

The Department finds that it is not practicable to complete the preliminary results within this time limit. The Department is extending the deadline because it has provided parties additional time to submit surrogate country comments and thus will require additional time to analyze these comments. We are therefore extending the time for the completion of the preliminary results of this review by 120 days to August 31, 2011.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: April 7, 2011.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Aluminum Extrusions From the People’s Republic of China: Notice of Correction to the Final Determination of Sales at Less Than Fair Value

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* April 13, 2011.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Lori Apodaca, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–4474 or (202) 482–4551, respectively.

SUPPLEMENTARY INFORMATION: The *Final Determination* in this investigation was published in the **Federal Register** on April 4, 2011.¹ For the *AD Final Determination*, the Department of Commerce (“the Department”) assigned an antidumping duty margin of 33.28 percent to the mandatory respondent and an antidumping duty margin of 32.79 percent to 29 separate-rate companies.

Section 772(c)(1)(C) of the Tariff Act of 1930, as amended (“the Act”), provides for an adjustment to the export price and constructed export price to offset any countervailing duties (“CVD”) based on export subsidies. Consistent with this mandate, the Department applies an offset to the antidumping (“AD”) cash deposit rate equal to the amount of the export subsidy applied to that same party in the CVD investigation. In its *AD Final Determination*, the Department stated that for the individually examined respondent it would reduce the cash deposit requirement by the amount of export subsidies found for the same individually examined AD respondents in the CVD proceeding (*i.e.*, 0.26 percent). Similarly, the Department stated that for the separate-rate respondents it would reduce their cash deposit requirements by the amount of export subsidies included in the All Others rate from the *CVD Final Determination* (*i.e.*, 42.16 percent).² However, the provisional measures in

² *See Aluminum Extrusions From the People’s Republic of China: Final Affirmative Countervailing Duty Determination*, 76 FR 18521, (April 4, 2011).

the concurrent CVD investigation expired on January 6, 2011. *See* section 703(d) of the Act. Likewise, the provisional measures in the AD investigation will expire on May 11, 2011. *See* section 733(d) of the Act. Thus, for the remainder of the AD provisional measures period, April 4, 2011, (the date of publication of the *AD Final Determination*) until May 11, 2011, no CVD duties will be collected. Because no export subsidy-related duties will be collected during this period, the Department has determined that collecting the full AD cash deposit amounts during this period, without adjusting for the amount of the export subsidies found in the concurrent CVD proceeding, is appropriate.

Therefore, the Department will instruct U.S. Customs and Border Protection (“CBP”) to collect the full AD cash deposit amounts specified in the *AD Final Determination*, without adjusting for export subsidies found in the concurrent CVD proceeding, for the period April 4, 2011, until May 11, 2011. Beginning May 11, 2011, and until such time as final measures, if any, are imposed, no cash deposits for estimated AD duties will be collected. In the event that the ITC publishes an affirmative final injury determination in either the AD or CVD proceeding, then appropriate cash deposit instructions will be forwarded to CBP for the imposition of final measures, effective on the date of publication of the ITC’s affirmative final injury determination.

This notice is published in accordance with section 777(i) of the Act.

Dated: April 6, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.
