

2010 and that application was determined eligible but was not funded, the Agency will consider that Fiscal Year 2010 application for funding in Fiscal Year 2011 as provided in this section.

(1) *Written request.* An applicant or lender must submit a written request for the Agency to consider its Fiscal Year 2010 application for Fiscal Year 2011 funds. For a guarantee loan and grant combination application, both the lender and applicant must submit the written request to the Agency in order to be considered for Fiscal Year 2011 funds.

(i) Except for simplified applications, applicants must provide current financial statements that meet the program requirements outlined in 7 CFR 4280.116(b)(4) with the written request.

(ii) Written requests to consider Fiscal Year 2010 applications for Fiscal Year 2011 funds may be submitted at any time during Fiscal Year 2011 up to and including 4:30 pm local time on June 15, 2011, to be considered for Fiscal Year 2011 funds. Written requests received after this time and date will not be accepted by the Agency and the applicant's Fiscal Year 2010 application will not be considered for Fiscal Year 2011 funds.

(2) *Revisions to Fiscal Year 2010 applications.* If an applicant makes any revision to its Fiscal Year 2010 application that are not necessitated by the REAP interim rule, a new application meeting the requirements of this Notice must be submitted in order to be considered for Fiscal Year 2011 funds and a new date the complete application was received will be recorded. However, if a revision to the Fiscal Year 2010 application is necessitated by the REAP interim rule or the Agency requests an update of information in the original application (for example, required current financial statements), there will be no change in the date the complete application was received.

(3) *No revisions to Fiscal Year 2010 applications.* If an applicant does not plan to make any revisions to its Fiscal Year 2010 application, a new application is not required and the date the complete application was received remains unchanged from its original Fiscal Year 2010 receipt date.

H. *Award Process.* In addition to the process for awarding funding under 7 CFR 4280, subpart B, the Agency will make awards using the following considerations:

(1) *Funding renewable energy system and energy efficiency improvement grant and grant/guaranteed loan awards.* Considering the availability of

funds, the Agency will fund those grant only applications and grant/guaranteed loan applications that score the highest based on the grant score of the application; that is, the grant score an application receives will be compared to the grant scores of other applications, with higher scoring applications receiving first consideration for funding.

(2) *Guaranteed loan only awards.* Considering the availability of funds, the Agency will fund those guaranteed loan only applications that score the highest compared to the scores of other applications, with higher scoring applications receiving first consideration for funding.

(3) *Evaluation criteria.* Agency personnel will score each application based on the evaluation criteria specified in 7 CFR 4280.117(c), 7 CFR 4280.129(c), 7 CFR 4280.178, or 7 CFR 4280.192, as applicable.

For hybrid applications, each technical report will be evaluated and scored based on its own merit. The scores for the technologies will be consolidated using a weighted average approach based on the percentage of the cost for each system to the total project cost.

Example: A hybrid project contains a wind and solar photovoltaic components. The wind system will cost the \$30,000 (75 percent of total eligible project cost) and the solar will cost 10,000 (25 percent of total eligible project cost). The wind technical report was evaluated and assigned a total score of 22 points, while the solar report was evaluated and assigned a total score of 31 points. In this scenario, the final technical score would be assigned as follows: $(22 \times 75 \text{ percent}) + (31 \times 25 \text{ percent}) = 24.25$.

(4) *Applications that receive the same score.* If applications score the same and if remaining funds are insufficient to fund each such application, the Agency will distribute the remaining funds to each such application on a pro-rata basis.
