Summary of the Proposed Action for Comment

EPA alleges in the Compliance Agreement and the companion Consent Agreement and Final Order (CAFO), Docket No. CAA-04-2010-1528(b), that TVA failed to comply with certain requirements of the Clean Air Act intended to protect air quality. TVA is also concurrently entering into a federal consent decree (Consent Decree) with the State of Alabama, the Commonwealth of Kentucky, the State of North Carolina, the State of Tennessee and three non-governmental organizations, the National Parks Conservation Association, the Sierra Club, and Our Children's Earth Foundation, pertaining to such alleged violations of the Clean Air Act. Pursuant to the proposed Consent Decree, TVA will perform substantially the same relief as required by the Compliance Agreement. Neither the CAFO nor the Consent Decree are subject to this notice for public comment. EPA is only requesting public comment regarding the Compliance Agreement, Docket No. CAA-04-2010-1760.

EPA alleges that TVA violated the Prevention of Significant Deterioration, Nonattainment New Source Review, New Source Performance Standards, and Title V provisions of the Clean Air

Act, 42 U.S.C. 7470–7492, 7501–7515, 7411, 7661–7661f, and related state and federal implementing regulations at the following coal-fired power plants: The Allen Fossil Plant located in Shelby County, Memphis, Tennessee; the Bull Run Fossil Plant, located in Anderson County, Clinton, Tennessee; the Colbert Fossil Plant, located in Colbert County, Tusculumbia, Alabama; the Cumberland Fossil Plant, located in Stewart County, Cumberland City, Tennessee; the John Sevier Fossil Plant, located in Hawkins County, Rogersville, Tennessee; the Kingston Fossil Plant, located in Roane County, Kingston, Tennessee; the Paradise Fossil Plant, located in Muhlenburg County, Drakesboro, Kentucky; and the Shawnee Fossil Plant, located in McCracken County, Paducah, Kentucky.

The alleged violations arise from the construction of modifications at units at these plants and operation of such units in violation of the requirements of the Act. EPA alleges that TVA failed to obtain appropriate permits prior to making major modifications and failed to install and apply required pollution control devices to reduce emissions of various air pollutants from units at the plants identified above. The CAFO assesses a civil penalty of \$8 million to resolve these alleged violations. In addition to the \$8 million proposed civil penalty TVA will pay to EPA, pursuant to the Consent Decree TVA will pay \$500,000 to Alabama, \$500,000 to Kentucky, and \$1 million to Tennessee to resolve alleged violations of the Clean Air Act and related state and federal implementing regulations.

The Compliance Agreement addresses units at the eight plants identified above as well units at the following three plants that were not alleged to be in violation of the Clean Air Act or related state and federal implementing regulations: the Gallatin Fossil Plant located in Sumner County, Gallatin, Tennessee; the Johnsonville Fossil Plant located in Humphreys County, near Waverly, Tennessee; and the Widows Creek Fossil Plant located in Jackson County, near Stevenson, Alabama. The Compliance Agreement requires installation, upgrading, and continuous operation of pollution control devices on a number of the 59 units at the 11 plants addressed in this Compliance Agreement. The Compliance Agreement also requires TVA to permanently shut down and cease to operate two units at the John Sevier plant, six units at the Widows Creek plant, and all ten units at the Johnsonville plant. Further, the Compliance Agreement imposes emissions caps that limit the total amount of nitrogen oxides and sulfur

dioxide that can be collectively emitted by all 59 units at these plants. And, the Compliance Agreement imposes obligations that will reduce emissions of particulate matter.

The Compliance Agreement requires TVA to spend \$290 million for environmental mitigation projects in its service territory to mitigate the alleged adverse effects of its past alleged violations. Pursuant to the Consent Decree, TVA will fund an additional \$60 million in environmental mitigation projects in Alabama, Kentucky, North Carolina, and Tennessee.
