DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Emergency Review; Comment Request; Repurposed Auto Manufacturing Facilities Study

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) has submitted the information collection request (ICR) titled, “Repurposed Auto Manufacturing Facilities Study,” to the Office of Management and Budget (OMB) for review and clearance utilizing emergency review procedures in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35) and 5 CFR 1320.13. OMB approval has been requested by April 29, 2011.

DATES: Submit comments on or before April 25, 2011.

ADDRESSES: A copy of this ICR, with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained from the RegInfo.gov Web site, <http://www.reginfo.gov/public/do/PRAMain> or by contacting Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or sending an e-mail to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Department of Labor, Office of the Secretary, Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: 202–395–6929/Fax: 202–395–6881 (these are not toll-free numbers), e-mail: OIRA_submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or by e-mail at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: On June 23, 2009, President Obama signed Executive Order 13509 creating the White House Council on Automotive Communities and Workers to help coordinate the Federal response to workers and communities that had been impacted by the restructuring in the American auto industry. The White House Council includes the heads of all domestic Cabinet agencies, and is co-chaired by Labor Secretary Hilda Solis. A critical part of the Council’s mandate is support for local efforts to recover and repurpose former auto manufacturing facilities to other uses.

On behalf of the Council, the DOL is proposing to gather information about land and plant re-purposing from professionals in the communities that have already faced the problems associated with auto plants that were closed over the last 30 years. The purpose of the study is to provide communities with feasible strategies for repurposing facilities, restoring the job base and maintaining industrial property values. The study will also examine whether Federal, State, or other aid was used to encourage the property reuse.

The DOL is requesting emergency processing, because on March 3, 2011, the judge presiding over the General Motors (GM) bankruptcy approved a proposal for a special \$720 million trust for some 60 closed GM auto facilities that took effect on March 18. Coming on top of efforts by the Department of Commerce and the Environmental Protection Agency to focus attention on strategic efforts by local community leaders to recover and repurpose closed auto facilities wherever they might be, this unprecedented commitment of resources has made the collection, analysis and dissemination of this information an urgent need.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section.
